ROTARY HOST IN DISTRICT CONVENTION HERE

Will Wisecracks for Butter and Egg Men Banquet

(Special To The News)

CHICAGO, April 26.—Speaking at a banquet here at the opening of a beautiful seventeen-s t o r y building built by the butter and egg men. It's a monument to the American people who can't tell a good egg from a bad one. It's a tribute to what a rooster and a churn can do.

You can buy eggs on this market the same as you can buy General Motors stocks.

So get you some eggs and hold 'em. Somebody will eat 'em no matter how old they are and if you can't pay your cold storage bill, hard boil 'em and sell 'em for picnics.

Yours a cacklin',

WILL ROGERS.

PA NEWC OBSERVES

Pa Newc joins with the New Castle host in extending a welcome to the visiting Rotarians of the 33rd district. Any service that can be performed by The News or staff for the delegates will be most graciously accepted.

First business plane to arrive in New Castle made a stop here yesterday. Pittsburgh visitors stopped off for a short time and greeted members of their organization. This inaugural trip is but one of many that will follow during the summer and coming months, it is indicated.

Mercer street, which has been in the course of a widening process during the past two weeks was thrown open to traffic last night. While the widening has been completed, the finishing touches had not as yet been added to the curb lighting system which was a part of the improvement, last night.

Rotary emblems are everywhere in evidence today. Many cars are carrying them, while all over the city the welcoming note is to be seen.

Blinkers or traffic warnings for the school zone which were ordered some time ago have been installed in the Highland avenue public school zone.

Annexation of a portion of Neshannock township to the city of New Castle is being earnestly discussed by citizens at the present time. Especially is it being discussed by those who have built fine homes near the city line on various streets that enter the township. They are desirous that the city zoning regulations be extended into that territory, and the only way that it can be done is by extending the city limits.

Say Henry Dysart, city investigator, drive your car over Wilmington avenue, near the city line and note the drop in the pavement. It should be fixed at once. A sewer or service line trench has dropped down several inches and there is a bad hole in the paving.

A slight snowfall was noted here last night, along about six o'clock. Rather an unusual record for April 25.

More trees are being planted on the ground surrounding the Scottish Rite cathedral. Rows are being planted leading from Highland avenue up the hill towards the building. Landscape gardening around the big building is in progress, and will be completed during the present summer.

Good progress is now being made on a number of the big building projects about the city. The magnificent new Jameson Memorial hospital is nearing completion of the exterior, likewise the new George Washington Junior High School. Work is nearing completion of the new First National Bank building, and also on the 10 room seven floor addition to the Lawrence Savings and Trust Company. The P.-O. Electric Company building is also nearing the stage

Vice President Of International Makes Address

Walter D. Cline Of Texas Presents Rotary Ambitions In Morning Address

PRESIDENT WALLACE EXTENDS GREETING

District Governor Charles F. Uhl Presiding At Conference Sessions

A man who calls himself a Texas well digger, although he has risen high, both in the club and in business, brought the message of Rotary International to the conference of the 33d, district of Rotary, which convened this morning at 10 o'clock in the east lodge room of the Scottish Rite Cathedral. That man was Walter D. Cline, first vice president of Rotary International, of Wichita Falls, Tex., and he was speaking to the delegates from all of the western Pennsylvania Rotary Clubs, with some 250 delegates, who arrived Wednesday evening and this morning for the conference.

Dr. Wallace Greets Host

Before Mr. Cline's speech Dr. W. Charles Wallace, as president of the New Castle club, introduced Rev. Leslie Mountford of Mercer, who gave the invocation. Following this President Wallace spoke a few words of welcome to the delegates.

"You are now sitting," said President Wallace, "on the scene of aboriginal activities. One cannot but recall the historic associations which arise when one mentions the name of Neshannock, Shenango and Mahoning. You are sitting on the edge of the terminal glacial morain, which left for us rich deposits of minerals. And you are sitting in the tin plate center of the world. New Castle is a city in which the school system is one of the best in the United States. All these things are distinctive with New Castle.

"But the thing that we like best of all to talk of is our hospitality. In

Floyd Bennett's Body To Be Taken To New York City

Hundreds View Body Of Late Airman In Little Hospital Chapel

MRS. BENNETT IS BEARING UP BRAVELY

Same Drab Flying Suit Worn By Bennett On Last Flight Adorns Body

(International News Service)

QUEBEC, Que., April 26. — While the world grieved his passing, the cold, still body of Floyd Bennett, one of America's greatest airmen, lay in the little chapel of the Jeffrey Hale hospital here today.

Clad in the same drab flying suit in which he made his last flight, the gallant flier's body reposed in a bronze casket in which it will be taken to New York this afternoon. Upon its arrival there it will be taken to Washington for burial in the Arlington National Cemetery, where lies the nation's heroes.

Hundreds View Body

The casket was heaped high with floral tributes from all parts of the world. Hundreds came to the hospital where the conqueror of the North Pole lost his game fight against pneumonia, to view his remains.

The flier's wife and his companion in many an aerial venture, Commander Richard E. Byrd, remained here overnight and will go to New York with the body. They received thousands of messages of condolence and sympathy, among them a sympathetic tribute to the late flier from President Coolidge.

Mrs. Bennett is bearing up bravely under her sorrow. The airman's mother, Mrs. Henrietta Bennett, will meet the body at New York when it arrives tonight. She is now enroute from her home at Lake George, N. Y., Mrs. Bennett is 75 and has been ill for several years.

Bennett will be buried in his navy officer's uniform with full military honors at Arlington at 3 o'clock tomorrow. He will lie within a few feet of Admiral Peary, discoverer of the North Pole.

Bennett died fighting. But it was a losing battle from the start, despite the strenuous efforts made to pull him through. The disease to which he succumbed had gained too great headway before he could be brought to the hospital.

Injured Last Year

He left a sickbed in Detroit and flew 800 miles to Lake St. Agnes. When he arrived there he had a high temperature. The next day he was rushed to the hospital at Quebec by airplane.

A specialist was called from New York. Col. Charles A. Lindbergh made a spectacular flight from New York with anti-pneumonia serum.

But all to no avail. Bennett's injuries last year when the trans-Atlantic plane America crashed while he was at the controls had weakened one of his lungs. At that time one of his ribs had pierced the lung, leaving a gaping hole which healed but apparently left the organ susceptible to the ravages of the disease which took his life.

Greensburg After Next Conference

(International News Service)

Where the next conference will take place seems to be worrying many of the delegates to the Rotary convention. Many cities have started lobbying in and about the hall of the cathedral, but perhaps the delegates with the strongest arguments are those from Greensburg. However, the site of the conference, we have it from W. Charles Wallace, cannot be chosen until the meeting of the club presidents which will take place next fall. Invitations will be made from the floor during the Friday session.

New Castle Runner Makes Day's Hop In About Eight Hours

International News Service Special Correspondent.

SULLIVAN, Mo., April 26.—Fourteen hundred miles of pavement broken only at intervals by gravelled stretches was the magnet that lured C. C. "Cross Country" Pyle's Bunion Derbyists on today after having conquered more than 2,000 miles of gruelling hardships in desert, mountains and sparsely settled lands of the southwest.

Tonight's control, Hillside View, will find the runners and walkers billeted in a road house 43 miles from here and with a 33 mile trek ahead of them tomorrow before reaching East St. Louis, Illinois, the next stop.

Gaxuzzi Leads.

Peter Gavuzzi, bristle bearded Britisher, regained leadership of the van yesterday, held for the past ten days by Andy Payne youthful Oklahonian. Gavuzzi's time for the 2,012.2 miles from Los Angeles was 337.08:55.

Phillip Granville, Jamaica negro of Hamilton, Ontario, set the pace through the 42.9 miles from Rolla to Sullivan, covering the distance in 5:49:29.

Second was Gavuzzi in 6:00:13, thus erasing Payne's 36 minute edge when the Oklahoman required 7:09:04 for

Violent Gale May Hamper Steamer On Way To Get Fliers

Rescue Of Wilkins And Eielson From Spitzbergen May Be Delayed

(International News Service)

COPENHAGEN, April 26.—A violent gale was reported today from the region of Spitzbergen where Capt. George H. Wilkins and Carl B. Eielson, the trans-Arctic explorers, are marooned.

Storms and new ice may not only delay return of Wilkins and Eielson by steamer, but delay also the North Pole expedition of Gen. Umberto Nobile, the Italian explorer.

Nobile is at present in Germany with his dirigible balloon Italia. He plans to remain there until his supply ship City of Milan reaches Spitzbergen. According to reports from Spitzbergen it may be sometime before a ship can enter any of the ports.

Wilkins believes that there are unexplored islands near the North Pole and Gen. Nobile may try to find some of them when he begins his series of flights in the Italia over and near the pole.

Remainder Of Trip To Be Made In Junkers Plane F-13

(International News Service)

NATASHQUAN, Que., April 26.—The Ford relief plane, piloted by Bernt Balchen, and carrying the German-Irish trans-Atlantic flyers, Captain Koehl, Baron von Huenefeld and Major Fitzmaurice, passed over Natashquan at 9:50 o'clock this morning, speeding in a westerly direction. It is due at Lake St. Agnes early this afternoon.

Natashquan is 225 miles from Greenely Island, starting point of the flight.

Shortly after noon the plane bearing the German-Irish flyers was reported between Natashquan, Que., and Seven Island and making only fair time. Advices here were to the effect that the plane might stop at Seven Islands for fuel. At any rate it was not expected to reach Lake St.

They're a boyish crowd, though their hair is gray, there are furrowed lines in their face, but when they descend on a town like this, they simply pre-empt the place. Their enthusiasm just spreads around and it takes hold of you and me, they're a powerful lot, when they gather around, these fellows of Rotary. "He profits most, who serves the best" is the motto that guides their ways, it's the star that points to the goal they seek, and the creed of their busy days. They're a splendid set, these Rotarians, they honor us with their stay, they're welcome here we want them to know, it's just forty-one today.

FAIL TO RECOVER BODY FROM RIVER

Police Drag Shenango River For Body Of T. J. Gordon

Dynamite Also Used; Believe Body Was Carried Downstream

Police authorities of the city spent several hours Wednesday afternoon in an effort to dislodge and recover the body of Thomas J. Gordon, believed to have been drowned Monday evening, when he jumped into the Shenango company intake after a gun battle with members of the local police force. This occured while he was in a disturbed mental condition.

The officers dragged the swollen waters of the Shenango which however, had receded enough to make the work undertaken easier than it would have been a few days previous.

Use Dynamite

They not only dragged the river in the vicinity of the intake but also discharged dynamite in sufficient quantities at various points to have dislodged the body, if it had been any place in the vicinity.

It is now the opinion of the authorities that the body of Gordon, providing he was drowned and it is believed that he was, was swept on down stream by the prevailing high water at the time he jumped in and that it will be found at some point further down the stream, when the stream reaches a more normal condition.

Two Victims Of Donora Shooting Die In Hospital

Death Toll In Donora Shooting And Suicide Case Reaches Three

(International News Service)

DONORA, Pa., April 26.—With the deaths early today of John Fanscali, 25, and Mrs. Anna Lacus, 55, his mother-in-law, the toll of victims of Fanscali's insane fury mounted to three.

The fourth victim of Fanscali's revolver, his wife, Anna, 22, is near death in Monongahela hospital. Fanscali killed Andrew Lacus, his father-in-law, fatally wounded his mother-in-law, wounded his wife and then shot himself after his wife refused to return to his home with him.

Mrs. Lacus and Fanscali died early today, the former after being taken to Monongahela hospital.

Fanscali's 5-year-old daughter, Gertrude, is being cared for by his relatives. The only member of the Lacus family who escaped Fanscali's rage was Leo Lacus, son and brother of the victims.

According to authorities, Fanscali had been arrested on charges of beating his wife, and after his release, tried unsuccessfully to bring her back to their home.

ROTARY HOST IN DISTRICT CONVENTION HERE

Will Wisecracks for Butter and Egg Men Banquet

(Special To The News)

CHICAGO, April 26.—Speaking at a banquet here at the opening of a beautiful seventeen-story building built by the butter and egg men.

It's a monument to the American people who can't tell a good egg from a bad one. It's a tribute to what a rooster and a churn can do.

You can buy eggs on this market the same as you can buy General Motors stocks.

So get you some eggs and hold 'em. Somebody will eat 'em no matter how old they are and if you can't pay your cold storage bill, hard boil 'em and sell 'em for picnics.

Yours a cacklin',

WILL ROGERS.

PA NEWC OBSERVES

Pa Newc joins with the New Castle host in extending a welcome to the visiting Rotarians of the 33rd district. Any service that can be performed by The News or staff for the delegates will be most graciously accepted.

First business plane to arrive in New Castle made a stop here yesterday. Pittsburgh visitors stopped off for a short time and greeted members of their organization. This inaugural trip is but one of many that will follow during the summer and coming months, it is indicated.

Mercer street, which has been in the course of a widening process during the past two weeks was thrown open to traffic last night. While the widening has been completed, the finishing touches had not as yet been added to the curb lighting system which was a part of the improvement, last night.

Rotary emblems are everywhere in evidence today. Many cars are carrying them, while all over the city the welcoming note is to be seen.

Blinkers or traffic warnings for the school zone which were ordered some time ago have been installed in the Highland avenue public school zone.

Annexation of a portion of Neshannock township to the city of New Castle is being earnestly discussed by citizens at the present time. Especially is it being discussed by those who have built fine homes near the city line on various streets that enter the township. They are desirous that the city zoning regulations be extended into that territory, and the only way that it can be done is by extending the city limits.

Say Henry Dysart, city investigator, drive your car over Wilmington avenue, near the city line and note the drop in the pavement. It should be fixed at once. A sewer or service line trench has dropped down several inches and there is a bad hole in the paving.

A slight snowfall was noted here last night, along about six o'clock. Rather an unusual record for April 25.

More trees are being planted on the ground surrounding the Scottish Rite cathedral. Rows are being planted leading from Highland avenue up the hill towards the building. Landscape gardening around the big building is in progress, and will be completed during the present summer.

Good progress is now being made on a number of the big building projects about the city. The magnificent new Jameson Memorial hospital is nearing completion of the exterior, likewise the new George Washington Junior High School. Work is nearing completion of the new First National Bank building, and also on the 70 room seven floor addition to the Lawrence Savings and Trust Company. The P.-O. Electric Company building is also nearing the stage

Walter D. Cline Of Texas Presents Rotary Ambitions In Morning Address

PRESIDENT WALLACE EXTENDS GREETING

District Governor Charles F. Uhl Presiding At Conference Sessions

A man who calls himself a Texas well digger, although he has risen high, both in the club and in business, brought the message of Rotary International to the conference of the 33d, district of Rotary, which convened this morning at 10 o'clock in the east lodge room of the Scottish Rite Cathedral. That man was Walter D. Cline, first vice president of Rotary International, of Wichita Falls, Tex., and he was speaking to the delegates from all of the western Pennsylvania Rotary Clubs, with some 250 delegates, who arrived Wednesday evening and this morning for the conference.

Dr. Wallace Greets Host

Before Mr. Cline's speech Dr. W. Charles Wallace, as president of the New Castle club, introduced Rev. Leslie Mountford of Mercer, who gave the invocation. Following this President Wallace spoke a few words of welcome to the delegates.

"You are now sitting," said President Wallace, "on the scene of aboriginal activities. One cannot but recall the historic associations which arise when one mentions the name of Neshannock, Shenango and Mahoning. You are sitting on the edge of the terminal glacial morain, which left for us rich deposits of minerals. And you are sitting in the tin plate center of the world. New Castle is a city in which the school system is one of the best in the United States. All these things are distinctive with New Castle.

"But the thing that we like best of all to talk of is our hospitality. In

Floyd Bennett's Body To Be Taken To New York City

Hundreds View Body Of Late Airman In Little Hospital Chapel

MRS. BENNETT IS BEARING UP BRAVELY

Same Drab Flying Suit Worn By Bennett On Last Flight Adorns Body

(International News Service)

QUEBEC, Que., April 26. — While the world grieved his passing, the cold, still body of Floyd Bennett, one of America's greatest airmen, lay in the little chapel of the Jeffrey Hale hospital here today.

Clad in the same drab flying suit in which he made his last flight, the gallant flier's body reposed in a bronze casket in which it will be taken to New York this afternoon. Upon its arrival there it will be taken to Washington for burial in the Arlington National Cemetery, where lies the nation's heroes.

Hundreds View Body

The casket was heaped high with floral tributes from all parts of the world. Hundreds came to the hospital where the conqueror of the North Pole lost his game fight against pneumonia, to view his remains.

The flier's wife and his companion in many an aerial venture, Commander Richard E. Byrd, remained here overnight and will go to New York with the body. They received thousands of messages of condolence and sympathy, among them a sympathetic tribute to the late flier from President Coolidge.

Mrs. Bennett is bearing up bravely under her sorrow. The airman's mother, Mrs. Henrietta Bennett, will meet the body at New York when it arrives tonight. She is now enroute from her home at Lake George, N. Y., Mrs. Bennett is 75 and has been ill for several years

Bennett will be buried in his navy officer's uniform with full military honors at Arlington at 3 o'clock tomorrow. He will lie within a few feet of Admiral Peary, discoverer of the North Pole.

Bennett died fighting. But it was a losing battle from the start, despite the strenuous efforts made to pull him through. The disease to which he succumbed had gained too great headway before he could be brought to the hospital.

Injured Last Year

He left a sickbed in Detroit and flew 800 miles to Lake St. Agnes. When he arrived there he had a high temperature. The next day he was rushed to the hospital at Quebec by airplane.

A specialist was called from New York. Col. Charles A. Lindbergh made a spectacular flight from New York with anti-pneumonia serum.

But all to no avail. Bennett's injuries last year when the trans-Atlantic plane America crashed while he was at the controls had weakened one of his lungs. At that time one of his ribs had pierced the lung, leaving a gaping hole which healed but apparently left the organ susceptible to the ravages of the disease which took his life.

Greensburg After Next Conference

(International News Service)

Where the next conference will take place seems to be worrying many of the delegates to the Rotary convention. Many cities have started lobbying in and about the halls of the cathedral, but perhaps the delegates with the strongest arguments are those from Greensburg. However, the site of the conference, we have it from W. Charles Wallace, cannot be chosen until the meeting of the club presidents which will take place next fall. Invitations will be made from the floor during the Friday session.

Violent Gale May Hamper Steamer On Way To Get Fliers

Rescue Of Wilkins And Eielson From Spitzbergen May Be Delayed

(International News Service)

COPENHAGEN, April 26.—A violent gale was reported today from the region of Spitzbergen where Capt. George H. Wilkins and Carl B. Eielson, the trans-Arctic explorers, are marooned.

Storms and new ice may not only delay return of Wilkins and Eielson by steamer, but delay also the North Pole expedition of Gen. Umberto Nobile, the Italian explorer.

Nobile is at present in Germany with his dirigible balloon Italia. He plans to remain there until his supply ship City of Milan reaches Spitzbergen. According to reports from Spitzbergen it may be sometime before a ship can enter any of the ports.

Wilkins believes that there are unexplored islands near the North Pole and Gen. Nobile may try to find some of them when he begins his series of flights in the Italia over and near the pole.

FAIL TO RECOVER BODY FROM RIVER

Police Drag Shenango River For Body Of T. J. Gordon

Dynamite Also Used; Believe Body Was Carried Downstream

Police authorities of the city spent several hours Wednesday afternoon in an effort to dislodge and recover the body of Thomas J. Gordon, believed to have been drowned Monday evening, when he jumped into the Shenango company intake after a gun battle with members of the local police force. This occured while he was in a disturbed mental condition.

The officers dragged the swollen waters of the Shenango which however, had receded enough to make the work undertaken easier than it would have been a few days previous.

Use Dynamite

They not only dragged the river in the vicinity of the intake but also discharged dynamite in sufficient quantities at various points to have dislodged the body, if it had been any place in the vicinity.

It is now the opinion of the authorities that the body of Gordon, providing he was drowned and it is believed that he was, was swept on down stream by the prevailing high water at the time he jumped in and that it will be found at some point further down the stream, when the stream reaches a more normal condition.

Two Victims Of Donora Shooting Die In Hospital

Death Toll In Donora Shooting And Suicide Case Reaches Three

(International News Service)

DONORA, Pa., April 26.—With the deaths early today of John Fanscali, 25, and Mrs. Anna Lacus, 55, his mother-in-law, the toll of victims of Fanscali's insane fury mounted to three.

The fourth victim of Fanscali's revolver, his wife, Anna, 22, is near death in Monongahela hospital. Fanscali killed Andrew Lacus, his father-in-law, fatally wounded his mother-in-law, wounded his wife and then shot himself after his wife refused to return to his home with him.

Mrs. Lacus and Fanscali died early today, the former after being taken to Monongahela hospital.

Fanscali's 5-year-old daughter, Gertrude, is being cared for by his relatives. The only member of the Lacus family who escaped Fanscali's rage was Leo Lacus, son and brother of the victims.

According to authorities, Fanscali had been arrested on charges of beating his wife, and after his release, tried unsuccessfully to bring her back to their home.

Mine Official Held By Rebels Believed Alive

Claim Sandino Rebels Hold American Mine Official For Information

OFFICIAL'S HOME BURNED TO GROUND

Report Reinforcements On Way To Nicaraguan Coast From Panama Canal Zone

(International News Service)

BLUEFIELDS, Nicaragua, April 26.—The fate of George B. Marshall, of New York, assistant manager of La Luz and Los Angeles gold mine, who was captured by rebels, was still unknown today, but he was believed to be alive.

Three days after his capture Marshall was alive and well in the rebel camp. It was understood that the rebels planned to work Neptune mine to obtain gold bullion and wanted Marshall to show them how to do it.

Prepare to Fight

Instead of fleeing, as first reported, the rebels are now said to have thrown up intrenchments near the Neptune and Bonanza mines, preparing to give battle to any United States marines or National guardsmen that may attack them.

H. P. Amphlett, who is now in Puerto Cabezas, is now said to be a Canadian subject instead of an Englishman. He was superintendent of La Luz mine. The rebels were reported to be very anxious to capture him, but he was absent when the mine was raided. The outlaws had a grudge against Amphlett because of statements he had made. When Amphlett returned to the mining field he found his home burned and all his furniture destroyed. He immediately left for Puerto Cabezas.

Forces Are Small

It is doubtful if August Sandino, leader of the rebels, was with a band that raided the American owned mines. In addition to the band entrenching themselves near Neptune and Bonanza mines a detachment of several hundred were reported barricading themselves near Lone Star mine.

The United States gunboat Denver is lying off Puerta Cabezas, where there is a large wireless station. It is claimed that the forces of marines on the east coast are not strong enough to protect American owned property. Most of the American interests are on this coast. It is understood, however, that a large force of marines is on the way from the Panama Canal Zone.

when it will be ready for use. The big addition to the senior high school is about finished so far as the exterior is concerned, while many other smaller building projects are well under way.

Voters of Mahoning township are to be felicitated on their spirit of progress as shown in the result of the bond issue vote on Tuesday. They approved a bond issue of $109,000 for a new 20 room school building, by a large majority. The pupils of Mahoning township are to be afforded as fine school facilities as pupils of any other township, in the near future, as a result of the vote.

The death of aviator Floyd Bennett in Quebec yesterday, created a real sentiment of sorrow in New Castle, even though miles away from the scene. There was everywhere a sympathetic feeling manifested in this city, even though there was no personal acquaintance with the man. Bennett was one of the world famous heroes of the air.

Hundreds of people took the trouble this morning to pause and look up at the flag pole on the city building. And the reason was the fact that up at the top of the slender flag pole, they saw a man engaged in cleaning the gilt ball at the top of the pole. The pole is being painted and put in shape for the summer.

lic officials and large industrial plants. Henry Ford was represented as prepared to assist the government through his vast manufacturing establishment.

Intelligence agents of the dry army reported that five armored ships are anchored in Canadian Great Lakes harbors prepared to sail for the United States with large cargoes of whiskey and beer. They will try to slip through probably along the Detroit "front" within a few weeks, according to government advices.

"No artillery battle is anticipated on the lakes," Lowman said. "However, coast guard boats are armed with four-inch guns for use if necessary."

Seize Many Boats.

Lowman declared that in the last nine months the government had seized 368 liquor smuggling boats and 540 automobiles near Detroit.

"Fast as we capture transportation facilities from the rum runners they press new vehicles and boats into operation," Lowman said. "Federal forces, however, have made liquor smuggling expensive. Some of the rum runners are reduced to the use of row boats on the Detroit river.

"Because of its geographical location Detroit presents the most difficult problem for prohibition enforcement in the country. The large Canadian distilleries and breweries across the river encourage bootlegging."

H. G. Voorhees. The greetings to delegates were given by Mrs. R. C. Miller. Mrs. Samuel Diefenderfer made the response. After the organization of the convention in charge of the local president, Mrs. D. T. McConahy, the roll call of the different societies was given with Mrs. E. N. Williams as the secretary. Reports from all societies and auxiliaries were given and were very encouraging, many of them having met their entire obligation during the year.

Mock Trial Features

The afternoon session opened with a quiet hour led by Mrs. S. H. Barlett. An outstanding feature of the day was a Mock Trial of district officers. The characters consisted of the following: Bailiff—Mrs. J. C. Leohner; clerk—F. H. Laughran; prosecutor—Mrs. W. R. Wallace; judge—Mrs. S. M. Rearic; Mr. Want-It-All—Mrs. J. E. Davis. Defendants—Mrs. T. D. McConahy, Mrs. F. S. Neigh, Mrs. C. F. Hinkley, Mrs. Martha Ketler, Mrs. C. M. Grace, Mrs. E. N. Boyles, Mrs. I. N. Likens, Mrs. O. O. Bashline, Mrs. M. V. DeForrest, Mrs. J. C. Miner, Mrs. H. G. Voorhees and Mrs. R. C. Miller.

Board Speaker

The address of the afternoon was given by Miss May L. Webster, Lynn, Mass. a member of the Board of Home Missions. Miss Webster will be the special speaker throughout the convention. Mrs. Carl S. Hart also gave a short address on "Tools."

Miss Webster will speak this evening on the subject, "Glimpses Through the Open Door."

Names Committee

The president, Mrs. D. T. McConahy appointed the following committees: Place—Mrs. H. M. Allen, Mrs. Charles Hinkley.

Courtesy—Mrs. H. C. Weaver, Mrs. J. W. English, Mrs. C. F. Flannery.

Resolutions—Mrs. J. L. Stratton, Mrs. S. L. Maxwell, Mrs. D. D. Sleepy.

Press — Miss Ethel Weisz, Miss Grace Raffe, Miss Schoolcraft.

The conference officers present were: Mrs. C. G. Farr, president; Mrs. Carl Hart, corresponding secretary; Mrs. W. J. Smith, treasurer, and Mrs. Myrtle Skiff, Young People's worker.

The convention will continue through until Friday evening. A young people's banquet will be a feature of Friday evening at 5:30 in the church dining room. Dr. S. L. Maxwell, pastor of the Epworth M. Agnes until as late as 4:30 this afternoon.

Dr. Luis Cuisinier, Canadian airplane mechanic, remained at Greenely Island to get the Bremen in condition for shipment by boat later in the season.

To Land at Lake St. Agnes

LAMALBAIE, Que., April 26.—Baron von Huenefeld sent a message today to Miss Herta Junkers, daughter of the German airplane builder, saying that the crew of the Bremen, who hopped off from Greenely Island this morning in the Ford rescue plane, will stop at Lake St. Agnes.

The German-Irish flyers hopped off at 7:45 and are expected to fly the 700 miles to Lake St. Agnes in five hours.

Despite thawing conditions, the ice on the lake had been expected to hold for 68 hours from last night. The weather this morning, however, had turned warm and sunny, and a landing this afternoon may prove dangerous.

Leave Greenely Island

QUEBEC, Que., April 26.—The Ford plane, carrying the German trans-Atlantic flyers, Baron Gunther von Huenefeld and Captain Herman Koehl and Major James E. Fitzmaurice, left Greenely Island this morning, according to word reaching here.

The Ford plane hopped off at 7:45 Atlantic time, wireless dispatches stated. It should arrive at the Lake St. Agnes airdrome this afternoon, probably around two o'clock.

The Ford plane is piloted by Bernt Balchen, himself a noted trans-Atlantic flyer.

News of the start south, which has been expected and delayed for three days, was received from the wireless station at Point Amour, near Greenely Island.

The message read:

"Ford plane left Greenely Island at 7:45 a. m., with Bremen crew. Will stop at Murray Bay."

Although the wireless message from Point Amour stated the Ford plane will stop at Murray Bay, the little town near the Lake St. Agnes airdrome, Robert Cannon of the Canadian transcontinental airways received a message from Greenely Island today indicating that Balchen will not risk the weakened ice of Lake St. Agnes.

The message to Cannon stated that the relief plane would land west of Quebec, asked that a field be prepared and requested a weather report.

The flyers hopped off just in time if they wanted to land on the ice at Lake St. Agnes with any degree of safety, for it has begun to thaw and turn soft.

To Meet Ford Plane

CURTISS FIELD, N. Y., April 26.—Fred Melchior, pilot of the Junkers monoplane F-13, sister ship of the Bremen, was endeavoring today to have the F-13 ready by this afternoon for a flight to Montreal or Quebec. He said he hoped to leave in time to meet the crew of the Bremen when they are brought from Greenely Island in the Ford relief plane to whatever destination they select for the first stop, and to bring them the rest of the way to New York in the F-13.

The F-13 will be ready to fly when its new propeller is completed at the Curtiss factory. The factory has promised the propeller for this afternoon. This propeller was ordered at the time the F-13's original propeller, the only Junkers propeller available in this country, was sent to Greenely Island to replace the Bremen's propeller, believed then to have been damaged beyond repair in landing.

Schooner Sinks After Collision

Details Of Crash Between Two Schooners Off Cape Cod Are Lacking

(International News Service)

CHATHAM, Mass., April 26.—The three-masted schooner William Booth from Maine was sunk today in a collision with the four-masted schooner Helen Barnet Gring, four miles off Cape Cod.

Five men from the William Booth were rescued by coast guardsmen and brought to the old harbor station here.

The William Booth was discovered with her three masts above the water.

Some distance away the Helen Barnet Gring rode at anchor with her bow stove in.

Details of the crash between the two big schooners were lacking.

Chas. A. Wallace Is Given Honor

Joe McFate Of New Castle Is Also Honored At Philadelphia

(Special To The News)

NEW WILMINGTON, Pa., April 26.—Charles A. Wallace, son of Dr. and Mrs. W. Charles Wallace, has won new laurels at the University of Pennsylvania Law school in being one of 20 men in the school to be elected to Phi Delta Phi, honorary legal fraternity, at the annual appointments Tuesday.

Wallace won distinction earlier this year in being one of eight in his class to be elected to the editorial board of the Law Review at the University.

Joseph McFate, son of Mr. and Mrs. Lee McFate, New Castle, and Wallace were the two members of the second-year class selected to present the case in the annual inter-club mock trials. Both young men won their arguments in the contest.

Both Wallace and McFate were graduated at Westminster with the class of 1926. Both maintained a high scholastic record while at the New Wilmington institution. Together with Frank Moretti, another New Castle boy, these Westminster alumni are making a name for Westminster college and Lawrence county.

Sorority Girls Elect Officers

(Special To The News)

NEW WILMINGTON, Pa., April 26.—At an election meeting of Sigma Kappa sorority at Westminster held last night in the Senior lodge, Miss Anne McPherson, Bellevue, was made president for the ensuing year.

At the same time the following officers were elected: Vice president, Helene Winters, Coraopolis; treasurer, Frances Leohner, New Castle; recording secretary, Gladys Robinson, Connellsville; corresponding secretary, Margaret Reed, Butler; registrar, Ruth Brown, Sharpsburg.

Retiring officers who will have charge of the installation of the new leaders some time within the next two weeks are: Kathryn Wylie, Elizabeth, president; Hazel Brush, Carnegie, vice president; Eleanor Warner, New Castle, recording secretary; Carol Clark, Johnsonburg, treasurer.

KUECHLER WILL PLAY CATHEDRAL ORGAN AT SIX O'CLOCK TONIGHT

Karl L. Kuechler, of this city, well known organist, will play the big pipe organ at the cathedral auditorium this evening from 6 until 7 o'clock, for the entertainment of the guests attending the Rotary convention. This will be in the interval preceding the banquet in the main dining room of the cathedral.

PLEASANT RELIEF FROM CONSTIPATION

Shoulders droop under weight of years. Young, yet beauty has fled. Cheeks are sallow and drawn. Unsightly pimples. Keep your system clean and you keep the beauty of youth. Its energy. Its irresistible charm. Then life is not a failure.

Clogged bowels and inactive liver cause poisons to seep through the system. Health vanishes and with it beauty and energy. Dr. Edwards' Olive Tablets will save you from this dark hour. For 20 years they have been prescribed in place of calomel to men and women seeking health and freedom from constipation. They act easily and smoothly. No dangerous griping. Take nightly before retiring. Results will amaze you.

Thousands of men and women would never be without Dr. Edwards' Olive Tablets, a vegetable compound mixed with olive oil. Know them by their olive color. 15c, 30, 60c.

Dramatic Treat Given Audience At Temple Israel

An unusual dramatic treat was offered in Temple Israel Wednesday evening, April 25 when Mrs. Dorothy Fuldheim of Cleveland presented a dramatic portrayal of "Power" an historic novel by Lion Feuchtwanger.

Mrs. Fuldheim is a former dramatic star and her powers of expression found ample outlet in the dramatization of this interesting work. "Power" deals with the early history of the German province of Wurtemburg and according to Mrs. Fuldheim will some day rank in German literature with "Les Miserables" in the French.

Her work was delightful. In the heavier dramatic passages she gripper her audience with the tensity of the picture she painted. Her descriptions were live, vivid ones and the 100 or more who were present were well repaid for their time.

The presentation was sponsored by the Sisterhood of Tempel Israel.

M. C. Circle

Mrs. S. B. Copeland entertained about 50 members of the M. C. Circle of the Third United Presbyterian church at the parsonage Wednesday evening with Mrs. Katherine Fehl as associate hostess.

The evening was devoted to music and readings. The meeting opened with an alphabetical list of Bible verses taking the place of the usual devotional hour. Miss Jane Kyle gave an excellent account of missionary work done in the Luba Mountains in Africa. A delightful reading was given by Miss Helen Kyle. A trio comprised of Mrs. Harri, Mrs. Fullerton and Mrs. Kocher sang very effectively "My Rosary."

It was decided to give the thank offering sum to the support of native missionary in India. A humorous reading which was much enjoyed was given by Mrs. Nannie Barnett entitled "Evolution."

WELCOME 33RD DISTRICT ROTARIANS

NEW CASTLE as a whole is gratified at the opportunity presented this week to enact the role of host to the Thirty-third district Rotarians and their guests. The annual convention is now under way at the Scottish Rite cathedral, and it is the desire not only of the members of the New Castle Rotary club, but of the citizens of New Castle that the sojourn of visiting delegations be as pleasant and enjoyable as possible. For whatever facilities New Castle affords to make the present convention a notable one in the lives of these Rotarians, the New Castle club and remainder of the citizenry are rejoiced.

On the other hand New Castle is gratified to entertain this host of Rotary because of the service and ideals that are not only representative of the aims of the organization, but are in fact emblematic of real accomplishment of Rotary. Your organization is one, that, while among the developments of recent years, occupies a most important place in the affairs of this busy world, and one which is truly of service to nation, community and fellow man.

Welcome to New Castle, Rotarians!

PRESIDENT COOLIDGE AND FLOOD CONTROL

WHAT the president has been trying to do in the matter of Mississippi flood control is to safeguard the United States Treasury from raids that might reach high into the hundreds of millions. We believe that the public in general understands the situation.

The problem is a national one to a considerable degree. It is altogether too big for the several states directly involved to handle. The nation must, therefore, come to their aid. But this does not mean that they should be relieved of all responsibility warns the Philadelphia Inquirer. The government cannot plunge into a vast enterprise that might, if it alone were to assume the entire burden, load it down with tremendous costs. It must have co-operation not only as a safeguard against inconceivable extravagance, not to say private loot, but as a principle.

In the debate on the floor of the house it has been predicted that if congress in the end should send to the president a measure which he deems most unwise a veto would follow. No doubt of it. What is more, it would be fully justified. The raiders of both senate and house would do well to consider seriously the warning that has been given them. Haven't they realized yet that upon every occasion where congress and president have come into conflict the latter has always enjoyed the confidence of the people?

In this Mississippi flood controversy he is right, as usual. He is right on farm relief, right on income tax reduction, right all along the line.

DECREASE IN CALL FOR BABY CARRIAGES

MANUFACTURERS of baby carriages are complaining that the demand for their product has declined materially. Two reasons are suggested: One, that there are not so many babies and the other, that the automobile has made it less needful to wheel out the baby in his own vehicle. There may be another reason. There are fewer safe places in which to wheel a baby carriage than in former days. Though a city baby might enjoy being in the park, the perils on the way there might act to deter from the effort. It would be a rash person who would risk the baby's life by wheeling it along a highway. A baby carriage would stand a poor show in a conflict with an automobile.

Possibly baby carriage manufacturers are the victims of altered traffic conditions rather than that their plight is due to fewer babies. Babies are our best crop and we can not as a people be prosperous unless the output is ample. Though baby carriages may be superseded there is no substitute for a baby. It would be alarming indeed were the slackening of demand for carriages to indicate failure of the baby crop.

DIRE PROPHECIES

WHAT is it that gives prophecies of evil such popularity? Hope springs eternal in the human breast, but it is equally certain that man likes to be frightened and relishes the thrill of menace around him. Else, why the interest with which he reads prophecies of world destruction, why the gusto with which forecasts of world-wrecking wars are swallowed, why the gusto with which forecasts of world-wrecking wars are swallowed, why the weight given to prophecies of economic upheaval and cataclysm?

The most reasonable answer to this question is that man likes such prophecies because of the joy that he derives from their failure. He is secretly confident of escape from whatever besets him, and, by that token, he likes to be tricked into believing that the peril from which he will escape is of the direst.

DRESSING TO PLEASE

A FEW days ago much space was given in the news to the claim that styles and cuts in feminine raiment are largely controlled by men. Now it appears that, to a large extent, women select and buy men's attire for store trade. That makes it about fifty-fifty—and why not an admirable arrangement?

As a rule the object of fastidious feminine dressers is at least to pass muster with the male element at reviewing stations, and with the masculine peacocks it is the feminine observer whose praise is sought. The matter standing thus, it is a logical arrangement for women to wear clothes that men have designed and for men to deck themselves in raiment that women have selected.

How does a church get into debt? It's very simple—nothing easier. Given a group of members who can make no pledge to the church, another group who wait till the very last to pay their pledges and then pay up only when personally seen, and still another group who pledge something and never pay it and still others who pay considerably less to the church than they do to the movies and chewing gum and you have a church that can never stay out of debt. Two fool jackasses—now get this dope—
Were tied together with a piece of rope.
Said one to the other, "You come my way.
While I take a nibble at this new-mown hay."

"I won't" said the other, "You come with me,
For I, too, have some hay you see."
So they got nowhere, just pawed up dirt,
And oh, by golly, how that rope did hurt.

Then they faced about, those stubborn mules,
And said, "We are just like human fools.
Let's pull together, I'll go your way.
Then come with me, and we'll both eat hay!"

Well they ate their hay and liked it too,
And swore to be comrades good and true.
As the sun went down they were heard to say,
"Ah, this is the end of a perfect day."

Now get this lesson—don't let it pass,
Learn this one thing from the poor jackass,
We must pull together—tis the only way,
To put business on the map and put it on to stay.

Jack Dempsey, looking cheerful and as powerful as he ever did, took a tolerant view of Mr. Tunney's dip into Shakespeare. "It's all right, if it helps his racket."

Asked whether he likes the works of Shakespeare, the Manassa Mauler replied, "never had the pleasure."

The mother of Captain Wilkins, who flew over the North Pole recently, is glad my boy George has done what he set out to do. We mothers don't say much, but we feel a lot."

Mrs. Wilkins thinks her son "made more of what he learned in a little country school than many men have been able to make of a college education." He built character in that little school.

The public school is the American school of real opportunity.

Have you horses or cows? Ask P. M. Wooley, builder and head of the American Radiator Company, about his development of a vacuum cleaner for horses and cattle.

This writer, after tests, finds that the vacuum process cleans horses and cows to perfection, better, more quickly an economically than could be done by hand.

All dust, including the hair is carried into a receptacle by air current. Horse barns and cow stables can be kept in perfect order, production of clean milk made easier by the new method. And grooms no longer are obliged to breathe in dust as they clean the animals. Those that can afford the machine should use it, and in dairies of any size its use should be compulsory—it takes disease- breeding flies with it.

The German Lufthansa, greatest commercial flying enterprise on earth, intends to build a hydroplane able to land on and start from the roughest water.

Henry Ford has announced his intention to spend at least a million dollars on one airplane, to carry 12 engines, 100 passengers and a machine shop, and to cross the ocean and go on half-way around the world without landing at all.

These are days of useful, exciting competition. The French Academy of Science announces a new steel infinitely harder than any known hitherto, to be used for automobile and flying machine parts.

Germany announces production of a new metal, 40 per cent lighter than aluminum, strong enough for the manufacture of all metal planes.

Ambassador Howard, from Great Britain, says war between his country and America is unthinkable, would ruin and starve millions.

Unfortunately, modern, half-civilized nations, which means all nations on earth, rush into war as savage men rush to fight, without thinking of consequences.

A nation is always less civilized than the individual citizen, because it is largely controlled by the mob spirit.

Individuals free their slaves, pension old workers, and provide for poor children long before nations do those things.

The able Lord Birkenhead, only recently, is alleged to have proposed that Britain, France and Germany, unite to "clean up" Russia's Bolshevik government. Stresemann declined the idea for Germany, according to Lincoln Eyre.

A great German industrialist, however, says frankly, "military action against the Bolshevik, in my opinion, has become imperative on purely financial grounds."

The Judge Gary art auction realized $2,297,763, a record. It sounds big, but at least one American collector spends as much as that on art and antiques, every year.

One Gary rug, an Ispahan, sold for $106,000. Perhaps that was the rug Mrs. Gary's butler had in mind when he asked a young man eating a hard boiled egg, with some abandon, please do look out for the rug, "quite expensive, sir."

Afterwards.

They laid her away in the afternoon.
She was and she is no more,
But the roses nod and the birds of June
Still sing at her cottage door.
And men and women go laughing by
And this will be so when the greatest die.

But because she was who is now no more,
There are numberless lovely things,
She planted the roses by the door
And the tree where the robin sings.
And who can say that it is the same
Old world which it was on the day she came?

Oh, busy and hurried the world goes on,
As it will when the greatest die,
And the few who mourn for the absent one
Are tempted to question why,
But the roses the sweet souls planted here
Still live and blossom from year to year.

FOREST CONSERVATION

Thrift means intelligent spending as well as intelligent saving.

And forest conservation depends quite as much upon the intelligent use of timber products as upon the saving of the forests.

This is a point that has often been overlooked by tree sentimentalists.

Axel H. Oxholm, director of the National Committee on Wood Utilization at Washington, has issued a very timely pamphlet bringing out this point.

National interests will benefit far more by vigorous encouragement of timber growing than by hoarding the timber we now have. The reason for this is simple. Growing wood is after all an economical business, that is, if it can be made to pay it will be done and if it can't be made to pay all our shouting will not accomplish much.

It can only be made to pay when there is a constant and profitable use made of timber products and at the same time careful attention paid to reforesting.

Forest fires should be strictly guarded against, much more strictly than they are, and taxes on growing timber lands should be so regulated as to make the growing of timber lucrative.

The sentimental interest in trees, the love of trees as a part of the landscape and their necessity for the prevention of floods should go hand in hand with the commercial use of tree products, with their being cared for in such a way as not only to make timber profitable, but to provide for the new crop.

It is to be hoped that efforts will be successful to place the timber business of the United States upon a solid economic and political foundation, so that our forests may be preserved and may increase.

Mr. Oxholm says: "The constructive solution of the whole problem lies in timber use and timber culture, each backing and sustaining the other.

Like any crop, timber becomes a loss if not utilized when mature, and waste should be avoided. Orderly and systematic work of timber lands should be encouraged."

Bible Thought For Today

GOD'S FAITHFULNESS OUR SURETY—Hear my prayer, O Lord, give ear to my supplications: in thy faithfulness answer me, and in thy righteousness.—Psalm 143:1.

PRAYER—O Thou that heareth prayer, unto Thee shall all flesh come.

The World AND THE Mud Puddles

COULDN'T FOOL HIM.

No Race of people in the world have so much religious faith as have the negroes. When they pray, they expect results and substantial results. It is no uncommon thing to find one of the Race who has had seemingly an answer to the petition.

One went to his pastor and handed him a letter to the Lord which ran: "Please send dis poor darkey $50,000 right away." The pastor, a kind-hearted man, called together several of his friends and said: "This poor fellow has so much faith in the Lord that he expects Him to send the $50 right away. We shouldn't let him be disappointed. Let's make a collection for him." This was done and $42 was contributed, which sum was sent to the ingenious petitioner.

Next day the colored man handed the parson another letter. This one ran: "Dear Lord, De nex' time You send dis darky money, don't sent it through no parson—send it to me direct."

The Way OF THE World

By GROVE PATTERSON

BORES

Do you know the man who stops you on the street, pulls you over to the nearest brick wall or show window and gives you a long and detailed plan for the better ordering of the universe? Look out that your interest in something or other doesn't make you top-heavy. Beware lest it overbalance you and bring you into the way of leaning on every friendly and harassed soul who will listen to you. Keep your balance and spare the other fellow.

NO COURTESY

This is the time of year—these spring mornings—to call the attention of motorists to the fact that they are not doing the humble pedestrian a favor when they ask him to ride. They are only embarrassing him. The walk to work may be made one of the pleasantest and most useful parts of the day. And sufficient walking removes the necessity for playing golf.

MAN BEATING NATURE

Nature does her utmost, but little by little man goes on beating her. Heavy fogs have been the bane of air and sea navigation. Now comes the invention of a light so powerful that it can be seen 50 miles through a haze. It will be of immense value in outlining landing fields, and it will guide ships.

It is doubtful if nature even wins the final victory in what we call death. Rather does it merely bring on a change to which the soul of man somehow makes adjustment.

MAN AND MACHINE

Mr. Darrow says man is a machine. And so he is. But man is unlike other machines. He has something that other machines do not have and cannot get. The corner drug store will sell you the ingredients of which the human body is made for a little less than a dollar—or in somewhat larger amounts for about three dollars. But you cannot make a man of them. Machines may be made to function perfectly, but they do not seek to be something better than themselves. Man, at his best, does seek to be something better than himself. There's a difference.

MAN AND BEAST

Man, a machine, is also an animal. He is a puny animal compared with the horse or the elephant. As an animal he is behind the other animals in many ways—in strength, in sureness of instinct, oftentimes in good sense. Other animals do not do violence to their instincts. Man at his worst does. But man has something that makes him totally different. He has aspiration. Where did he get that? This is important.

THIS JUSTICE IDEA

A short time ago I said in this column something to the effect that we humans know less about justice than most other important things. I have a great respect for the human race, mind you. I think it knows and feels some marvelous things and qualities. Love, for instance, which came to the race long before reason or ideas or concrete concepts, is one of the oldest and most perfect possessions of man.

We have a pretty respectable notion of sympathy, too, and we are apt to be strongly motivated by charity and neighborliness.

But the idea of justice is a bit refined and complicated for us. In very few human beings, even in 1928, do you find the concept of justice well-developed and strong in motivating force.

* * *

But let me talk about Michael Monahan for a while.

Michael Monahan is an author, a man of letter. For years I have wanted to know him, but I have never met him. Jack Raper of Cleveland, who is one of this round world's best judges of men, told me about Michael Monahan years ago. He used to work with Monahan as a newspaper reporter in Albany, back when the world was young.

Monahan has written a new book which I have just finished reading. It is "My Jeanne D'Arc". It is much the best book about the Maid of Orleans that I have ever read, and I have read Mark Twain's "Joan of Arc" with much pleasure.

* * *

It is hard to write the story of Joan without being bitter. Such high personages stooped so low and acted so basely in order to destroy this good country girl who had saved France. Such mighty dignitaries proved themselves such hypocrites. Such noblemen showed such sadly ignoble natures. And they burned her at the stake in the market square of Rouen.

Very learned men shook their learned heads over Joan's case, and said, "Yes, we'll have to burn her to death." Justice, they call it. Of course, Joan has triumphed. But the flames hurt her, even as they would hurt you or me. It is no fun being burned to death, even though eternal glory awaits.

Michael Monahan tells the whole story with a minimum of bitterness, and with a poetic feeling for the true character of the lovely girl of Domremy. It furnishes some of the best reading I have come upon this season.

Mine Official Held By Rebels Believed Alive

Claim Sandino Rebels Hold American Mine Official For Information

OFFICIAL'S HOME BURNED TO GROUND

Report Reinforcements On Way To Nicaraguan Coast From Panama Canal Zone

(International News Service)

BLUEFIELDS, Nicaragua, April 26.—The fate of George B. Marshall, of New York, assistant manager of La Luz and Los Angeles gold mine, who was captured by rebels, was still unknown today, but he was believed to be alive.

Three days after his capture Marshall was alive and well in the rebel camp. It was understood that the rebels planned to work Neptune mine to obtain gold bullion and wanted Marshall to show them how to do it.

Prepare to Fight

Instead of fleeing, as first reported, the rebels are now said to have thrown up intrenchments near the Neptune and Bonanza mines, preparing to give battle to any United States marines or National guardsmen that may attack them.

H. P. Amphlett, who is now in Puerto Cabezas, is now said to be a Canadian subject instead of an Englishman. He was superintendent of La Luz mine. The rebels were reported to be very anxious to capture him, but he was absent when the mine was raided. The outlaws had a grudge against Amphlett because of statements he had made. When Amphlett returned to the mining field he found his home burned and all his furniture destroyed. He immediately left for Puerto Cabezas.

Forces Are Small

It is doubtful if August Sandino, leader of the rebels, was with a band that raided the American owned mines. In addition to the band entrenching themselves near Neptune and Bonanza mines a detachment of several hundred were reported barricading themselves near Lone Star mine.

The United States gunboat Denver is lying off Puerta Cabezas, where there is a large wireless station. It is claimed that the forces of marines on the east coast are not strong enough to protect American owned property. Most of the American interests are on this coast. It is understood, however, that a large force of marines is on the way from the Panama Canal Zone.

Hundreds of people took the trouble this morning to pause and look up at the flag pole on the city building. And the reason was the fact that up at the top of the slender flag pole, they saw a man engaged in cleaning the gilt ball at the top of the pole. The pole is being painted and put in shape for the summer.

lic officials and large industrial plants. Henry Ford was represented as prepared to assist the government through his vast manufacturing establishment.

Intelligence agents of the dry army reported that five armored ships are anchored in Canadian Great Lakes harbors prepared to sail for the United States with large cargoes of whiskey and beer. They will try to slip through probably along the Detroit "front" within a few weeks, according to government advices.

"No artillery battle is anticipated on the lakes," Lowman said. "However, coast guard boats are armed with four-inch guns for use if necessary."

Seize Many Boats.

Lowman declared that in the last nine months the government had seized 368 liquor smuggling boats and 540 automobiles near Detroit.

"Fast as we capture transportation facilities from the rum runners they press new vehicles and boats into operation," Lowman said. "Federal forces, however, have made liquor smuggling expensive. Some of the rum runners are reduced to the use of row boats on the Detroit river.

"Because of its geographical location Detroit presents the most difficult problem for prohibition enforcement in the country. The large Canadian distilleries and breweries across the river encourage bootlegging."

WOMEN MEETING IN CONVENTION

(Continued From Page One)

H. G. Voorhees. The greetings to delegates were given by Mrs. R. C. Miller. Mrs. Samuel Diefenderfer made the response. After the organization of the convention in charge of the local president, Mrs. D. T. McConahy, the roll call of the different societies was given with Mrs. E. N. Williams as the secretary. Reports from all societies and auxiliaries were given and were very encouraging, many of them having met their entire obligation during the year.

Mock Trial Features

The afternoon session opened with a quiet hour led by Mrs. S. H. Barlett. An outstanding feature of the day was a Mock Trial of district officers. The characters consisted of the following: Bailiff—Mrs. J. C. Leohner; clerk—F. H. Laughran; prosecutor—Mrs. W. R. Wallace; judge—Mrs. S. M. Rearic; Mr. Want-It-All—Mrs. J. E. Davis. Defendants—Mrs. T. D. McConahy, Mrs. F. S. Neigh, Mrs. C. F. Hinkley, Mrs. Martha Ketler, Mrs. C. M. Grace, Mrs. E. N. Boyles, Mrs. I. N. Likens, Mrs. O. O. Bashline, Mrs. M. V. DeForrest, Mrs. J. C. Miner, Mrs. H. G. Voorhees and Mrs. R. C. Miller.

Board Speaker

The address of the afternoon was given by Miss May L. Webster, Lynn, Mass. a member of the Board of Home Missions. Miss Webster will be the special speaker throughout the convention. Mrs. Carl S. Hart also gave a short address on "Tools."

Miss Webster will speak this evening on the subject, "Glimpses Through the Open Door."

Names Committee

The president, Mrs. D. T. McConahy appointed the following committees: Place—Mrs. H. M. Allen, Mrs. Charles Hinkley.

Courtesy—Mrs. H. C. Weaver, Mrs. J. W. English, Mrs. C. F. Flannery.

Resolutions—Mrs. J. L. Stratton, Mrs. S. L. Maxwell, Mrs. D. D. Sleepy.

BREMEN FLIERS LEAVE GREENELY IN FORD PLANE

(Continued From Page One)

Agnes until as late as 4:30 this afternoon.

Dr. Luis Cuisinier, Canadian airplane mechanic, remained at Greenely Island to get the Bremen in condition for shipment by boat later in the season.

To Land at Lake St. Agnes

LAMALBAIE, Que., April 26.—Baron von Huenefeld sent a message today to Miss Herta Junkers, daughter of the German airplane builder, saying that the crew of the Bremen, who hopped off from Greenely Island this morning in the Ford rescue plane, will stop at Lake St. Agnes.

The German-Irish flyers hopped off at 7:45 and are expected to fly the 700 miles to Lake St. Agnes in five hours.

Despite thawing conditions, the ice on the lake had been expected to hold for 68 hours from last night. The weather this morning, however, had turned warm and sunny, and a landing this afternoon may prove dangerous.

Leave Greenely Island

QUEBEC, Que., April 26.—The Ford plane, carrying the German trans-Atlantic flyers, Baron Gunther von Huenefeld and Captain Herman Koehl and Major James E. Fitzmaurice, left Greenely Island this morning, according to word reaching here.

The Ford plane hopped off at 7:45 Atlantic time, wireless dispatches stated. It should arrive at the Lake St. Agnes airdrome this afternoon, probably around two o'clock.

The Ford plane is piloted by Bernt Balchen, himself a noted trans-Atlantic flyer.

News of the start south, which has been expected and delayed for three days, was received from the wireless station at Point Amour, near Greenely Island.

The message read:

"Ford plane left Greenely Island at 7:45 a. m., with Bremen crew. Will stop at Murray Bay."

Although the wireless message from Point Amour stated the Ford plane will stop at Murray Bay, the little town near the Lake St. Agnes airdrome, Robert Cannon of the Canadian transcontinental airways received a message from Greenely Island today indicating that Balchen will not risk the weakened ice of Lake St. Agnes.

The message to Cannon stated that the relief plane would land west of Quebec, asked that a field be prepared and requested a weather report.

The flyers hopped off just in time if they wanted to land on the ice at Lake St. Agnes with any degree of safety, for it has begun to thaw and turn soft.

To Meet Ford Plane

CURTISS FIELD, N. Y., April 26.—Fred Melchior, pilot of the Junkers monoplane F-13, sister ship of the Bremen, was endeavoring today to have the F-13 ready by this afternoon for a flight to Montreal or Quebec. He said he hoped to leave in time to meet the crew of the Bremen when they are brought from Greenely Island in the Ford relief plane to whatever destination they select for the first stop, and to bring them the rest of the way to New York in the F-13.

The F-13 will be ready to fly when its new propeller is completed at the Curtiss factory. The factory has promised the propeller for this afternoon. This propeller was ordered at the time the F-13's original propeller, the only Junkers propeller available in this country, was sent to Greenely Island to replace the Bremen's propeller, believed then to have been damaged beyond repair in landing.

Schooner Sinks After Collision

Details Of Crash Between Two Schooners Off Cape Cod Are Lacking

(International News Service)

CHATHAM, Mass., April 26.—The three-masted schooner William Booth from Maine was sunk today in a collision with the four-masted schooner Helen Barnet Gring, four miles off Cape Cod.

Five men from the William Booth were rescued by coast guardsmen and brought to the old harbor station here.

The William Booth was discovered with her three masts above the water.

Some distance away the Helen Barnet Gring rode at anchor with her bow stove in.

Details of the crash between the two big schooners were lacking.

Chas. A. Wallace Is Given Honor

Joe McFate Of New Castle Is Also Honored At Philadelphia

(Special To The News)

NEW WILMINGTON, Pa., April 26.—Charles A. Wallace, son of Dr. and Mrs. W. Charles Wallace, has won new laurels at the University of Pennsylvania Law school in being one of 20 men in the school to be elected to Phi Delta Phi, honorary legal fraternity, at the annual appointments Tuesday.

Wallace won distinction earlier this year in being one of eight in his class to be elected to the editorial board of the Law Review at the University.

Joseph McFate, son of Mr. and Mrs. Lee McFate, New Castle, and Wallace were the two members of the second-year class selected to present the case in the annual inter-club mock trials. Both young men won their arguments in the contest.

Both Wallace and McFate were graduated at Westminster with the class of 1926. Both maintained a high scholastic record while at the New Wilmington institution. Together with Frank Moretti, another New Castle boy, these Westminster alumni are making a name for Westminster college and Lawrence county.

PLEASANT RELIEF FROM CONSTIPATION

Shoulders droop under weight of years. Young, yet beauty has fled. Cheeks are sallow and drawn. Unsightly pimples. Keep your system clean and you keep the beauty of youth. Its energy. Its irresistible charm. Then life is not a failure.

Clogged bowels and inactive liver cause poisons to seep through the system. Health vanishes and with it beauty and energy. Dr. Edwards' Olive Tablets will save you from this dark hour. For 20 years they have been prescribed in place of calomel to men and women seeking health and freedom from constipation. They act easily and smoothly. No dangerous griping. Take nightly before retiring. Results will amaze you.

Thousands of men and women would never be without Dr. Edwards' Olive Tablets, a vegetable compound mixed with olive oil. Know them by their olive color. 15c, 30, 60c.

Dramatic Treat Given Audience At Temple Israel

An unusual dramatic treat was offered in Temple Israel Wednesday evening, April 25 when Mrs. Dorothy Fuldheim of Cleveland presented a dramatic portrayal of "Power" an historic novel by Lion Feuchtwanger.

Mrs. Fuldheim is a former dramatic star and her powers of expression found ample outlet in the dramatization of this interesting work. "Power" deals with the early history of the German province of Wurtemburg and according to Mrs. Fuldheim will some day rank in German literature with "Les Miserables" in the French.

Her work was delightful. In the heavier dramatic passages she gripper her audience with the tensity of the picture she painted. Her descriptions were live, vivid ones and the 100 or more who were present were well repaid for their time.

The presentation was sponsored by the Sisterhood of Tempel Israel.

M. C. Circle

Mrs. S. B. Copeland entertained about 50 members of the M. C. Circle of the Third United Presbyterian church at the parsonage Wednesday evening with Mrs. Katherine Fehl as associate hostess.

The evening was devoted to music and readings. The meeting opened with an alphabetical list of Bible verses taking the place of the usual devotional hour. Miss Jane Kyle gave an excellent account of missionary work done in the Luba Mountains in Africa. A delightful reading was given by Miss Helen Kyle. A trio comprised of Mrs. Harri, Mrs. Fullerton and Mrs. Kocher sang very effectively "My Rosary."

It was decided to give the thank offering sum to the support of native missionary in India. A humorous reading which was much enjoyed was given by Mrs. Nannie Barnett entitled "Evolution."

Foot Saver Shoes

keep the feet young

—and the ankles slender

FEET are always young in Foot Saver Shoes. Their charming, individual designs conceal a *patented construction* which imperceptibly holds them to natural movement—faultless, graceful, untiring. And, by virtue of this construction, *ankles*, too, are young and slim, with a suave, slender harmony of curves, utterly desirable. To understand what this means to a woman, she must see, and try on the new Foot Saver Models we are showing.

SOROSIS MEMBERS HAVE LAST MEETING

Mrs. W. C. Eckenroad, Fairfield avenue, was hostess at the final meeting of the season for members of Sorosis, in her home Wednesday afternoon.

During the business session the following officers were elected: President-at-large, Mrs. John L. Emery; secretary, Mrs. James Chambers; treasurer, Mrs. Thomas Lindsay and parliamentarian, Mrs. Frank Woods.

Mrs. Frank Douds the first hostess at the organization of Sorosis 29 years ago; Mrs. W. E. Porter, the first secretary, and the first teacher Mrs. John Nothdurft all gave short talks on the first meetings and the programs which they carried out at that time.

Under the direction of Mrs. Roy Long a clever take off on parliamentary law was presented by Mrs. S. E. Crawford, Mrs. Frank Woods, Mrs. Charles Long, Mrs. George Ball, Mrs. Fred Smith, Miss Rebecca Bowden, Mrs. Louis Gordon and Mrs. Roy Long.

Mrs. DeGraff Pearson was present and told in a most interesting and comprehensive manner the plans of the Garden club for the flower show in the fall and of her trip to the New York garden show.

The guests were entertained with a musido-dramatic production by a group of the ladies. Appropriate songs of days gone by were beautifully rendered by Mrs. Fred Smith and were prepresented by Mrs. Harding Thayer, as a Scotch lassie did the Highland fling; Mrs. John Whitten, Mrs. Chas. Long, Mrs. W. H. Dunlap, Mrs. E. A. Fenton, Mrs. Dan Woolcock, Mrs. Benjamin Beisel and Mrs. T. A. Patterson.

At the conclusion of the program tea was poured by Mrs. A. L. Thayer and Mrs. E. A. Fenton assisted by Mrs. W. C. Eckenroad, Mrs. Frank Stevens, Mrs. Terry Carson and Mrs. Bernard McGuire.

The members will have their annual picnic in June the time and place to be announced later. The committee includes Mrs. Charles B. George, chairman; Mrs. T. A. Gilkey, Mrs. Carmi Glover, Mrs. Louis Gordon, Mrs. Jessie Hamilton, Mrs. Carl S. Hart, Mrs. Roy Hazen, Mrs. John Leonardson and Mrs. C. G. Long.

Floyd Bennett To Be Buried In Arlington

Body Of Late Aviation Hero Will Be Laid To Rest In National Cemetery

HIGH MILITARY HONORS PREVAIL

President Coolidge Leads Capital's Expression Of Regret At Flier's Demise

(International News Service)

WASHINGTON, April 26.—A funeral service such as the government gives only the most distinguished of its representatives will mark the burial in Arlington cemetery tomorrow of Floyd Bennett, the trans-Polar flyer who sacrificed his life in the furtherance of aeronautical science.

Mourned By Nation

Mourned alike by the President, cabinet members, and his old comrades in the navy, Bennett's body will be brought here from Quebec Friday and borne across the Potomac to Arlington where a special grave has been selected.

The man who rose from an ordinary "gob" in the navy to a veritable dukedom among flying men will be buried within fifty feet of the grave of Rear-Admiral Robert E. Peary. Thus the first man to reach the North Pole and one of the first two men to reach it by air will sleep their last sleep in close proximity.

President Coolidge led the Capital's expressions of grief over the tragic death of the naval flyer. He telegraphed Mrs. Bennett that her husband's death "will be a great loss to the science of aviation."

VICE PRESIDENT OF INTERNATIONAL MAKES ADDRESS

(Continued From Page One)

western Pennsylvania it is a by-word. You have tasted of it. Again, may I say that the city is 'wide open' to you. The place is yours. We only hope that these two days will always linger in your memories. And now, in behalf of the host club, may I welcome you."

Makes Response

Following the short address of President Wallace, a response was made by Thomas Fitzgerald, president of Pittsburgh Rotary Club. Mr. Fitzgerald thanked the New Castle Rotarians for the splendid welcome which had been extended and declared that from the time he came to New Castle every action of every citizen made him more than thrice welcome. Everywhere he went, Mr. Fitzgerald stated, he received every attention and he believed that all other delegates and their friends got the same privileges.

"When I came to New Castle I knew that I was coming to a live club," he concluded. "Everything is running so smoothly." The simple fact that 1,200 will attend the banquet this evening shows the high esteem in which the district holds the New Castle club and district governor, Charles F. Uhl. I am sure that everyone will go away with a splendid memory of the city."

After the address of Mr. Fitzgerald President Wallace read a telegram from the headquarters of Rotary International which congratulated the 33d district on their conference and wished it every success.

Governor Assumes Charge

"In your presence, sirs, I announce that the conference is in session."

With these words President Wallace turned over the conference to District Governor Charles F. Uhl of Somerset, Pa., who will preside at all future sessions.

After the presentation of the district governor, J. Lee McFate presented him with the program and rules of the conference, making a motion that these be accepted. The motion was seconded and passed. Attention was also called to the basket of flowers which was sent by the New Castle Kiwanis Club to the conference, and a telegram from the Pennsylvania Kiwanis district, wishing Rotarians of the 33d district all success in their conference.

The history of Rotary during his term was then reviewed by Charles F. Uhl in his address. He told how during the past year two clubs had been added in the district and that eight others are to be proposed in the near future. He also welcomed the delegates to the conference of an organization whose essentials apply everywhere; an organization with a universal moral principle; an organization recognizing only one community and one humanity.

Rotary Aims.

"Rotary brings about a world wide brotherhood of man," Mr. Uhl continued. "It is designed to stop misunderstanding; it offers peace in place of war; it offers a method whereby the world can be united in a single understanding, which will extend among all peoples. Through Rotary we will lay the foundation and build the temple of universal peace."

Mr. Uhl concluded his address by wishing the delegates would carry back to their clubs something worth while from the conference.

Next to be introduced to the delegates was Walter D. Cline of Wichita Falls, Texas, first vice president of Rotary International, who brought the message of the world wide movement to the delegates from the 33rd district.

First Vice President Speaks.

After thanking the host club and the district governor for the opportunity to address the conference, Mr. Cline explained that he was a plain man, a man of savage speech, who would use no preliminaries. He explained that he had studied assiduously Eddie Guest, Eugene Field and James Whitcomb Riley, but that he would use none of these. He also stated that he would not be reminded of any stories.

"Are we taking ourselves and Rotary too seriously?" was the keynote of his address. He then reminded the delegates that they were a cross section of the business and professions of their various cities.

"Among this gang which make up your Rotary club, there is bound to be what is called the 'rough element,'" he continued. "As a well digger, I have learned that there is no man but what has some good in him. All are willing to help others, if they are given a chance. It is the duty of Rotary to give this so-called 'rough element,' the ones who will not work for the community in any other way, the chance which they need. Make them work. Put them on committees. They will be glad of the opportunity to help.

Men of Action.

"None of us can get too far removed from the common people, either your home club or the international movement. It is the common people who usually have common sense and guts enough to use it. I want to see these delegates go back and do something. You know, there is an old saying which applies to Rotary: I WOULD RATHER BE WRONG THAN NOTHING. I have little sympathy for the man who waits until everything is right before he acts. A man should do what he thinks is right, but more than all, he should do something!

"Our club has been criticized roundly for the statements of many of the members, including international officers. Some of these men say that Rotary is all the religion that a man needs. But we find that the only fundamentally important classification in the clubs is religious. We have no right to say that we are the men who promote all the forward movements in the world, we who are but 21 years old as a group when for the last 20 centuries the church has been fighting down ignorance. I regret to feel that we have a man in the organization who does not feel the distinction between religion and Rotary. The churches must be recognized first of all and the clubs must not be confused with the churches.

Criticism Good.

"And it is a good thing to be criticized by smart literary fellows, who delight in poking all manner of fun at us Rotarians. It shows that we are alive, for people usually hold their noses when they pass a carcass. Our enemies and critics are the best friends we have. They are assets. They mean a lot in our development.

"In the international program which we have attempted to set up, it was necessary for us to adapt the problems of one country to those of others. What would be a problem in Switzerland would not be found in Italy and so on. In China, Japan and South Africa we found problems besetting them that other nations knew little of.

"It has taken a great deal of adaptation upon the part of all of us. After all Rotary is an intermingling of all nations and we must all learn to know that the other fellow has his views, his rights and his opinions just as we have.

"We must help the other fellow, the other club, the other nation. Are you doing your part to bring about this better understanding among nations that Rotary is striving to accomplish?" Mr. Cline asked in conclusion.

At the first session of the conference, seven past district governors were present, along with Charles F. Uhl, the present district governor. These men are Edwin C. May, Fred Stover, Anthony McFarland, W. Charles Wallace, president of the New Castle Rotary club, George T. Buchanan, Roy Neville and Emmett Bailey.

Noon Luncheon.

At noon the first luncheon of the conference, which was attended by over 600 delegates and their friends, was held in the main dining room of the Scottish Rite Cathedral. At the speaker's table sat presidents of the district clubs, W. Charles Wallace, president of New Castle Club; Walter D. Cline, first vice president of Rotary International; Charles F. Uhl of Somerset, governor of the 33d district of Rotary; Carl Paisley, chairman of the conference committees.

During the meal music was furnished by a part of the Senior High school orchestra, under the direction of Professor LaVerne Irvine. Jack Leppert, secretary of the Johnstown Rotarians, led the pep singing.

The Rev. S. C. Gamble, a past president of the Butler Rotary Club, and at one time a minister in New Castle, made an address, after which Alan D. Davis, director of the conservatory of music at Westminster College, sang several solos.

Afternoon Sessions

This afternoon round table discussions are making up the program of the conference. These are divided into five groups, each discussing some problem particularly pertinent to Rotary. At seven o'clock this evening a banquet will be held at the Scottish Rite Cathedral dining rooms, at which more than 1,200 people are expected to attend. It will be addressed by Strickland Gilliland, nationally known as a humorist. The R. V. B. entertainers will also appear at this time.

Friday morning the conference will convene at 9:15 in the east lodge room of the Scottish Rite Cathedral. Communications and announcements will be read by the conference secretary, after which the reports of the various conference committees will be heard. At 10 o'clock there will be a short program on the development of the individual Rotarian in his desire and capacity for service. Nominations for the next district governor will be received at noon. A luncheon will be held following the nominations. During the noon recess balloting for the next district governor will take place.

At two o'clock Friday afternoon invitations from the various cities that want the next district convention of Rotary will be heard by the conference. Following this there will be a report of the election committee, and after the introduction of the district governor nominee the conference will close. The district governor nominee will go to the next convention of Rotary International, where he will be officially named as the governor of the 33d district of Rotary.

Public Confidence In a Store

—Arises in many cases from the knowledge that the store is managed according to modern merchandising principles.

Working in close co-operation with other progressive stores in different sections of the country Higgins Bros. now have in operation the most modern system of scientific merchandising.

Our endeavor is to give worthwhile values and new merchandise every day in the year. We offer no premiums, no contests, no sensational selling methods. This is strictly a store.

And the increased demand for our merchandise is due solely to the fact that the variety and selection is ever new, that the salespeople are responsible and intelligent and that the prices represent the utmost values.

Welcome Rotarians!

May you find your visit to New Castle so full of pleasure that we may extend to you the hand of welcome, not just this once—but many times in the future.

Saturday Is HIGGINS DAY

One of the rare occasions of the year when we offer special prices in every department of the store. And because it comes but twice a year is one of the reasons why the offerings are so unusual.

Our New York office has secured thousands of dollars worth of merchandise from our regular sources of supply who make us special price concessions on these occasions. Several pages of advertising in Friday's paper will tell you all about the savings.

See the News tomorrow for complete details.

Cease Throwing Gravel And Stone

Police Chief Horner today stated complaints have been registered of boys on the East Side and North Hill throwing gravel and stones, large and heavy enough to wreck windows at houses.

He said that though he would dislike to have the police arrest boys for this offense arrests naturally will follow unless the pernicious practice is stopped immediately.

One Honorary Fraternity For College Debaters

(Special To The News)

NEW WILMINGTON, Pa., April 26.—At a combined meeting of Tau Kappa Alpha, national honorary forensic fraternity, and Alpha Sigma Alpha, local honorary debating sorority last night, it was agreed that hereafter there will be but one honorary society for debaters at Westminster, the co-eds to become members of Tau Kappa Alpha as well as the men.

According to the national regulations of Tau Kappa Alpha, both women and men students who have participated in intercollegiate debates are eligible for election. For a number of years the Westminster co-eds have sought admission to the Westminster chapter, but it was not until last night's meeting that the men agreed to give them the privilege.

A meeting of Tau Kappa Alpha will be held in the near future at which time a number of new members will be voted on for election and officers will be chosen for the coming year.

SOROSIS MEMBERS HAVE LAST MEETING

Mrs. W. C. Eckenroad, Fairfield avenue, was hostess at the final meeting of the season for members of Sorosis in her home Wednesday afternoon.

During the business session the following officers were elected: President-at-large, Mrs. John L. Emery; secretary, Mrs. James Chambers; treasurer, Mrs. Thomas Lindsay and parliamentarian, Mrs. Frank Woods.

Mrs. Frank Douds the first hostess at the organization of Sorosis 29 years ago; Mrs. W. E. Porter, the first secretary, and the first teacher Mrs. John Nothdurft all gave short talks on the first meetings and the programs which they carried out at that time.

Under the direction of Mrs. Roy Long a clever take off on parliamentary law was presented by Mrs. S. E. Crawford, Mrs. Frank Woods, Mrs. Charles Long, Mrs. George Ball, Mrs. Fred Smith, Miss Rebecca Bowden, Mrs. Louis Gordon and Mrs. Roy Long.

Mrs. DeGraff Pearson was present and told in a most interesting and comprehensive manner the plans of the Garden club for the flower show in the fall and of her trip to the New York garden show.

The guests were entertained with a musido-dramatic production by a group of the ladies. Appropriate songs of days gone by were beautifully rendered by Mrs. Fred Smith and were prepresented by Mrs. Harding Thayer, as a Scotch lassie did the Highland fling; Mrs. John Whitten, Mrs. Chas. Long, Mrs. W. H. Dunlap, Mrs. E. A. Fenton, Mrs. Dan Woolcock, Mrs. Benjamin Beisel and Mrs. T. A. Patterson.

At the conclusion of the program tea was poured by Mrs. A. L. Thayer and Mrs. E. A. Fenton assisted by Mrs. W. C. Eckenroad, Mrs. Frank Stevens, Mrs. Terry Carson and Mrs. Bernard McGuire.

The members will have their annual picnic in June the time and place to be announced later. The committee includes Mrs. Charles B. George, chairman; Mrs. T. A. Gilkey, Mrs. Carmi Glover, Mrs. Louis Gordon, Mrs. Jessie Hamilton, Mrs. Carl S. Hart, Mrs. Roy Hazen, Mrs. John Leonardson and Mrs. C. G. Long.

MR. AND MRS. JOHNSON HONORED AT SHOWER

As a courtesy to Mr. and Mrs. William Johnson whose marriage was an event of the spring, members of the adult Bible class of the Primitive Methodist church entertained at an attractively appointed shower at their home on Beckford street Tuesday evening.

The hours were spent socially. A special feature of entertainment was an art exhibition of which each guest was a contributor of an original piece of art. Many useful and beautiful gifts were received by the honor guests.

At the close of the evening Mr. Richardson led in the hymn "Blest Be the Tie That Binds" which was followed by prayer.

Those present were Mrs. Frank Chappell, Mrs. M. A. Hoyland, Mrs. George Gilbert, Mrs. Frank Yingling, Mrs. L. Gibson, Mrs. C. W. Swan, Mrs. G. W. Jones, Mrs. G. W. Blunt, Mrs. J. E. Wilcox, Mrs C. Report Fall Is Now Improving In Sanitarium

(International News Service)

PASADENA, Cal., April 26. — Albert B. Fall, former secretary of the interior, is showing rapid improvement in his condition, according to a report here today of attending physicians at the sanitarium where the ex-cabinet officer has been confined for the past two weeks.

E. L. Doheny, millionaire California oil producer, and his wife visited Fall and stated afterward that he evidenced good spirits. Doheny and Fall were co-defendants in the recent conspiracy trial growing out of the leasing of the Elk Hills naval reserve which ended in their acquittal.

WELCOME 33RD DISTRICT ROTARIANS

NEW CASTLE as a whole is gratified at the opportunity presented this week to enact the role of host to the Thirty-third district Rotarians and their guests. The annual convention is now under way at the Scottish Rite cathedral and it is the desire not only of the members of the New Castle Rotary club, but of the citizens of New Castle that the sessions of visiting delegates be as pleasant and enjoyable as possible. For whatever facilities New Castle affords to make the present convention a notable one in the lives of these Rotarians, the New Castle club and remainder of the citizenry are rejoiced.

On the other hand New Castle is gratified to entertain this host of Rotars because of the service and ideals that are not only representative of the aims of the organization, but are in fact emblematic of real accomplishment of Rotary. Your organization is one, that, while among the developments of recent years, occupies a most important place in the affairs of this busy world, and one which is rich in service to nation, community and fellowman.

Welcome to New Castle, Rotarians!

PRESIDENT COOLIDGE AND FLOOD CONTROL

The president has been trying to do in the matter of Mississippi flood control is to safeguard the United States from raids that might reach high into the hundreds of

We believe that the public in general understands the

problem is a national one to a considerable degree. It other too big for the several states directly involved to The nation must, therefore, come to their aid. But this mean that they should be relieved of all responsibility Philadelphia Inquirer. The government cannot plunge into a vast enterprise that might if it alone were to assume the entire burden, load it down with tremendous costs. It must have co-operation not only as a safeguard against inconceivable extravagance, not to say private loot, but as a principle.

In the debate on the floor of the house it has been predicted that in congress in the end should send to the president a measure which he deems most unwise a veto would follow. No doubt of it. What is more, it would be fully justified. The raiders of both senate and house would do well to consider seriously the warning that has been given them. Haven't they realized yet that upon every occasion where congress and president have come into conflict the latter has always enjoyed the confidence of the people?

In this Mississippi flood controversy he is right, as usual. He is right on farm relief, right on income tax reduction, right all along the line.

DECREASE IN CALL FOR BABY CARRIAGES

MANUFACTURERS of baby carriages are complaining that the demand for their product has declined materially. Two reasons are suggested: One, that there are not so many babies and the other, that the automobile has made it less needful to wheel out the baby in his own vehicle. There may be another reason. There are fewer safe places in which to wheel a baby carriage than in former days. Though a city baby might enjoy being in the park, the perils on the way there might act to deter from the effort. It would be a rash person who would risk the baby's life by wheeling it along a highway. A baby carriage would stand a poor show in a conflict with an automobile.

Possibly baby carriage manufacturers are the victims of altered traffic conditions rather than that their plight is due to fewer babies. Babies are our best crop and we can not as a people be prosperous unless the output is ample. Though baby carriages may be superseded there is no substitute for a baby. It would be alarming indeed were the slackening of demand for carriages to indicate failure of the baby crop.

DIRE PROPHECIES

WHAT is it that gives prophecies of evil such popularity? Hope springs eternal in the human breast, but it is equally certain that man likes to be frightened and relishes the thrill of menace around him. Else, why the interest with which he sends prophecies of world destruction, why the gusto with which forecasts of world-wrecking wars are swallowed, why the gusto with which forecasts of world-wrecking wars are swallowed, why the weight given to prophecies of economic upheaval and cataclysm?

The most reasonable answer to this question is that man likes such prophecies because of the joy that he derives from their failure. He is secretly confident of escape from whatever threats him and, in that token, he likes to be tricked into believing that the peril from which he will escape is of the direst.

DRESSING TO PLEASE

A FEW days ago much space was given in the news to the claim that styles and cuts in feminine raiment are largely controlled by men. Now it appears that to a large extent, women select and buy men's attire for store trade. That makes it about fifty-fifty—and why not an admirable arrangement?

As a rule the object of fastidious feminine dressers is at least to pass muster with the male element at reviewing stations, and with the masculine peacocks it is the feminine observation whose praise is sought. The matter standing thus, it is a logical arrangement for women to wear clothes that men have designed and for men to deck themselves in garments that women have selected.

The master barbers while in session in Chicago passed a resolution forbidding barbers talking to customers. And, by the way, barbers have to listen to a lot of rot from the customers that does them no good either. How does a church get into debt? It's very simple—nothing easier. Given a group of members who can make no pledge to the church, another group who wait till the very last to pay their pledges and then pay up only when personally seen, and still another group who pledge something and never pay it and still others who pay considerably less to the church than they do to the movies and chewing gum and you have a church that can never stay out of debt. The goose had been carved and everybody had tasted it. It was excellent. The negro minister, who was the guest of honor, could not restrain his enthusiasm.

"Dat's as fine a goose as I ever got ma teeth in, Brudder Williams," he said to his host. "What did you get such a fine goose?"

CO-OPERATION.

Two fool jackasses—now get this dope—
Were tied together with a piece of rope.
Said one to the other, "You come my way.
While I take a nibble at this new-mown hay."

"I won't," said the other. "You come with me.
For I, too, have some hay you see."
So they got nowhere; just pawed up dirt.
And oh, by golly, how that rope did hurt.

Then they faced about, those stubborn mules,
And said, "We are just like human fools.
Let's pull together. I'll go your way.
Then come with me, and we'll both eat hay."

Well they ate their hay and liked it too.
And swore to be comrades good and true.
As the sun went down they were heard to say,
"Ah, that is the end of a perfect day."

Now get this lesson—don't let it pass.
Learn this one thing from the poor jackass.
We must pull together—in the end—
Or our business on the map and put it on to stay.

Tolerant Mr. Dempsey.

Jack Dempsey, looking cheerful and as powerful as he ever did, took a tolerant view of Mr. Tunney's dip into Shakespeare. "It's all right, if it helps his racket."

Asked whether he likes the works of Shakespeare, the Manassa Mauler replied, "never had the pleasure."

The mother of Captain Wilkins, who flew over the North Pole recently, is 'glad my boy George has done what he set out to do. We mothers don't say much, but we feel a lot."

Mrs. Wilkins thinks her son "made more of what he learned in a little country school than many men have been able to make of a college education." He built character in that little school.

The public school is the American school of real opportunity.

Have you horses or cows? Ask P. M. Wooley, builder and head of the American Radiator Company, about his development of a vacuum cleaner for horses and cattle.

This writer, after tests, finds that the vacuum process cleans horses and cows to perfection, better, more quickly an economically than could be done by hand.

All dust, including the hair is carried into a receptacle by air current. Horse barns and cow stables can be kept in perfect order; production of clean milk made easier by the new method. And grooms no longer are obliged to breathe in dust as they clean the animals. Those that can afford the machine should use it, and in dairies of any size its use should be compulsory—it takes disease- breeding flies with it.

Ambassador Howard, from Great Britain, says war between his country and America is unthinkable, would ruin and starve millions.

Unfortunately, modern, half-civilized nations, which means all nations on earth, rush into war as savage men rush to fight, without thinking of consequences.

A nation is always less civilized than the individual citizen, because it is largely controlled by the mob spirit.

Individuals free their slaves, pension old workers, and provide for poor children long before nations do those things.

The able Lord Birkenhead, only recently is alleged to have proposed that Britain, France and Germany, unite to "clean up" Russia's Bolshevik government. Stresemann declined the idea for Germany, according to Lincoln Eyre.

Afterwards.

They laid her away in the afternoon,
She was and she is no more.
But the roses nod and the birds of June
Still sing at her cottage door.
And men and women go laughing by
And this will be so when the greatest die.

But because she was who is now no more,
There are numberless lovely things,
She planted the roses by the door
And the trees where the robin sings.
And who can say that it is the same
Old world which it was on the day she came?

Oh, busy and hurried the world goes on,
As it will when the greatest die.
And the few who mourn for the absent one
Are tempted to question why.
But the roses the sweet souls planted here
Still live and blossom from year to year.

FOREST CONSERVATION

Thrift means intelligent spending as well as intelligent saving.

And forest conservation depends quite as much upon the intelligent use of timber products as upon the saving of the forests.

This is a point that has often been overlooked by tree sentimentalists.

Axel H. Oxholm, director of the National Committee on Wood Utilization at Washington, has issued a very timely pamphlet bringing out this point.

National interests will benefit far more by vigorous encouragement of timber growing than by hoarding the timber we now have. The reason for this is simple. Growing wood is after all an economical business, that is, if it can be made to pay it will be done and if it can't be made to pay all our shouting will not accomplish much.

It can only be made to pay when there is a constant and profitable use made of timber products and at the same time careful attention paid to reforesting.

Forest fires should be more completely guarded against, much more completely than they are, and taxes on timber lands should be so regulated as to make the growing of timber lucrative.

The sentimental interest in trees, the love of trees as a part of the landscape and their necessity for the prevention of floods should go hand in hand with the commercial use of tree products, with their being cared for in such a way as not only to make timber profitable, but to provide for the new crop.

It is to be hoped that efforts will be successful to place the timber business of the United States upon a solid economic and political foundation, so that our forests may be preserved and may increase.

Mr. Oxholm says: "The constructive solution of the whole problem lies in timber use and timber culture, each backing and sustaining the other.

Like any crop, timber becomes a loss if not utilized when mature, and waste should be avoided. Orderly and systematic work of timber lands should be encouraged."

Bible Thought For Today

GOD'S FAITHFULNESS OUR SURETY—Hear my prayer, O Lord, give ear to my supplications: in thy faithfulness answer me, and in thy righteousness.—Psalm 143:1.

PRAYER—O Thou that heareth prayer, unto Thee shall all flesh come.

The World AND THE Mud Puddles

COULDN'T FOOL HIM.

No Race of people in the world have so much religious faith as have the negroes. When they pray, they expect results and substantial results. It is no uncommon thing to find one of the Race who has had seemingly an answer to the petition.

One went to his pastor and handed him a letter to the Lord which ran: "Please send dis poor darkey $50,000 right away." The pastor, a kind-hearted man, called together several of his friends and said: "This poor fellow has so much faith in the Lord that he expects Him to send the $50 right away. We shouldn't let him be disappointed. Let's make a collection for him." This was done and $42 was contributed, which sum was sent to the ingenious petitioner.

Next day the colored man handed the parson another letter. This one ran: "Dear Lord, De nex' time You send dis darky money, don't sent it through no parson—send it to me direct."

The Way OF THE World

BORES

Do you know the man who stops you on the street, pulls you over to the nearest brick wall or show window and gives you a long and detailed plan for the better ordering of the universe? Look out that your interest in something or other doesn't make you top-heavy. Beware lest it overbalance you and bring you into the way of leaning on every friendly and harassed soul who will listen to you. Keep your balance and spare the other fellow.

NO COURTESY

This is the time of year—these spring mornings—to call the attention of motorists to the fact that they are not doing the humble pedestrian a favor when they ask him to ride. They are only embarrassing him. The walk to work may be made one of the pleasantest and most useful parts of the day. And sufficient walking removes the necessity for playing golf.

MAN BEATING NATURE

Nature does her utmost, but little by little man goes on beating her. Heavy fogs have been the bane of air and sea navigation. Now comes the invention of a light so powerful that it can be seen 50 miles through a haze. It will be of immense value in outlining landing fields and it will guide ships.

It is doubtful if nature ever wins the final victory in what we call death. Rather does it merely bring on a change to which the soul of man somehow makes adjustment.

MAN AND MACHINE

Mr. Darrow says man is a machine. And so he is. But man is unlike other machines. He has something that other machines do not have and cannot get. The corner drug store will sell you the ingredients of which the human body is made for a little less than a dollar—or the somewhat larger amounts for about three dollars. But you cannot make a man of them. Machines may be made to function perfectly, but they do not seek to be something better than themselves. Man, at his best, does seek to be something better than himself. There's a difference.

MAN AND BEAST

Man, a machine, is also an animal. He is a puny animal compared with the horse or the elephant. As an animal he is behind the other animals in many ways—in strength, in sureness of instinct, oftentimes in good sense. Other animals do not do violence to their instincts. Man at his worst does. But man has something that makes him totally different. He has aspiration. Where did he get that? This is important.

THIS JUSTICE IDEA

A short time ago I said in this column something to the effect that we humans know less about justice than most other important things. I have a great respect for the human race, mine you. I think it knows and feels some marvelous things and qualities. Love, for instance, which came to the race long before reason or ideas of concrete concepts, is one of the oldest and most perfect possessions of man.

We have a pretty respectable notion of sym, athy, too, and we are apt to be strongly motivated by charity and neighborliness.

But the idea of justice is a bit refined and complicated for us. In very few human beings, even in 1928, do you find the concern of justice well-developed and strong in motivating force.

But let me talk about Michael Monahan for a while.

Michael Monahan is an author; a man of letter. For years I have wanted to know him, but I have never met him. Jack Raper of Cleve and, who is one of the round world's best judges of men told me about Michael Monahan years ago. He used to work with Monahan as a newspaper reporter in Albany, back when the world was young.

Monahan has written a new book which I have just finished reading. It is "My Jeanne D'Arc". It is much the best book about the Maid of Orleans that I have ever read, and I have read Mark Twain's "Joan of Arc" with much pleasure.

It is hard to write the story of Joan without being bitter. Such high personages stooped so low and acted so basely in order to destroy this good country girl who had saved France. Such mighty dignitaries proved themselves such hypocrites. Such noblemen showed such sadly ignoble natures. And they burned her at the stake in the market square of Rouen.

Very learned men shook their learned heads over Joan's case, and said, "Yes, we'll have to burn her to death." Justice, they call it. Of course, Joan has triumphed. But the flames hurt her, even as they would hurt you or me. It is no fun being burned to death, even though eternal glory awaits.

Michael Monahan tells the whole story with a minimum of bitterness, and with a poetic feeling for the true character of the lovely girl of Domremy. It furnishes some of the best reading I have come upon this season.

Prepare Park For Busy Year

Many Improvements Are Being Made At Cascade Park At Present

BIG SEASON IS BEING FORECAST

Extensive improvements are under way preparatory to the formal opening of Cascade Park, May 19. When amusement seekers wend their way to the recreation center they will find all the buildings painted green and white. Rainbow Terrace entirely redecorated and enlarged and several new amusement devices having been erected.

Manager Carl Shaner recently had the Rainbow Terrace check room and electric light room removed from the north to the south side of the pavilion which provides more room for dancers and promenaders. The new check room with individual hat and coat hangers can accommodate 2,000.

A force of decorators started today redecorating the pavilion. All of the flowers, baskets and lattice will be gone over and when the electric lighting system is operated the terrace will present a beautiful appearance.

The Caterpillar which has been operating several years has been removed and in its place is the Tilt-A-Whirl, a new ride. It is reported to be one of the most unique rides in the country. Davis also is installing a new, circular Fishpond.

Twenty new Dodg' Em Cars, each costing $500 have been placed on the floor. The new cars have pneumatic shock absorbers and are in reality small automobiles and at night lights can be extinguished and the automobiles can be guided with their own headlights.

The Park restaurant is undergoing a complete renovation and is being decorated in a most festidious manner. New equipment has been received and it is to be made one of the most beautiful summer dining halls in this section of the country.

A new and large sign has been built at the entrance to the park. It has been set back from East Washington street so that traffic will not be congested in the thoroughfare. It is planned to fix the roadbed entrance to the park.

The ponies which formerly cavorted athletic field which is to be used by the children. It will be possible for baseball games, croquet and other games. The Custer Ride is being made larger and Billy Glenn is adding to his collection of laugh making equipment in the Fun-House.

The ponies which formerly cavoted across the Big Run have been placed near the Lake where tours on water can be made in the Cascade motor launch. A building where drill teams can exchange clothing has been built near the Big Run stream, something which has been needed, according to Shaner.

Near the Japanese ball rack will be a new amusement device known as the "Spill the Milk." Wooden bottles, painted white and to resemble milk bottles will be placed and persons will throw baseballs at them. It is new here as are several other amusement devices located at various places in the park.

All of the buildings are receiving their annual coat of green and white paint. The foliage is spreading from the different trees and about May 24 the flowers which enhance the beauty of the park will be placed in the ground.

Puts New Life Into Dull, Tired, Faded Skin

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

HIDING IN THE OPEN

"Hiding! In the open!" Peter didn't believe he had heard right. But Nighthawk, instead of answering, chirped to his wife.

"It's quite all right, my dear. You may move now. This young two-legs is a stranger but he's quite safe and will be good to you and our baby. Come on over and meet him!"

Almost before Nighthawk had finished, his wife had stretched her wings. Now she started toward Peter and his companion, after her toddling chick. With a nod to Peter, Mrs. Nighthawk began to chirp excitedly to her husband.

"Oh dear me, I have had a fright this afternoon that it will take me days to get over. Babe and I were sitting on our north porch when along came a tall two-legs with his arms full of branches he had trimmed from the trees. I heard him call to another two-legs and I kept so quiet that he almost stepped upon me without seeing babe or myself at all. Of course that was what I had hoped for—that he wouldn't see us, I mean, because we were so much the color of the porch. Everything would have been all right if a big animal hadn't come bounding up and poked his nose into my feathers. This scared me so that without thinking I flew straight into the air. For that one second

A BIG ANIMAL POKED HIS NOSE INTO MY FEATHERS; I FLEW STRAIGHT INTO THE AIR.

even our baby was forgotten in the instinct to save my own life."

"Oh wife! I'd never have believed that of you. How could you allow fright to make you leave our child to his fate?" Nighthawk looked so reproachfully at his mate that she drooped her head in shame and hurriedly continued:

"When I found out what I had done I felt dreadfully, worse than you will ever know, husband. I dropped right back upon the rock. Babe had obeyed me to the letter and was still standing where I had told him to. Even that strange cold nose hadn't made him move. He was braver than I. When I saw he was safe my senses all came back to me. I heard the two-legs calling to the beast with the cold nose 'Rover, come here, sir! Don't you touch that little chick!' I was glad to hear those words but even then I didn't dare trust him nor his dog too much. So I made believe I had broken a wing and I fluttered off the porch close by the very feet of the two-legs and flew straight ahead of him, trailing one wing in the dust."

"What for?" asked Peter, interrupting Mrs. Nighthawk. At his question the lady bird turned and looked the boy squarely in the eye.

"Why, to make the man follow me away from the porch and our baby. I hoped that our young chick would guess what I was up to and would make his escape behind the rock where neither man nor dog would find him."

"But what do you think really happened?"

Mrs. Nighthawk glanced from the boys to her husband and flapped her wings in excitement.

BESSEMER NEWS

LITERARY NEWS

Just to make matters more complicated and interesting, the literary contest between Plaingrove and Bessemer last Friday night showed up two very evenly matched teams. Plaingrove won two points and Bessemer won three. At the next debate, however, Bessemer will have the opposite side in the debate and will not have so much time for preparation.

Next Friday, April 27, the second contest will be held at Plaingrove. There is a chance that the score will again be tied. If such a condition exists some other method will be devised to determine the winner. Each time the judges are chosen by Supt. Syling and are approved by the principals of both schools.

Bessemer's high school orchestra will send a number of its players along with the literary team to Plaingrove Friday night. The orchestra will entertain with several selections between the literary numbers.

BE-HI RECORD

On the first day of May the seventh issue of the Bi-Hi record will be on sale in the hall at Bessemer high. They will also be on sale during the musical concert Tuesday night. This will be the last paper published by the combined efforts of the juniors and seniors. The eighth, or final issue, is to be entirely a senior paper.

Because of the publicity given to the music department in the spring this paper has been dedicated to the musical activities. The paper is doubly worth while because of its pictures. Not only the orchestra and glee club but also the champion basketball team will be represented on the pages of this Be-Hi.

SEVENTH GRADE STUDENT ILL

On account of illness Twila Groce, a student of the seventh grade, is confined to her home. Miss Groce has been a very active student and is greatly missed by her class. Everyone hopes she will soon be back again.

MUSICAL CONCERT

While preparing for the musical contest at Grove City the Bessemer high school students are also getting ready to present a musical concert at the Bessemer high school. This concert will be given on Tuesday evening of next week. Included in the program will be music by the high school chorus, singing by the girls' glee club and musical selections by the high school orchestra.

Money gained from the admission to the concert will be used for expenses connected with the musical contest at Grove City. Transportation and meals, which are to be provided by the school, will be, at least, partly paid for by the proceeds from Tuesday night's entertainment.

CHAPEL

Last Thursday Mr. McConnell presented the program for the chapel hour. Most of the numbers were given by members of the history club. The program was:

Devotions—Mr. McConnell.
Orchestra.
"The Ragged Boy," a reading—Milka Sankovich.
Upside Down Songs—Defeet.
Debate, Resolved that Sabbath baseball should be abolished.
Duet—Girls of history club.
Original paper—Lillian Ribarrich.
Piano solo—Margaret Irvin.
Play—"William Tell."
Address—Mr. Green, president of Bessemer State bank.

The chapel program this week will be under the supervision of Miss McLaughlin.

ODD FELLOWS BANQUET

On Friday night of this week the Odd Fellows will hold their annual banquet. The banquet this year is to be held in the Bessemer high school auditorium. Miss McLaughlin and the girls of the high school will prepare and serve the supper.

TEACHERS PARTY

Last Tuesday evening both grade and high school lady teachers were invited to a party at the home of Florence Swanson. A delightful evening was spent and refreshments were served by Mrs. Swanson.

REPORT CARDS

Last Wednesday marked another epoch of report cards. The reports in the high school are given out every six weeks. This makes the fifth time reports have been handed out this year. The final will be marked on the next six weeks' cards.

Neighbors admire the *whiter* washes

that I get with this hard-water soap

I'M proud of my whiter washes. Not only because they're the whitest ever, but because I do them so easily.

All I use is Rinso. This famous granulated hard-water soap makes our hard water soft as rain — and so suday. It's marvelous to see how these lasting suds loosen the dirt and stains.

Why, when I take the clothes from the washer, they're spotless.

I don't even bother about boiling any more. Rinso washes things so sweet and sparkling.

I don't wonder so many washing machine demonstrators use Rinso — and that the makers of 32 leading washers endorse it for safety. I'd certainly advise every woman to keep the BIG package of Rinso handy. Get it today from your grocer.

TODAY'S STORYETTE

During the railroad strike in England a volunteer engineer on the London-Liverpool express performed the remarkable feat of bringing the train into Liverpool 25 minutes ahead of time. The passengers went forward in a body to thank him. A pale face emerged from the cab.

"Don't thank me," he gasped, "thank God. I only found out how to stop this thing ten minutes ago."

Queer mortals! In the flood district are millions who think cities have providential disasters because of their wickedness.

As a rule you can tell when a flapper has had a fresh haircut. Her neck looks so clean.

UNION LABEL

WELCOME 33RD DISTRICT ROTARIANS

NEW CASTLE as a whole is gratified at the opportunity presented this week to enact the role of host to the Thirty-third district Rotarians and their guests. The annual convention is now under way at the Scottish Rite cathedral, and it is the desire not only of the members of the New Castle Rotary club, but of the citizens of New Castle that the sojourn of visiting delegations be as pleasant and enjoyable as possible. For whatever facilities New Castle affords to make the present convention a notable one in the lives of these Rotarians, the New Castle club and remainder of the citizenry are rejoiced.

On the other hand New Castle is gratified to entertain this host of Rotary because of the service and ideals that are not only representative of the aims of the organization, but are in fact emblematic of real accomplishment of Rotary. Your organization is one, that, while among the developments of recent years, occupies a most important place in the affairs of this busy world, and one which is truly of service to nation, community and fellow man.

Welcome to New Castle, Rotarians!

PRESIDENT COOLIDGE AND FLOOD CONTROL

[redacted] the president has been trying to do in the matter of [redacted]ssissippi flood control is to safeguard the United States [redacted] from raids that might reach high into the hundreds of [redacted] We believe that the public in general understands the [redacted]

[redacted]e problem is a national one to a considerable degree. It [redacted]ether too big for the several states directly involved to [redacted] The nation must, therefore, come to their aid. But this [redacted] mean that they should be relieved of all responsibility [redacted]e Philadelphia Inquirer. The government cannot plunge into a vast enterprise that might, it it alone were to assume the entire burden, load it down with tremendous costs. It must have co-operation not only as a safeguard against inconceivable extravagance, not to say private loot, but as a principle.

In the debate on the floor of the house it has been predicted that if congress in the end should send to the president a measure which he deems most unwise a veto would follow. No doubt of it. What is more, it would be fully justified. The raiders of both senate and house would do well to consider seriously the warning that has been given them. Haven't they realized yet that upon every occasion where congress and president have come into conflict the latter has always enjoyed the confidence of the people?

In this Mississippi flood controversy he is right, as usual. He is right on farm relief, right on income tax reduction, right all along the line.

DECREASE IN CALL FOR BABY CARRIAGES

MANUFACTURERS of baby carriages are complaining that the demand for their product has declined materially. Two reasons are suggested: One, that there are not so many babies and the other, that the automobile has made it less needful to wheel out the baby in his own vehicle. There may be another reason. There are fewer safe places in which to wheel a baby carriage than in former days. Though a city baby might enjoy being in the park, the perils on the way there might act to deter from the effort. It would be a rash person who would risk the baby's life by wheeling it along a highway. A baby carriage would stand a poor show in a conflict with an automobile.

Possibly baby carriage manufacturers are the victims of altered traffic conditions rather than that their plight is due to fewer babies. Babies are our best crop and we can not as a people be prosperous unless the output is ample. Though baby carriages may be superseded there is no substitute for a baby. It would be alarming indeed were the slackening of demand for carriages to indicate failure of the baby crop.

DIRE PROPHECIES

WHAT is it that gives prophecies of evil such popularity? Hope springs eternal in the human breast, but it is equally certain that man likes to be frightened and relishes the thrill of menace around him. Else, why the interest with which he reads prophecies of world destruction, why the gusto with which forecasts of world-wrecking wars are swallowed, why the gusto with which forecasts of world-wrecking wars are swallowed, why the weight given to prophecies of economic upheaval and cataclysm?

The most reasonable answer to this question is that man likes such prophecies because of the joy that he derives from their failure. He is secretly confident of escape from whatever besets him, and, by that token, he likes to be tricked into believing that the peril from which he will escape is of the direst.

DRESSING TO PLEASE

A FEW days ago much space was given in the news to the claim that styles and cuts in feminine raiment are largely controlled by men. Now it appears that, to a large extent, women select and buy men's attire for store trade. That makes it about fifty-fifty—and why not an admirable arrangement?

As a rule the object of fastidious feminine dressers is at least to pass muster with the male element at reviewing stations, and with the masculine peacocks it is the feminine observer whose praise is sought. The matter standing thus, it is a logical arrangement for women to wear clothes that men have designed and for men to deck themselves in raiment that women have selected.

How does a church get into debt? It's very simple—nothing easier. Given a group of members who can make no pledge to the church, another group who wait till the very last to pay their pledges and then pay up only when personally seen, and still another group who pledge something and never pay it and still others who pay considerably less to the church than they do to the movies and chewing gum and you have a church that can never stay out of debt. For I, too, have some hay you see."
So they got nowhere; just pawed up dirt,
And oh, by golly, how that rope did hurt.

Then they faced about, those stubborn mules,
And said, "We are just like human fools.
Let's pull together, I'll go your way,
Then come with me, and we'll both eat hay!"

Well they ate their hay and liked it too,
And swore to be comrades good and true.
As the sun went down they were heard to say,
"Ah, this is the end of a perfect day."

Now get this lesson—don't let it pass,
Learn this one thing from the poor jackass.
We must pull together—'tis the only way,
To put business on the map and put it on to stay.

All dust, including the hair is carried into a receptacle by air current. Horse barns and cow stables can be kept in perfect order; production of clean milk made easier by the new method. And grooms no longer are obliged to breathe in dust as they clean the animals. Those that can afford the machine should use it, and in dairies of any size its use should be compulsory—it takes disease- breeding flies with it.

Afterwards.

They laid her away in the afternoon,
She was and she is no more,
But the roses nod and the birds of June
Still sing at her cottage door.
And men and women go laughing by
And this will be so when the greatest die.

But because she was who is now no more,
There are numberless lovely things,
She planted the roses by the door
And the tree where the robin sings.
And who can say that it is the same
Old world which it was on the day she came?

Oh, busy and hurried the world goes on,
As it will when the greatest die,
And the few who mourn for the absent one
Are tempted to question why.
But the roses the sweet souls planted here
Still live and blossom from year to year.

FOREST CONSERVATION

Thrift means intelligent spending as well as intelligent saving.

And forest conservation depends quite as much upon the intelligent use of timber products as upon the saving of the forests.

This is a point that has often been overlooked by tree sentimentalists.

Axel H. Oxholm, director of the National Committee on Wood Utilization at Washington, has issued a very timely pamphlet bringing out this point.

National interests will benefit far more by vigorous encouragement of timber growing than by hoarding the timber we now have. The reason for this is simple. Growing wood is after all an economical business, that is, if it can be made to pay it will be done and if it can't be made to pay all our shouting will not accomplish much.

It can only be made to pay when there is a constant and profitable use made of timber products and at the same time careful attention paid to reforesting.

Forest fires should be [illegible] guarded against, much more [illegible] than they are, and taxes [illegible] timber lands should be so [illegible] as to make the growing of timber lucrative.

The sentimental interest in trees, the love of trees as a part of the landscape and their necessity for the prevention of floods should go hand in hand with the commercial use of tree products, with their being cared for in such a way as not only to make timber profitable, but to provide for the new crop.

It is to be hoped that efforts will be successful to place the timber business of the United States upon a solid economic and political foundation, so that our forests may be preserved and may increase.

Mr. Oxholm says: "The constructive solution of the whole problem lies in timber use and timber culture, each backing and sustaining the other.

Like any crop, timber becomes a loss if not utilized when mature, and waste should be avoided. Orderly and systematic work of timber lands should be encouraged."

Bible Thought For Today

GOD'S FAITHFULNESS OUR SURETY—Hear my prayer, O Lord, give ear to my supplications: in thy faithfulness answer me, and in thy righteousness.—Psalm 143:1.

PRAYER—O Thou that heareth prayer, unto Thee shall all flesh come.

The World AND THE Mud Puddles

COULDN'T FOOL HIM.

No Race of people in the world have so much religious faith as have the negroes. When they pray, they expect results and substantial results. It is no uncommon thing to find one of the Race who has had seemingly an answer to the petition.

One went to his pastor and handed him a letter to the Lord which ran: "Please send dis poor darkey $50,000 right away." The pastor, a kind-hearted man, called together several of his friends and said: "This poor fellow has so much faith in the Lord that he expects Him to send the $50 right away. We shouldn't let him be disappointed. Let's make a collection for him." This was done and $42 was contributed, which sum was sent to the ingenious petitioner.

Next day the colored man handed the parson another letter. This one ran: "Dear Lord, De nex' time You send dis darky money, don't sent it through no parson—send it to me direct."

Do you know the man who stops you on the street, pulls you over to the nearest brick wall or show window and gives you a long and detailed plan for the better ordering of the universe? Look out that your interest in something or other doesn't make you top-heavy. Beware lest it overbalance you and bring you into the way of leaning on every friendly and harassed soul who will listen to you. Keep your balance and spare the other fellow.

NO COURTESY

This is the time of year—these spring mornings—to call the attention of motorists to the fact that they are not doing the humble pedestrian a favor when they ask him to ride. They are only embarrassing him. The walk to work may be made one of the pleasantest and most useful parts of the day. And sufficient walking removes the necessity for playing golf.

* * *

MAN BEATING NATURE

Nature does her utmost, but little by little man goes on beating her. Heavy fogs have been the bane of air and sea navigation. Now comes the invention of a light so powerful that it can be seen 50 miles through a haze. It will be of immense value in outlining landing fields and it will guide ships.

It is doubtful if nature even wins the final victory in what we call death. Rather does it merely bring on a change to which the soul of man somehow makes adjustment.

* * *

MAN AND MACHINE

Mr. Darrow says man is a machine. And so he is. But man is unlike other machines. He has something that other machines do not have and cannot get. The corner drug store will sell you the ingredients of which the human body is made for a little less than a dollar—or for somewhat larger amounts for about three dollars. But you cannot make a man of them. Machines may be made to function perfectly, but they do not seek to be something better than themselves. Man, at his best, does seek to be something better than himself. There's a difference.

* * *

MAN AND BEAST

Man, a machine, is also an animal. He is a puny animal compared with the horse or the elephant. As an animal he is behind the other animals in many ways—in strength, in sureness of instinct, oftentimes in good sense. Other animals do not do violence to their instincts. Man at his worst does. But man has something that makes him totally different. He has aspiration. Where did he get that? This is important.

THIS JUSTICE IDEA

A short time ago I said in this column something to the effect that we humans know less about justice than most other important things. I have a great respect for the human race, mind you. I think it knows and feels some marvelous things and qualities. Love, for instance, which came to the race long before reason or ideas of concrete concepts, is one of the oldest and most perfect possessions of man.

We have a pretty respectable notion of sympathy, too, and we are apt to be strongly motivated by charity and neighborliness.

But the idea of justice is a bit refined and complicated for us. In very few human beings, even in 1928, do you find the concept of justice well-developed and strong in motivating force.

But let me talk about Michael Monahan for a while.

Michael Monahan is an author; a man of letter. For years I have wanted to know him, but I have never met him. Jack Raper of Cleveland, who is one of this round world's best judges of men, told me about Michael Monahan years ago. He used to work with Monahan as a newspaper reporter in Albany, back when the world was young.

Monahan has written a new book which I have just finished reading. It is "My Jeanne D'Arc." It is much the best book about the Maid of Orleans that I have ever read, and I have read Mark Twain's "Joan of Arc" with much pleasure.

It is hard to write the story of Joan without being bitter. Such high personages stooped so low and acted so basely in order to destroy this good country girl who had saved France. Such mighty dignitaries proved themselves such hypocrites. Such noblemen showed such sadly ignoble natures. And they burned her at the stake in the market square of Rouen.

Very learned men shook their learned heads over Joan's case and said, "Yes, we'll have to burn her to death." Justice, they call it. Of course, Joan has triumphed. But the flames hurt her, even as they would hurt you or me. It is no fun being burned to death, even though eternal glory awaits.

Michael Monahan tells the whole story with a minimum of bitterness, and with a poetic feeling for the true character of the lovely girl of Domremy. It furnishes some of the best reading I have come upon this season.

Mourned By Nation

Mourned alike by the President, cabinet members, and his old comrades in the navy, Bennett's body will be brought here from Quebec Friday and borne across the Potomac to Arlington where a special grave has been selected.

The man who rose from an ordinary "gob" in the navy to a veritable dukedom among flying men will be buried within fifty feet of the grave of Rear Admiral Robert E. Peary. Thus the first man to reach the North Pole and one of the first two men to reach it by air will sleep their last sleep in close proximity.

President Coolidge led the Capital's expressions of grief over the tragic death of the naval flyer. He telegraphed Mrs. Bennett that her husband's death "will be a great loss to the science of aviation."

VICE PRESIDENT OF INTERNATIONAL MAKES ADDRESS

(Continued From Page One)

western Pennsylvania it is a by-word. You have tasted of it. Again, may I say that the city is 'wide open' to you. The place is yours. We only hope that these two days will always linger in your memories. And now, in behalf of the host club, may I welcome you."

Makes Response

Following the short address of President Wallace a response was made by Thomas Fitzgerald, president of Pittsburgh Rotary Club. Mr. Fitzgerald thanked the New Castle Rotarians for the splendid welcome which had been extended and declared that from the time he came to New Castle every action of every citizen made him more than thrice welcome. Everywhere he went, Mr. Fitzgerald stated, he received every attention, and he believed that all other delegates and their friends got the same privileges.

"When I came to New Castle I knew that I was coming to a live club," he concluded. "Everything is running so smoothly. The simple fact that 1,200 will attend the banquet this evening shows the high esteem in which the district holds the New Castle club and district governor, Charles F. Uhl. I am sure that everyone will go away with a splendid memory of the city."

After the address of Mr. Fitzgerald President Wallace read a telegram from the headquarters of Rotary International which congratulated the 33d district on their conference and wished it every success.

Governor Assumes Charge

"In your presence, sirs, I announce that the conference is in session."

With these words President Wallace turned over the conference to District Governor Charles F. Uhl of Somerset, Pa., who will preside at all future sessions.

After the presentation of the district governor, J. Lee McFate presented him with the program and rules of the conference, making a motion that these be accepted. The motion was seconded and passed. Attention was also called to the basket of flowers which was sent by the New Castle Kiwanis Club to the conference, and a telegram from the Pennsylvania Kiwanis district, wishing Rotarians of the 33d district all success in their conference.

The history of Rotary during his term was then reviewed by Charles F. Uhl in his address. He told how during the past year two clubs had been added in the district and that eight others are to be proposed in the near future. He also welcomed the delegates to the conference of an organization whose essentials apply everywhere; an organization with a universal moral principle; an organization recognizing only one community and one humanity.

Rotary Aims.

"Rotary brings about a world-wide brotherhood of men," Mr. Uhl continued. "It is designed to stop misunderstanding, it offers peace in place of war, it offers a method whereby the world can be united in a single understanding, which will mend among all peoples. Through Rotary we will lay the foundation and build the temple of universal peace."

Mr. Uhl concluded his address by wishing the delegates would carry back to their clubs something worth while from the conference.

Next to be introduced to the delegates was Walter D. Cline of Wichita Falls, Texas, first vice president of Rotary International, who brought the message of the world-wide movement to the delegates from the 33rd district.

First Vice President Speaks.

After thanking the host club and the district governor for the opportunity to address the conference, Mr. Cline explained that he was a plain man, a man of savage speech, who would use no preliminaries. He explained that he had studied assiduously Eddie Guest, Eugene Field and James Whitcomb Riley, but that he would use none of these. He also stated that he would not be reminded of any stories.

"Are we taking ourselves and Rotary too seriously?" was the keynote of his address. He then reminded the delegates that they were a cross section of the business and professions of their various cities.

"Among this gang which make up your Rotary club, there is bound to be what is called the 'rough element,'" he continued. "As a well digger, I have learned that there is no man but what has some good in him. All are willing to help others, if they are given a chance. It is the duty of Rotary to give this so-called 'rough element,' the ones who will not work for the community in any other way, the chance which they need. Make them work. Put them on committees. They will be glad of the opportunity to help.

Men of Action.

"None of us can get too far removed from the 'common people,' either your home club or the international movement. It is the common people who usually have common sense and guts enough to use it. I want to see these delegates go back and do something. You know, there is an old saying which applies to Rotary: I WOULD RATHER BE WRONG THAN NOTHING. I have little sympathy for the man who waits until everything is right before he acts. A man should do what he thinks is right, but more than all, he should do something!

"Our club has been criticized roundly for the statements of many of the members, including international officers. Some of these men say that Rotary is all the religion that a man needs. But we find that the only fundamentally important classification in the clubs is religious. We have no right to say that we are the men who promote all the forward movements in the world, we who are but 21 years old as a group when for the last 20 centuries the church has been fighting down ignorance. I regret to feel that we have a man in the organization who does not feel the distinction between religion and Rotary. The churches must be recognized first of all and the clubs must not be confused with the churches.

Criticism Good.

"And it is a good thing to be criticized by smart literary fellows, who delight in poking all manner of fun at us Rotarians. It shows that we are alive, for people usually hold their noses when they pass a carcass. Our enemies and critics are the best friends we have. They are assets. They mean a lot in our development.

"In the international program which we have attempted to set up, it was necessary for us to adapt the problems of one country to those of others. What would be a problem in Switzerland would not be found in Italy and so on. In China, Japan and South Africa we found problems besetting them that other nations knew little of.

"It has taken a great deal of adaptation upon the part of all of us. After all Rotary is an intermingling of all nations and we must all learn to know that the other fellow has his views, his rights and his opinions just as we have.

"We must help the other fellow, the other club, the other nation. Are you doing your part to bring about this better understanding among nations that Rotary is striving to accomplish?" Mr. Cline asked in conclusion.

At the first session of the conference, seven past district governors were present, along with Charles F. Uhl, the present district governor. These men are Edwin C. May, Fred Stover, Anthony McFarland, W. Charles Wallace, president of the New Castle Rotary club, George T. Buchanan, Roy Neville and Emmett Bailey.

Noon Luncheon

At noon the first luncheon of the conference, which was attended by over 600 delegates and their friends, was held in the main dining room of the Scottish Rite Cathedral. At the speaker's table sat presidents of the district clubs, W. Charles Wallace, president of New Castle Club; Walter D. Cline, first vice president of Rotary International; Charles F. Uhl of Somerset, governor of the 33d district of Rotary; Carl Paisley, chairman of the conference committees.

During the meal music was furnished by a part of the Senior High school orchestra, under the direction of Professor LaVerne Irvine. Jack Leppert, secretary of the Johnstown Rotarians, led the pep singing.

The Rev. S. C. Gamble, a past president of the Butler Rotary Club, and at one time a minister in New Castle, made an address, after which Alan D. Davis, director of the conservatory of music at Westminster College, sang several solos.

Afternoon Sessions

This afternoon round table discussions are making up the program of the conference. These are divided into five groups, each discussing some problem particularly pertinent to Rotary. At seven o'clock this evening a banquet will be held at the Scottish Rite Cathedral dining rooms, at which more than 1,200 people are expected to attend. It will be addressed by Strickland Gilliland, nationally known as a humorist. The R. V. B. entertainers will also appear at this time.

Friday morning the conference will convene at 9:15 in the east lodge room of the Scottish Rite Cathedral. Communications and announcements will be read by the conference secretary, after which the reports of the various conference committees will be heard. At 10 o'clock there will be a short program on the development of the individual Rotarian in his desire and capacity for service. Nominations for the next district governor will be received at noon. A luncheon will be held following the nominations. During the noon recess balloting for the next district governor will take place.

At two o'clock Friday afternoon invitations from the various cities that want the next district convention of Rotary will be heard by the conference. Following this there will be a report of the election committee, and after the introduction of the district governor nominee the conference will close. The district governor nominee will go to the next convention of Rotary International, where he will be officially named as the governor of the 33d district of Rotary.

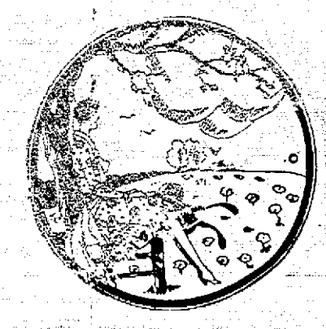
HIGGINS BROS.



Public Confidence In a Store

Arises in many cases from the knowledge that the store is managed according to modern merchandising principles.

Working in close co-operation with other progressive stores in different sections of the country Higgins Bros. now have in operation the most modern system of scientific merchandising.

Our endeavor is to give worthwhile values and new merchandise every day in the year. We offer no premiums, no contests, no sensational selling methods. This is strictly a store.

And the increased demand for our merchandise is due solely to the fact that the variety and selection is ever new, that the salespeople are responsible and intelligent and that the prices represent the utmost values.

Welcome Rotarians!

May you find your visit to New Castle so full of pleasure that we may extend to you the hand of welcome, not just this once—but many times in the future.

Saturday Is HIGGINS DAY

One of the rare occasions of the year when we offer special prices in every department of the store. And because it comes but twice a year is one of the reasons why the offerings are so unusual.

Our New York office has secured thousands of dollars worth of merchandise from our regular sources of supply who make us special price concessions on these occasions. Several pages of advertising in Friday's paper will tell you all about the savings.

One Honorary Fraternity For College Debaters

(Special To The News)
NEW WILMINGTON, Pa., April 26.—At a combined meeting of Tau Kappa Alpha, national honorary forensic fraternity, and Alpha Sigma Alpha, local honorary debating sorority last night, it was agreed that hereafter there will be but one honorary society for debaters at Westminster, the co-eds to become members of Tau Kappa Alpha as well as the men.

According to the national regulations of Tau Kappa Alpha, both women and men students who have participated in intercollegiate debates are eligible for election. For a number of years the Westminster co-eds have sought admission to the Westminster chapter, but it was not until last night's meeting that the men agreed to give them the privilege.

A meeting of Tau Kappa Alpha will be held in the near future at which time a number of new members will be voted on for election and officers will be chosen for the coming year.

TENNIS MATCHES TONIGHT AT Y. W.

Two tennis matches will be played off this evening in the Y. W. Tennis tournament. Contestants in matches are, Miss Kathryn Newbury versus Mrs. Eileen Stone; Miss Jennie Johnson versus Miss Betty Noss.

Cease Throwing Gravel And Stone

Police Chief Horner today stated complaints have been registered of boys on the East Side and North Hill throwing gravel and stones, large and heavy enough to wreck windows at houses.

He said that though he would dislike to have the police arrest boys for this offense arrests naturally will follow unless the pernicious practice is stopped immediately.

Six District Governors Greet Guests At Ball Opening Rotary Convention

Five past district governors and Charles F. Ubl of Somerset, Pa., the present governor of the 33d district of Rotary, greeted and welcomed more than 400 members of the Rotary Clubs of western Pennsylvania at the annual governors' ball, which took place Wednesday evening in the ballroom of the Scottish Rite Cathedral, officially opening the conference of the district, which will continue until Friday afternoon.

The past district governors who were present at the reception which preceded the ball are: Stewart McFarland of Pittsburgh, Emmett Bailey of Oil City, George Buchanan of Indiana, Fred C. Stone of Butler and W. Charles Wallace, who now is president of the New Castle Rotarians, the host club.

There was no reception preceding the annual ball. Rotarians from all over western Pennsylvania met in the lobby of the Cathedral, renewing old friendships and making new ones. No formalities were observed.

At about nine o'clock dancing started in the ballroom of the Cathedral and continued until midnight.

Those out-of-town Rotarians who were first to register at the Scottish Rite Cathedral for the conference are: Dr. and Mrs. J. Denny O'Neil, Mr. and Mrs. Cliff Shafer, Mr. and Mrs. Joseph McElvany, all of McKeesport, and Mr. and Mrs. Joseph Vogt and Mr. and Mrs. W. J. Young of East Pittsburgh.

During Wednesday afternoon New Castle Rotarians registered for the conference, 90 out of the 95 members completitng their registrations before 10 o'clock in the evening.

Dufford's auction ends tonight, 7:30 to 9:30. Grand prize tonight. Come. 513 S. Mill street.—Adv. 1t.

RAILROAD MEN HOLD BANQUET

Annual Banquet Of Mutual Beneficial Association Held Last Night

Annual banquet of the Mutual Beneficial Association, local No. 55 of the Pennsylvania railroad was held in the banquet room of the Y. M. C. A. on Wednesday evening with about 75 joining in the good time.

After the banquet a program of speeches and several entertainment numbers was given under the direction of E. A. Fenton, supervising agent, who acted as toastmaster.

Harry Yoho, truckman at the New Castle freight house, gave some fine sleight of hand tricks. Joe West gave some accordion selections in a most pleasing manner.

Among the speakers of the evening were E. J. Wilson, division safety agent; J. G. Hartley, division engineer, and Raymond Swenk, superintendent of the local division. E. K. Brandt of Pittsburgh, field organizer of the Mutual Beneficial Association for the central region, gave a talk on the work of the association and the plans soon to be carried out for an increase in membership.

The scheme of decorations was most pleasing. The banquet was in charge of a committee with I. W. Tate, track foreman, as chairman. Other members of the committee were C. H. Comstock, supervisor; C. L. Rose, boiler inspector, and J. P. Carlin, pipe fitter.

Mother Tells How Konjola Relieved Her Two Children

New Medicine Gave Them New Life And Energy: Built Up Entire System

MARGARET & WALTER MAJORS
Heavy Photo

This new Konjola medicine has received the most startling voluntary testimonials ever written in New Castle. Report after report is coming from men and women already benefited, while at the same time, the Konjola Man, at the Love and Megown drug store, 204 East Washington St., New Castle, is personally explaining this new compound to large crowds daily.

Among the great list of New Castle people who are indorsing this Konjola is Mrs. Clara Majors, 1202 School St., this city.

"I am so thankful for the relief Konjola gave to my two children that I will not only make a public statement about it, but I will also tell my friends and neighbors about this splendid preparation of yours", said Mrs. Major.

"The health of my son, Walter, who is five years old, had always been a constant worry to me. He was very weak and frail and did not seem at all like other children. He had no appetite and we would actually have to force him to eat his meals. His body was broken out with boils and a terrible rash. We tried all kinds of medicine but nothing ever helped him in the least. All day long he would have crying spells and we never could find out what caused them. Finally I decided to give him Konjola after hearing about this wonderful medicine and the relief others had obtained from it. The first few bottles seemed to put new life in him. I noticed the change right away. Now he is like a different boy. His appetite is good and he is always eating. The rash and boils have completely disappeared and his complexion is like a baby's. He never cries like he used to and is a perfect child. Since he started taking this medicine he has steadily gained in weight and strength.

"In the case of my daughter, Margaret, who is only two years old, I had practically the same worries. She was listless and sallow. I thought that as she was growing older, those ailments would wear off, but they only kept getting worse. The food she ate, did not nourish her the way it should and she was greatly underweight. Her body was broken out with blemishes just the same as Walter's. You can imagine the worries and fears I had over the health of my two children. When Konjola helped Walter so much, I decided that it would do no harm to give it to Margaret. It is a blessing that I did, because it helped right from the start. Now she is a lively baby and is getting better every day. Her complexion is just what it should be, all the blemishes are gone and she has lots more color in her face. Her appetite is getting better all the time and the food nourishes her just as Nature intends it to. In fact, her health is so much better I hardly know what to make of it.

"Konjola has been a Godsend in our home and I shall always praise this medicine and recommend it to everyone who suffers because I know what it will do".

The Konjola Man is at the Love and Megown drug store, 204 East Washington St., New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy.

Rotary Is International

That the Rotary Club is an International organization is shown by the above illustration, in which representatives of five countries, all members of the International Board of Directors, are shown. Reading from left to right, the men are as follows: Albert Bouchery of Belgium; I. B. Sutton of Mexico; Arthur H. Sapp of the United States, and president of Rotary International; J. S. Royer of Canada; and Marcel Franck of France. The 33rd district conference of Rotary is in session in New Castle, Thursday and Friday, April 26 and 27.

Rotary Conference Sidelights

New Castle is bedecked in gala array for the Rotarians of the 33rd district. Rotary banners fly from all the street flag poles in the down town section, announcing "Welcome Rotary."

And at The Castleton, decorations for the Rotarians have also been put up. Over the marquise, banners in blue and white and gold have been hung again welcoming the visiting delegates and their friends.

In the lobby of the hotel, a giant guide has been placed so that no one can possibly go astray. It consists of a mammoth sheet of cardboard, and on the left hand side, the program for the men has been printed, while on the right hand side, the women's program has been placed.

Everyone turned greeter last evening. At the hotels, even if he did not have a badge, a man could not walk the length of the lobby without being stopped and asked which club he belonged to.

On all sides, one could hear expressions of wonder at the magnificence of the Scottish Rite cathedral and The Castleton, where the conference is quartered. "The finest hotel and the finest cathedral in this section of the State," seemed to be the concensus of opinion.

Perhaps the most worried man at the conference is H. B. Richards of the New Castle club, who is in charge of hotel reservations. Every few minutes the phone rang, and some voice inquired why there are two traveling salesmen in the room which he had reserved.

But at that, there is not much confusion. Before he came to New Castle, each delegate was sent a card, on it his hotel assignment, and necessary information about getting to the hotel. This saved endless confusion at the registration desk, and Mr. Richards should be congratulated on the clever way in which he handled the problem.

There is another local man who is quite pleased with the smooth way in which things are running. He is J. Lee McFate, general chairman in charge of the local committees. When he was asked last night how things were going, his Collidgic reply was "fine!"

Six district governors were in attendance at the reception and ball which took place Wednesday evening at the cathedral. This morning two more arrived. They were Anthony W. Smith, Jr., and Edwin C. May. Because of a mix up in reading the railways time tables, Charles D. Cline, vice president of Rotary International did not arrive in the city last evening until the ball was almost over, so he went to The Castleton instead.

Up at Westminster college, the co-eds are preparing to serve tea to the visiting Rotary-Anns, who will inspect the college this afternoon and have tea at the Hillside. An entertainment is also being planned for the ladies.

The way that the transportation committee at the Scottish Rite cathedral is functioning is another thing that deserves merit. As each car comes in, a pin is placed on the owners name. When he takes a guest out, the pin is removed, so that the number of cars at hand can be told with the minimum amount of fuss.

And the Scouts are there in full force, answering questions, and directing the visitors to the various places within the building.

Rotarians rotated on their chairs, rotated their necks, looked in the direction of the west banquet room of the Scottish Rite cathedral, where Rotary-Anns were holding their luncheon at noon today. The point of attraction was a style show, the like of which has not been seen for some time, nor will it be seen for some time to come. Comely high school girls were dressed, not in modern fashion, but in the clothes of their grandmothers and great-grandmothers. Rotarian necks stretched. It was a treat. Finally one maiden, dressed in the fashion of the naughty nineties, was persuaded to come out and give the men a look—see. This she did. Applause. Persuaded again she got up on a vacant table. Boards creaked. More applause. And the Rotarians' style show was over.

At the banquet this evening an orchestra of some 70 pieces, under the direction of LaVerne Irvine, and composed of the students of the New Castle high school, will play for the 1200 guests who will be in attendance.

The Castleton, where most of the conference is quartered at noon today, reports a turn away. Every room is occupied by Rotarians, and the permanent guests. The overflow has gone to the other hotels of the city. At the luncheon today more than 600 men alone were seated. Which seems to be a record which future conferences of the 33rd district can shoot at.

Local Rotary-Anns Entertain Guests

Luncheon Held At Cathedral For Over 200 Visiting Ladies

About 250 women were present at the luncheon today for the Rotary-Anns and guests, attending the district conference of the Rotary International in the Scottish Rite cathedral.

The visiting ladies were entertained this morning by an automobile ride about the city and a visit to the Shenango Pottery. Nearly 200 enjoyed this trip.

At 2 o'clock this afternoon New Castle Rotary-Anns will entertain their guests by an automobile trip to New Wilmington and a visit to Westminster college with tea at the Hillside. The New Wilmington Rotary-Anns will assist in the entertainment of the guests.

Mrs. J. F. Rentz is chairman of the Rotary-Anns committee. Other members of the committee are Mrs. Rex Patch, Mrs. J. L. McFate, Mrs. Ira Ramsey, Mrs. Frank Orth, Mrs. J. R. Preston, Mrs. Jos. Rice, Mrs. DeLacc Cole, Mrs. Frank Burton and Mrs. B. H. Kannenberg.

Program for the lady guests tomorrow include breakfast bridge at The Castleton at 9:45 o'clock, luncheon at 12 o'clock in the crystal ballroom of The Castleton and a play "The Tightwad" at the senior high school presented under the direction of Miss Hartsuff, with music by the high school orchestra.

Name Board To Count Primary Vote

Task of counting the vote cast in the primary of Tuesday will be started promptly at noon on Friday. It is not anticipated that the counting of the vote will take long, owing to the small number of votes cast.

The board of county commissioners today named the persons, who will count the vote. They are William J. Eroe, Jr., John Stanton, Mrs. Jack Griner and Mrs. Nora Long.

Auto busses are appearing in Tangier, Morocco, and now writers will have an additional smell to describe in that city of many odors.

Community Dinner Plans Are Complete

Judge Florence Allen Of Cleveland To Be Chief Speaker

Plans for the community dinner at the Scottish Rite Cathedral next Monday evening when Judge Florence E. Allen will speak are practically complete. All indications point toward a successful evening. On the program are Sam Lewis, one of our favorite local soloists and Judge J. A. Chambers who will deliver a brief address. A large delegation is expected from Youngstown, smaller ones from Sharon, Erie and Butler to hear Judge Allen.

She is a speaker who appeals to widely varied classes of people; women feel an especial pride in her as an embodiment of the noblest qualities of their sex. Personally and professionally she is a representative of the highest type of American woman. At home and abroad she compels attention and arrests admiration. She is typical of the best that American woman has to lay on the altar of service.

When she ran for her present office, that of judge of the supreme court of Ohio she had little money for campaign expenses and no time to make trips. But each week end she went to some nearby town and spoke on Sunday mornig in the local chiurch. She did not make an appeal for votes. She discussed the subjects of the day and urged the attention of her congregation to them. She appeared to people, discussed matters before them and left the candidacy to them. The League of Women Voters and other associations sent questionnaires to her asking her stand on important issues. She answered them briefly but fully. The answers were already made in her own mind. To trim them, to arrange them so that they would not offend or could be construed in several ways never occurred to her.

Balkan States Rocked By Quake

Renewed Shocks Felt In Bulgaria; Greece Reports Tremors; Damage Is Heavy

(International News Service)

LONDON, April 26.—Earthquakes again rocked the Balkans today.

Several were reported in the vicinity of Athens and Corinth in Greece. Renewed shocks were experienced throughout Bulgaria, the heaviest damage being suffered at Lule Burgas on the Black sea.

Many houses were demolished and many were reported injured in several villages in the vicinity of Lule Burgas. This section had been unaffected by the recent earthquakes until last night.

Thousands of panic-stricken and scantily-clothed peasants are arriving at Sofia daily.

King Boris, who is directing relief operations stamped the recent quakes as the "most terrible in the history of Bulgaria."

"Health Must Be Sought Not Bought" Dr. Appel Warns State's Children

HARRISBURG, April 26.—Dr. Theodore B. Appel, secretary of health, today issued a message to the school boys and girls of Pennsylvania with reference to Child Health Week which will be celebrated the first week in May. Dr. Appel said:

"With each recurring May Day an increased amount of interest in health problems is manifest, particularly in these problems associated with children, and the reason for this increased interest is easily seen. People as a rule are learning that the underlying rules of health are not obscure, but simple and in great part easy to follow. Health cannot be bought but must be sought. It is also recognized that health habits can best be taught to the young and as a consequence the May Day celebrations are particularly dedicated to the children, with the hope that the boys and girls of Pennsylvania will choose to be well and strong by doing those things which will help and avoiding these things which will harm.

"Certain illnesses can be prevented and every boy and girl should want to be protected against diphtheria. It is easy to be immunized. Every boy and girl should want to be protected against smallpox. It is easy to be vaccinated and the law requires it. Everyone should want to be protected against tuberculosis, and that means keeping in good health.

"May Day is really an appeal to the boys and girls to want to keep well, and to show them the way to do so by the teaching of habits of health—proper food and proper habits of living—fresh air, exercise, sleep, bathing, dressing and caring for the teeth. By following simple rules governing these points it is in the power of nearly all of the boys and girls of this commonwealth to grow up to be strong and healthy men and women."

But why was the porcupine given protective quills? Weren't all the creatures forbidden to eat pork?

RAMON NOVARRO
NORMA SHEARER

The most glorious romance of the stage has now been brought to the screen in a truly magnificent production. Who better than Lubitsch, genius of the screen, could direct the brilliant, touching story of the Prince who loved a maid!

And who, better than Ramon Novarro and Norma Shearer, could portray the world's best beloved lovers! Student days at Heidelberg! The passion of youth, in the shadow of a throne, that sweeps everything before it!

Floyd Bennett To Be Buried In Arlington

Body Of Late Aviation Hero Will Be Laid To Rest In National Cemetery

HIGH MILITARY HONORS PREVAIL

President Coolidge Leads Capital's Expression Of Regret At Flier's Demise

(International News Service)

WASHINGTON, April 26.—A funeral service such as the government gives only the most distinguished of its representatives will mark the burial in Arlington cemetery tomorrow of Floyd Bennett, the trans-Polar flyer who sacrificed his life in the furtherance of aeronautical science.

Mourned By Nation

Mourned alike by the President, cabinet members, and his old comrades in the navy, Bennett's body will be brought here from Quebec Friday and borne across the Potomac to Arlington where a special grave has been selected.

The man who rose from an ordinary "gob" in the navy to a veritable dukedom among flying men will be buried within fifty feet of the grave of Rear Admiral Robert E. Peary. Thus the first man to reach the North Pole and one of the first two men to reach it by air will sleep their last sleep in close proximity.

President Coolidge led the Capital's expressions of grief over the tragic death of the naval flyer. He telegraphed Mrs. Bennett that her husband's death "will be a great loss to the science of aviation."

VICE PRESIDENT OF INTERNATIONAL MAKES ADDRESS

(Continued From Page One)

western Pennsylvania it is a by-word. You have tasted of it. Again, may I say that the city is 'wide open' to you. The place is yours. We only hope that these two days will always linger in your memories. And now, in behalf of the host club, may I welcome you."

Makes Response

Following the short address of President Wallace a response was made by Thomas Fitzgerald, president of Pittsburgh Rotary Club. Mr. Fitzgerald thanked the New Castle Rotarians for the splendid welcome which had been extended and declared that from the time he came to New Castle every action of every citizen made him more than thrice welcome. Everywhere he went, Mr. Fitzgerald stated, he received every attention, and he believed that all other delegates and their friends got the same privileges.

"When I came to New Castle I knew that I was coming to a live club," he concluded. "Everything is running so smoothly. The simple fact that 1,200 will attend the banquet this evening shows the high esteem in which the district holds the New Castle club and district governor, Charles F. Uhl. I am sure that everyone will go away with a splendid memory of the city."

After the address of Mr. Fitzgerald President Wallace read a telegram from the headquarters of Rotary International which congratulated the 33d district on their conference and wished it every success.

Governor Assumes Charge

"In your presence, sirs, I announce that the conference is in session."

With these words President Wallace turned over the conference to District Governor Charles F. Uhl of Somerset, Pa., who will preside at all future sessions.

After the presentation of the district governor, J. Lee McFate presented him with the program and rules of the conference, making a motion that these be accepted. The motion was seconded and passed. Attention was also called to the basket of flowers which was sent by the New Castle Kiwanis Club to the conference, and a telegram from the Pennsylvania Kiwanis district, wishing Rotarians of the 33d district all success in their conference.

The history of Rotary during his term was then reviewed by Charles F. Uhl in his address. He told how during the past year two clubs had been added in the district and that eight others are to be proposed in the near future. He also welcomed the delegates to the conference of an organization whose essentials apply everywhere; an organization with a universal moral principle; an organization recognizing only one community and one humanity.

Rotary Aims.

"Rotary brings about a world wide brotherhood of man," Mr. Uhl continued. "It is designed to stop misunderstanding; it offers peace in place of war; it offers a method whereby the world can be united in a single understanding, which will extend among all peoples. Through Rotary we will lay the foundation and build the temple of universal peace."

Mr. Uhl concluded his address by wishing the delegates would carry back to their clubs something worth while from the conference.

Next to be introduced to the delegates was Walter D. Cline of Wichita Falls, Texas, first vice president of Rotary International, who brought the message of the world wide movement to the delegates from the 33rd district.

First Vice President Speaks.

After thanking the host club and the district governor for the opportunity to address the conference, Mr. Cline explained that he was a plain man, a man of savage speech, who would use no preliminaries. He explained that he had studied assiduously Eddie Guest, Eugene Field and James Whitcomb Riley, but that he would use none of these. He also stated that he would not be reminded of any stories.

"Are we taking ourselves and Rotary too seriously?" was the keynote of his address. He then reminded the delegates that they were a cross section of the business and professions of their various cities.

"Among this gang which make up your Rotary club, there is bound to be what is called the 'rough element'" he continued. "As a well digger, I have learned that there is no man but what has some good in him. All are willing to help others, if they are given a chance. It is the duty of Rotary to give this so-called 'rough element', the ones who will not work for the community in any other way, the chance which they need. Make them work. Put them on committees. They will be glad of the opportunity to help.

Men of Action.

"None of us can get too far removed from the common people, either your home club or the international movement. It is the common people who usually have common sense and guts enough to use it. I want to see these delegates go back and do something. You know, there is an old saying which applies to Rotary: I WOULD RATHER BE WRONG THAN NOTHING. I have little sympathy for the man who waits until everything is right before he acts. A man should do what he thinks is right, but more than all, he should do something!

"Our club has been criticized roundly for the statements of many of the members, including international officers. Some of these men say that Rotary is all the religion that a man needs. But we find that the only fundamentally important classification in the clubs is religious. We have no right to say that we are the men who promote all the forward movements in the world, we who are but 21 years old as a group when for the last 20 centuries the church has been fighting down ignorance. I regret to feel that we have a man in the organization who does not feel the distinction between religion and Rotary. The churches must be recognized first of all and the clubs must not be confused with the churches.

Criticism Good.

"And it is a good thing to be criticized by smart literary fellows, who delight in poking all manner of fun at us Rotarians. It shows that we are alive, for people usually hold their noses when they pass a carcass. Our enemies and critics are the best friends we have. They are assets. They mean a lot in our development.

"In the international program which we have attempted to set up, it was necessary for us to adapt the problems of one country to those of others. What would be a problem in Switzerland would not be found in Italy and so on. In China, Japan and South Africa we found problems besetting them that other nations knew little of.

"It has taken a great deal of adaptation upon the part of all of us. After all Rotary is an intermingling of all nations and we must all learn to know that the other fellow has his views, his rights and his opinions just as we have.

"We must help the other fellow, the other club, the other nation. Are you doing your part to bring about this better understanding among nations that Rotary is striving to accomplish?" Mr. Cline asked in conclusion.

At the first session of the conference, seven past district governors were present, along with Charles F. Uhl, the present district governor. These men are Edwin C. May, Fred Stover, Anthony McFarland, W. Charles Wallace, president of the New Castle Rotary club, George T. Buchanan, Roy Neville and Emmett Bailey.

Noon Luncheon

At noon the first luncheon of the conference, which was attended by over 600 delegates and their friends, was held in the main dining room of the Scottish Rite Cathedral. At the speaker's table sat presidents of the district clubs, W. Charles Wallace, president of New Castle Club; Walter D. Cline, first vice president of Rotary International; Charles F. Uhl of Somerset, governor of the 33d district of Rotary; Carl Paisley, chairman of the conference committees.

During the meal music was furnished by a part of the Senior High school orchestra, under the direction of Professor LaVerne Irvine. Jack Leppert, secretary of the Johnstown Rotarians, led the pep singing.

The Rev. S. C. Gamble, a past president of the Butler Rotary Club, and at one time a minister in New Castle, made an address, after which Alan D. Davis, director of the conservatory of music at Westminster College, sang several solos.

Afternoon Sessions

This afternoon round table discussions are making up the program of the conference. These are divided into five groups, each discussing some problem particularly pertinent to Rotary. At seven o'clock this evening a banquet will be held at the Scottish Rite Cathedral dining rooms, at which more than 1,200 people are expected to attend. It will be addressed by Strickland Gilliland, nationally known as a humorist. The R. V. B. entertainers will also appear at this time.

Friday morning the conference will convene at 9:15 in the east lodge room of the Scottish Rite Cathedral. Communications and announcements will be read by the conference secretary, after which the reports of the various conference committees will be heard. At 10 o'clock there will be a short program on the development of the individual Rotarian in his desire and capacity for service. Nominations for the next district governor will be received at noon. A luncheon will be held following the nominations. During the noon recess balloting for the next district governor will take place.

At two o'clock Friday afternoon invitations from the various cities that want the next district convention of Rotary will be heard by the conference. Following this there will be a report of the election committee, and after the introduction of the district governor nominee the conference will close. The district governor nominee will go to the next convention of Rotary International, where he will be officially named as the governor of the 33d district of Rotary.

HIGGINS BROS.

Public Confidence In a Store

Arises in many cases from the knowledge that the store is managed according to modern merchandising principles.

Working in close co-operation with other progressive stores in different sections of the country Higgins Bros. now have in operation the most modern system of scientific merchandising.

Our endeavor is to give worthwhile values and new merchandise every day in the year. We offer no premiums, no contests, no sensational selling methods. This is strictly a store.

And the increased demand for our merchandise is due solely to the fact that the variety and selection is ever new, that the salespeople are responsible and intelligent and that the prices represent the utmost values.

Welcome Rotarians!

May you find your visit to New Castle so full of pleasure that we may extend to you the hand of welcome, not just this once—but many times in the future.

Saturday Is HIGGINS DAY

One of the rare occasions of the year when we offer special prices in every department of the store. And because it comes but twice a year is one of the reasons why the offerings are so unusual.

Our New York office has secured thousands of dollars worth of merchandise from our regular sources of supply who make us special price concessions on these occasions. Several pages of advertising in Friday's paper will tell you all about the savings.

One Honorary Fraternity For College Debaters

(Special To The News)

NEW WILMINGTON, Pa., April 26. —At a combined meeting of Tau Kappa Alpha, national honorary forensic fraternity, and Alpha Sigma Alpha, local honorary debating sorority last night, it was agreed that hereafter there will be but one honorary society for debaters at Westminster, the co-eds to become members of Tau Kappa Alpha as well as the men.

According to the national regulations of Tau Kappa Alpha, both women and men students who have participated in intercollegiate debates are eligible for election. For a number of years the Westminster co-eds have sought admission to the Westminster chapter, but it was not until last night's meeting that the men agreed to give them the privilege.

A meeting of Tau Kappa Alpha will be held in the near future at which time a number of new members will be voted on for election and officers will be chosen for the coming year.

Cease Throwing Gravel And Stone

Police Chief Horner today stated complaints have been registered of boys on the East Side and North Hill throwing gravel and stones, large and heavy enough to wreck windows at houses.

He said that though he would dislike to have the police arrest boys for this offense arrests naturally will follow unless the pernicious practice is stopped immediately.

Prepare Park For Busy Year

Many Improvements Are Being Made At Cascade Park At Present

BIG SEASON IS BEING FORECAST

Extensive improvements are under way preparatory to the formal opening of Cascade Park, May 19. When amusement seekers wend their way to the recreation center they will find all the buildings painted green and white. Rainbow Terrace entirely redecorated and enlarged and several new amusement devices having been erected.

Manager Carl Shaner recently had the Rainbow Terrace check room and electric light room removed from the north to the south side of the pavilion which provides more room for dancers and promenaders. The new check room with individual hat and coat hangers can accommodate 2,000.

A force of decorators started today redecorating the pavilion. All of the flowers, baskets and lattice will be gone over and when the electric lighting system is operated the terrace will present a beautiful appearance.

The Caterpillar which has been operating several years has been removed and in its place is the Tilt-A-Whirl, a new ride. It is reported to be one of the most unique rides in the country. Davis also is installing a new, circular Fishpond.

Twenty new Dodg' Em Cars, each costing $500 have been placed on the floor. The new cars have pneumatic shock absorbers and are in reality small automobiles and at night lights can be extinguished and the automobiles can be guided with their own headlights.

The Park restaurant is undergoing a complete renovation and is being decorated in a most fastidious manner. New equipment has been received and it is to be made one of the most beautiful summer dining halls in this section of the country.

A new and large sign has been built at the entrance to the park. It has been set back from East Washington street so that traffic will not be congested in the thoroughfare. It is planned to fix the roadbed entrance to the park.

The ponies which formerly cavorted athletic field which is to be used by the children. It will be possible for baseball games, croquet and other games. The Custer Ride is being made larger and Billy Glenn is adding to his collection of laugh making equipment in the Fun-House.

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

HIDING IN THE OPEN

"Hiding! In the open!" Peter didn't believe he had heard right. But Nighthawk, instead of answering, chirped to his wife.

"It's quite all right, my dear. You may move now. This young two-legs is a stranger but he's quite safe and will be good to you and our baby. Come on over and meet him!"

Almost before Nighthawk had finished, his wife had stretched her wings. Now she started toward Peter and his companion, after her toddling chick. With a nod to Peter, Mrs. Nighthawk began to chirp excitedly to her husband.

"Oh dear me, I have had a fright this afternoon that it will take me days to get over. Babe and I were sitting on our north porch when along came a tall two-legs with his arms full of branches he had trimmed from the trees. I heard him call to another two-legs and I kept so quiet that he almost stepped upon me without seeing babe or myself at all. Of course that was what I had hoped for—that he wouldn't see us, I mean, because we were so much the color of the porch. Everything would have been all right if a big animal hadn't come bounding up and poked his nose into my feathers. This scared me so that without thinking I flew straight into the air. For that one second

A BIG ANIMAL POKED HIS NOSE INTO MY FEATHERS. I FLEW STRAIGHT INTO THE AIR.

even our baby was forgotten in the instinct to save my own life."

"Oh wife! I'd never have believed that of you. How could you allow fright to make you leave our child to his fate?" Nighthawk looked so reproachfully at his mate that she drooped her head in shame and hurriedly continued:

"When I found out what I had done I felt dreadfully, worse than you will ever know, husband. I dropped right back upon the rock. Babe had obeyed me to the letter and was still standing where I had told him to. Even that strange cold nose hadn't made him move. He was braver than I. When I saw he was safe my senses all came back to me. I heard the two-legs calling to the beast with the cold nose 'Rover, come here, sir! Don't you touch that little chick!' I was glad to hear those words but even then I didn't dare trust him nor his dog too much. So I made believe I had broken a wing and I fluttered off the porch close by the very feet of the two-legs and flew straight ahead of him, trailing one wing in the dust."

"What for?" asked Peter, interrupting Mrs. Nighthawk. At his question the lady bird turned and looked the boy squarely in the eye.

"Why, to make the man follow me away from the porch and our baby. I hoped that our young chick would guess what I was up to and would make his escape behind the rock where neither man nor dog would find him."

"But what do you think really happened?"

Mrs. Nighthawk glanced from the boys to her husband and flapped her wings in excitement.

BESSEMER NEWS

LITERARY NEWS

Just to make matters more complicated and interesting, the literary contest between Plaingrove and Bessemer last Friday night showed up two very evenly matched teams. Plaingrove won two points and Bessemer won three. At the next debate, however, Bessemer will have the opposite side in the debate and will not have so much time for preparation.

Next Friday, April 27, the second contest will be held at Plaingrove. There is a chance that the score will again be tied. If such a condition exists some other method will be devised to determine the winner. Each time the judges are chosen by Supt. Syling and are approved by the principals of both schools.

Bessemer's high school orchestra will send a number of its players along with the literary team to Plaingrove Friday night. The orchestra will entertain with several selections between the literary numbers.

BE-HI RECORD

On the first day of May the seventh issue of the Bi-Hi record will be on sale in the hall at Bessemer high. They will also be on sale during the musical concert Tuesday night. This will be the last paper published by the combined efforts of the juniors and seniors. The eighth, or final issue, is to be entirely a senior paper.

Because of the publicity given to the music department in the spring this paper has been dedicated to the musical activities. The paper is doubly worth while because of its pictures. Not only the orchestra and glee club but also the champion basketball team will be represented on the pages of this Be-Hi.

SEVENTH GRADE STUDENT ILL

On account of illness Twila Groce, a student of the seventh grade, is confined to her home. Miss Groce has been a very active student and is greatly missed by her class. Everyone hopes she will soon be back again.

MUSICAL CONCERT

While preparing for the musical contest at Grove City the Bessemer high school students are also getting ready to present a musical concert at the Bessemer high school. This concert will be given on Tuesday evening of next week. Included in the program will be music by the high school chorus, singing by the girls' glee club and musical selections by the high school orchestra.

Money gained from the admission to the concert will be used for expenses connected with the musical contest at Grove City. Transportation and meals, which are to be provided by the school, will be, at least, partly paid for by the proceeds from Tuesday night's entertainment.

CHAPEL

Last Thursday Mr. McConnell presented the program for the chapel hour. Most of the numbers were given by members of the history club. The program was:

Devotions—Mr. McConnell.
Orchestra.
"The Ragged Boy," a reading—Muka Sankovich.
Upside Down Songs—Defeet.
Debate, Resolved that Sabbath baseball should be abolished.
Duet—Girls of history club.
Original paper—Lillian Ribarrich.
Piano solo—Margaret Irvin.
Play—"William Tell."
Address—Mr. Green, president of Bessemer State bank.

The chapel program this week will be under the supervision of Miss McLaughlin.

ODD FELLOWS BANQUET

On Friday night of this week the Odd Fellows will hold their annual banquet. The banquet this year is to be held in the Bessemer high school auditorium. Miss McLaugh and the girls of the high school will prepare and serve the supper.

TEACHERS PARTY

Last Tuesday evening both grade and high school lady teachers were invited to a party at the home of Florence Swanson. A delightful evening was spent and refreshments were served by Mrs. Swanson.

REPORT CARDS

Last Wednesday marked another epoch of report cards. The reports in the high school are given out every six weeks. This makes the fifth time reports have been handed out this year. The final will be marked on the next six weeks' cards.

that I get with this hard-water soap

I'M proud of my whiter washes. Not only because they're the whitest ever, but because I do them so easily.

All I use is Rinso. This famous granulated hard-water soap makes our hard water soft as rain — and so sudsy. It's marvelous to see how these lasting suds loosen the dirt and stains.

Why, when I take the clothes from the washer, they're spotless.

I don't even bother about boiling any more, Rinso washes things so sweet and sparkling.

I don't wonder so many washing machine demonstrators use Rinso — and that the makers of 32 leading washers endorse it for safety. I'd certainly advise every woman to keep the BIG package of Rinso handy. Get it today from your grocer.

When amusement seekers wend their way to the recreation center they will find all the buildings painted green and white. Rainbow Terrace entirely redecorated and enlarged and several new amusement devices having been erected.

Manager Carl Shaner recently had the Rainbow Terrace check room and electric light room removed from the north to the south side of the pavilion which provides more room for dancers and promenaders. The new check room with individual hat and coat hangers can accommodate 2,600.

A force of decorators started today redecorating the pavilion. All of the flowers, baskets and lattice will be gone over and when the electric lighting system is operated the terrace will present a beautiful appearance.

The Caterpillar which has been operating several years has been removed and in its place is the Tilt-A-Whirl, a new ride. It is reported to be one of the most unique rides in the country. Davis also is installing a new, circular Fishpond.

Twenty new Dodg' Em Cars, each costing $500 have been placed on the floor. The new cars have pneumatic shock absorbers and are in reality small automobiles and at night lights can be extinguished and the automobiles can be guided with their own headlights.

The Park restaurant is undergoing a complete renovation and is being decorated in a most fastidious manner. New equipment has been received and it is to be made one of the most beautiful summer dining halls in this section of the country.

A new and large sign has been built at the entrance to the park. It has been set back from East Washington street so that traffic will not be congested in the thoroughfare. It is planned to fix the roadbed entrance to the park.

The ponies which formerly cavorted athletic field which is to be used by the children. It will be possible for baseball games, croquet and other games. The Custer Ride is being made larger and Billy Glenn is adding to his collection of laugh making equipment in the Fun-House.

The ponies which formerly cavoted across the Big Run have been placed near the Lake where tours on water can be made in the Cascade motor launch. A building where drill teams can exchange clothing has been built near the Big Run stream, something which has been needed, according to

the Japanese ball rack will ew amusement device known "Spill the Milk." Wooden botainted white and to resemble ottles will be placed and perill throw baseballs at them. It here as are several other ment devices located at various in the park.

of the buildings are receiving annual coat of green and white The foliage is spreading from different trees and about May 24 flowers which enhance the beauty the park will be placed in the and.

Puts New Life Into Dull, Tired, Faded Skin

Just a little Calonite powder sprinkled on a wet cloth and rubbed gently over the face before retiring will clear the pores of all dirt and dust and oily accumulation, preventing blackheads. It puts new life into dull, tired skin, so you will enjoy a good night's rest.

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

HIDING IN THE OPEN

"Hiding! In the open!" Peter didn't believe he had heard right. But Nighthawk, instead of answering, chirped to his wife.

"It's quite all right, my dear. You may move now. This young two-legs is a stranger but he's quite safe and will be good to you and our baby. Come on over and meet him!"

Almost before Nighthawk had finished, his wife had stretched her wings. Now she started toward Peter and his companion, after her toddling chick. With a nod to Peter, Mrs. Nighthawk began to chirp excitedly to her husband.

"Oh dear me, I have had a fright this afternoon that it will take me days to get over. Babe and I were sitting on our north porch when along came a tall two-legs with his arms full of branches he had trimmed from the trees. I heard him call to another two-legs and I kept so quiet that he almost stepped upon me without seeing babe or myself at all. Of course that was what I had hoped for—that he wouldn't see us, I mean, because we were so much the color of the porch. Everything would have been all right if a big animal hadn't come bounding up and poked his nose into my feathers. This scared me so that without thinking I flew straight into the air. For that one second

A BIG ANIMAL POKED HIS NOSE INTO MY FEATHERS. I FLEW STRAIGHT INTO THE AIR.

even our baby was forgotten in the instinct to save my own life."

"Oh wifie! I'd never have believed that of you. How could you allow fright to make you leave our child to his fate?" Nighthawk looked so reproachfully at his mate that she drooped her head in shame and hurriedly continued:

"When I found out what I had done I felt dreadfully, worse than you will ever know, husband. I dropped right back upon the rock. Babe had obeyed me to the letter and was still standing where I had told him to. Even that strange cold nose hadn't made him move. He was braver than I. When I saw he was safe my senses all came back to me. I heard the two-legs calling to the beast with the cold nose 'Rover, come here, sir! Don't you touch that little chick!' I was glad to hear those words but even then I didn't dare trust him nor his dog too much. So I made believe I had broken a wing and I fluttered off the porch close by the very feet of the two-legs and flew straight ahead of him, trailing one wing in the dust."

"What for?" asked Peter, interrupting Mrs. Nighthawk. At his question the lady bird turned and looked the boy squarely in the eye.

"Why, to make the man follow me away from the porch and our baby. I hoped that our young chick would guess what I was up to and would make his escape behind the rock where neither man nor dog would find him."

"But what do you think really happened?"

Mrs. Nighthawk glanced from the boys to her husband and flapped her wings in excitement.

BESSEMER NEWS

LITERARY NEWS

Just to make matters more complicated and interesting, the literary contest between Plaingrove and Bessemer last Friday night showed up two very evenly matched teams. Plaingrove won two points and Bessemer won three. At the next debate, however, Bessemer will have the opposite side in the debate and will not have so much time for preparation.

Next Friday, April 27, the second contest will be held at Plaingrove. There is a chance that the score will again be tied. If such a condition exists some other method will be devised to determine the winner. Each time the judges are chosen by Supt. Syling and are approved by the principals of both schools.

Bessemer's high school orchestra will send a number of its players along with the literary team to Plaingrove Friday night. The orchestra will entertain with several selections between the literary numbers.

BE-HI RECORD

On the first day of May the seventh issue of the Bi-Hi record will be on sale in the hall at Bessemer high. They will also be on sale during the musical concert Tuesday night. This will be the last paper published by the combined efforts of the juniors and seniors. The eighth, or final issue, is to be entirely a senior paper.

Because of the publicity given to the music department in the spring this paper has been dedicated to the musical activities. The paper is doubly worth while because of its pictures. Not only the orchestra and glee club but also the champion basketball team will be represented on the pages of this Be-Hi.

SEVENTH GRADE STUDENT ILL

On account of illness Twila Groce, a student of the seventh grade, is confined to her home. Miss Groce has been a very active student and is greatly missed by her class. Everyone hopes she will soon be back again.

MUSICAL CONCERT

While preparing for the musical contest at Grove City the Bessemer high school students are also getting ready to present a musical concert at the Bessemer high school. This concert will be given on Tuesday evening of next week. Included in the program will be music by the high school chorus, singing by the girls' glee club and musical selections by the high school orchestra.

Money gained from the admission to the concert will be used for expenses connected with the musical contest at Grove City. Transportation and meals, which are to be provided by the school, will be, at least, partly paid for by the proceeds from Tuesday night's entertainment.

CHAPEL

Last Thursday Mr. McConnell presented the program for the chapel hour. Most of the numbers were given by members of the history club. The program was:

Devotions—Mr. McConnell.
Orchestra.
"The Ragged Boy," a reading—Myrka Sankovich.
Upside Down Songs—Defeet.
Debate, Resolved that Sabbath baseball should be abolished.
Duet—Girls of history club.
Original paper—Lillian Ribarrich.
Piano solo—Margaret Irvin.
Play—"William Tell."
Address—Mr. Green, president of Bessemer State bank.

The chapel program this week will be under the supervision of Miss McLaughlin.

ODD FELLOWS BANQUET

On Friday night of this week the Odd Fellows will hold their annual banquet. The banquet this year is to be held in the Bessemer high school auditorium. Miss McLaugh' and the girls of the high school will prepare and serve the supper.

TEACHERS PARTY

Last Tuesday evening both grade and high school lady teachers were invited to a party at the home of Florence Swanson. A delightful evening was spent and refreshments were served by Mrs. Swanson.

REPORT CARDS

Last Wednesday marked another epoch of report cards. The reports in the high school are given out every six weeks. This makes the fifth time reports have been handed out this year. The final will be marked on the next six weeks' cards.

Neighbors admire the *whiter* washes

that I get with this hard-water soap

I'M proud of my whiter washes. Not only because they're the whitest ever, but because I do them so easily.

All I use is Rinso. This famous granulated hard-water soap makes our hard water soft as rain — and *so* sudsy. It's marvelous to see how these lasting suds loosen the dirt and stains.

Why, when I take the clothes from the washer, they're spotless. I don't even bother about boiling any more, Rinso washes things so sweet and sparkling.

I don't wonder so many washing machine demonstrators use Rinso—and that the makers of 32 leading washers endorse it for safety. I'd certainly advise every woman to keep the BIG package of Rinso handy. Get it today from your grocer.

Six District Governors Greet Guests At Ball Opening Rotary Convention

Five past district governors and Charles F. Uhl of Somerset, Pa., the present governor of the 33d district of Rotary, greeted and welcomed more than 400 members of the Rotary Clubs of western Pennsylvania at the annual governors' ball, which took place Wednesday evening in the ballroom of the Scottish Rite Cathedral, officially opening the conference of the district, which will continue until Friday afternoon.

The past district governors who were present at the reception which preceded the ball are: Stewart McFarland of Pittsburgh, Emmett Bailey of Oil City, George Buchanan of Indiana, Fred C. Stone of Butler and W. Charles Wallace, who now is president of the New Castle Rotarians, the host club.

There was no reception preceding the annual ball. Rotarians from all over western Pennsylvania met in the lobby of the Cathedral, renewing old friendships and making new ones. No formalites were observed.

At about nine o'clock dancing started in the ballroom of the Cathedral and continued until midnight.

Those out-of-town Rotarians who were first to register at the Scottish Rite Cathedral for the conference are: Dr. and Mrs. J. Denny O'Neil, Mr. and Mrs. Cliff Shafer, Mr. and Mrs. Joseph McElvany, all of McKeesport, and Mr. and Mrs. Joseph Vogt and Mr. and Mrs. W. J. Young of East Pittsburgh.

During Wednesday afternoon New Castle Rotarians registered for the conference, 60 out of the 85 members completing their registration before 10 o'clock in the evening.

RAILROAD MEN HOLD BANQUET

Annual Banquet Of Mutual Beneficial Association Held Last Night

Annual banquet of the Mutual Beneficial Association, local No. 55 of the Pennsylvania railroad was held in the banquet room of the Y. M. C. A. on Wednesday evening with about 75 joining in the good time.

After the banquet a program of speeches and several entertainment numbers was given under the direction of E. A. Fenton, supervising agent, who acted as toastmaster.

Harry Yoho, truckman at the New Castle freight house, gave some fine sleight of hand tricks. Joe West gave some accordion selections in a most pleasing manner.

Among the speakers of the evening were E. J. Wilson, division safety agent; J. G. Hartley, division engineer, and Raymond Swenk, superintendent of the local division. E. K. Brandt of Pittsburgh, field organizer of the Mutual Beneficial Association for the central region, gave a talk on the work of the association and the plans soon to be carried out for an increase in membership.

The scheme of decorations was most pleasing. The banquet was in charge of a committee with I. W. Tate, track foreman, as chairman. Other members of the committee were C. H. Comstock, supervisor; C. L. Rose, boiler inspector, and J. P. Carlin, pipe fitter.

Mother Tells How Konjola Relieved Her Two Children

New Medicine Gave Them New Life And Energy; Built Up Entire System

MARGARET & WALTER MAJORS
Seavy Photo

These news Konjola medicine has created the most startling voluntary testimonials ever written in New Castle. Report after report is coming in of men and women already benefited, while at the same time the Konjola Man at the Love and Megown drug store, 204 East Washington St., New Castle, is personally explaining this new combination to large crowds daily.

One of the great list of New Castle people who are indorsing this medicine is Mrs. Clara Majors, 1202 Wilson ave., this city.

Mrs. Majors is thankful for the relief Konjola gave to my two children and not only make a public statement about it, but I will also tell my friends and neighbors about this wonderful preparation of yours", said Mrs. Majors.

"The health of my son, Walter, who is five years old, had always been a constant worry to me. He was always weak and frail and did not look at all like other children. His appetite was poor and we would always have to force him to eat his meals. His body was broken out in boils and a terrible rash. I tried all kinds of medicine but nothing ever helped him in the least. All day long he would have boils and we never could find out what caused them. Finally I decided to give him Konjola after hearing of it. I put this wonderful medicine and the relief others had obtained from it. The first few bottles seemed to put new life in him. I noticed the change right away. Now he is like a different boy. His appetite is good and he is always eating. The rash and boils have completely disappeared and his complexion is like a baby's. He never cries like he used to and is a perfect child. Since he started taking this medicine he has steadily gained in weight and strength.

"In the case of my daughter, Margaret, who is only two years old, I had practically the same worries. She was listless and sallow. I thought that as she was growing older, those ailments would wear off, but they only kept getting worse. The food she ate, did not nourish her the way it should and she was greatly underweight. Her body was broken out with blemishes just the same as Walter's. You can imagine the worries and fears I had over the health of my two children. When Konjola helped Walter so much, I decided that it would do no harm to give it to Margaret. It is a blessing that I did, because it helped right from the start. Now she is a lively baby and is getting better every day. Her complexion is just what it should be, all the blemishes are gone and she has lots more color in her face. Her appetite is getting better all the time and the food nourishes her just as Nature intends it to. In fact, her health is so much better I hardly know what to make of it.

"Konjola has been a Godsend in our home and I shall always praise this medicine and recommend it to everyone who suffers because I know what it will do".

The Konjola Man is at the Love and Megown drug store, 204 East Washington St., New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy.

Rotary Is International

That the Rotary Club is an International organization is shown by the above illustration, in which representatives of five countries, all members of the International Board of Directors, are shown. Reading from left to right, the men are as follows: Albert Bouchery of Belgium; I. B. Sutton of Mexico; Arthur H. Sapp of the United States, and president of Rotary International; J. S. Royer of Canada; and Marcel Franck of France. The 33rd district conference of Rotary is in session in New Castle, Thursday and Friday, April 26 and 27.

Rotary Conference Sidelights

New Castle is bedecked in gala array for the Rotarians of the 33rd district. Rotary banners fly from all the street flag poles in the down town section, announcing "Welcome Rotary."

And at The Castleton, decorations for the Rotarians have also been put up. Over the marquise, banners in blue and white and gold have been hung, again welcoming the visiting delegates and their friends.

In the lobby of the hotel, a giant guide has been placed so that no one can possibly go astray. It consists of a mammoth sheet of cardboard, and on the left hand side, the program for the men has been printed, while on the right hand side, the women's program has been placed.

Everyone turned greeter last evening. At the hotels, even if he did not have a badge, a man could not walk the length of the lobby without being stopped and asked which club he belonged to.

On all sides, one could hear expressions of wonder at the magnificence of the Scottish Rite cathedral and The Castleton, where the conference is quartered. "The finest hotel and the finest cathedral in this section of the State," seemed to be the concensus of opinion.

Perhaps the most worried man at the conference is H. B. Richards of the New Castle club, who is in charge of hotel reservations. Every few minutes the phone rang, and some voice inquired why there are two travelling salesmen in the room which he had reserved.

But at that, there is not much confusion. Before he came to New Castle, each delegate was sent a card, on it his hotel assignment, and necessary information about getting to the hotel. This saved endless confusion at the registration desk, and Mr. Richards should be congratulated on the clever way in which he handled the problem.

There is another local man who is quite pleased with the smooth way in which things are running. He is J. Lee McFate, general chairman in charge of the local committees. When he was asked last night how things were going, his Collidgic reply was "fine!"

Six district governors were in attendance at the reception and ball which took place Wednesday evening at the cathedral. This morning two more arrived. They were Anthony W. Smith, Jr., and Edwin C. May. Because of a mix up in reading the railways' time tables, Charles D. Cline, vice president of Rotary International did not arrive in the city last evening until the ball was almost over, so he went to The Castleton instead.

Up at Westminster college, the coeds are preparing to serve tea to the visiting Rotary-Anns, who will inspect the college this afternoon and have tea at the Hillside. An entertainment is also being planned for the ladies.

The way that the transportation committee at the Scottish Rite cathedral is functioning is another thing that deserves merit. As each car comes in, a pin is placed on the owners name. When he takes a guest out, the pin is removed, so that the number of cars at hand can be told with the minimum amount of fuss.

And the Scouts are there in full force, answering questions, and directing the visitors to the various places within the building.

Rotarians rotated on their chairs, rotated their necks, looked in the direction of the west banquet room of the Scottish Rite cathedral, where Rotary-Anns were holding their luncheon at noon today. The point of attraction was a style show, the like of which has not been seen for some time, nor will it be seen for some time to come. Comely high school girls were dressed, not in modern fashion, but in the clothes of their grandmothers and great-grandmothers. Rotarian necks stretched. It was a treat. Finally one maiden, dressed in the fashion of the naughty nineties, was persuaded to come out and give the men a look—see. This she did. Applause. Persuaded again, she got up on a vacant table. Boards creaked. More applause. And the Rotarians' style show was over.

At the banquet this evening an orchestra of some 70 pieces, under the direction of LaVerne Irvine, and composed of the students of the New Castle high school, will play for the 1200 guests who will be in attendance.

The Castleton, where most of the conference is quartered at noon today, reports a turn away. Every room is occupied by Rotarians, and the permanent guests. The overflow has gone to the other hotels of the city. At the luncheon today more than 600 men alone were seated. Which seems to be a record which future conferences of the 33rd district can shoot at.

Local Rotary-Anns Entertain Guests

Luncheon Held At Cathedral For Over 200 Visiting Ladies

About 250 women were present at the luncheon today for the Rotary-Anns and guests, attending the district conference of the Rotary International in the Scottish Rite cathedral.

The visiting ladies were entertained this morning by an automobile ride about the city and a visit to the Shenango Pottery. Nearly 200 enjoyed this trip.

At 2 o'clock this afternoon New Castle Rotary-Anns will entertain their guests by an automobile trip to New Wilmington and a visit to Westminster college with tea at the Hillside. The New Wilmington Rotary-Anns will assist in the entertainment of the guests.

Mrs. J. F. Rentz is chairman of the Rotary-Anns committee. Other members of the committee are Mrs. Rex Patch, Mrs. J. L. McFate, Mrs. Ira Ramsey, Mrs. Frank Orth, Mrs. J. R. Preston, Mrs. Jos. Rice, Mrs. DeLace Cole, Mrs. Frank Burton and Mrs. B. H. Kannenberg.

Program for the lady guests tomorrow include breakfast bridge at The Castleton at 9:45 o'clock, luncheon at 12 o'clock in the crystal ballroom of The Castleton and a play "The Tightwad" at the senior high school presented under the direction of Miss Hartsuff, with music by the high school orchestra.

Name Board To Count Primary Vote

Task of counting the vote cast in the primary of Tuesday will be started promptly at noon on Friday. It is not anticipated that the counting of the vote will take long, owing to the small number of votes cast.

The board of county commissioners today named the persons, who will count the vote. They are William J. Eroe, Jr., John Stanton, Mrs. Jack Griner and Mrs. Nora Long.

Community Dinner Plans Are Complete

Judge Florence Allen Of Cleveland To Be Chief Speaker

Plans for the community dinner at the Scottish Rite Cathedral next Monday evening when Judge Florence E. Allen will speak are practically complete. All indications point toward a successful evening. On the program are Sam Lewis, one of our favorite local soloists and Judge J. A. Chambers who will deliver a brief address. A large delegation is expected from Youngstown, smaller ones from Sharon, Erie and Butler to hear Judge Allen.

She is a speaker who appeals to widely varied classes of people; women feel an especial pride in her as an embodiment of the noblest qualities of their sex. Personally and professionally she is a representative of the highest type of American woman. At home and abroad she compels attention and arrests admiration. She is typical of the best that American woman has to lay on the altar of service.

When she ran for her present office, that of judge of the supreme court of Ohio she had little money for campaign expenses and no time to make trips. But each week end she went to some nearby town and spoke on Sunday mornig in the local church. She did not make an appeal for votes. She discussed the subjects of the day and urged the attention of her congregation to them. She appeared to people, discussed matters before them and left the candidacy to them. The League of Women Voters and other associations sent questionnaires to her asking her stand on important issues. She answered them briefly but fully. The answers were already made in her own mind. To trim them, to arrange them so that they would not offend or could be construed in several ways never occurred to her.

Balkan States Rocked By Quake

Renewed Shocks Felt In Bulgaria; Greece Reports Tremors; Damage Is Heavy

(International News Service)

LONDON, April 26.—Earthquakes again rocked the Balkans today.

Several were reported in the vicinity of Athens and Corinth in Greece. Renewed shocks were experienced throughout Bulgaria, the heaviest damage being suffered at Lule Burgas on the Black sea.

Many houses were demolished and many were reported injured in several villages in the vicinity of Lule Burgas. This section had been unaffected by the recent earthquakes until last night.

Thousands of panic-stricken and scantily-clothed peasants are arriving at Sofia daily.

King Boris, who is directing relief operations stamped the recent quakes as the "most terrible in the history of Bulgaria."

"Health Must Be Sought Not Bought," Dr. Appel Warns State's Children

HARRISBURG, April 26.—Dr. Theodore B. Appel, secretary of health today issued a message to the school boys and girls of Pennsylvania with reference to Child Health Week which will be celebrated the first week in May. Dr. Appel said:

"With each recurring May Day an increased amount of interest in health problems is manifest, particularly in these problems associated with children, and the reason for the increased interest is easily seen. People as a rule are learning that the underlying rules of health are not obscure, but simple and in great part easy to follow. Health cannot be bought but must be sought. It is also recognized that health habits can best be taught to the young and as a consequence the May Day celebrations are particularly dedicated to the children, with the hope that the boys and girls of Pennsylvania will choose to be well and strong by doing those things which will help and avoiding these things which will harm.

"Certain illnesses can be prevented and every boy and girl should want to be protected against diphtheria. It is easy to be immunized. Every boy and girl should want to be protected against smallpox. It is easy to be vaccinated and the law requires it. Everyone should want to be protected against tuberculosis, and that means keeping in good health.

"May Day is really an appeal to the boys and girls to want to keep well, and to show them the way to do so by the teaching of habits of health—proper food and proper habits of living—fresh air, exercise, sleep, bathing, dressing and caring for the teeth. By following simple rules governing these points it is in the power of nearly all of the boys and girls of this commonwealth to grow up to be strong and healthy men and women."

But why was the porcupine given protective quills? Weren't all the creatures forbidden to eat pork?

Whole Nights of Sound, Blessed Sleep

When you have to get up two or three times during the night it is often a sign of bladder trouble.

You may or may not have symptoms, such as a steady dull aching back and darting pains in the groin. At any rate Marshroot is guaranteed to help you in a very short time or money back.

You'll feel better after taking one bottle—more energy—and whole nights of sound sleep. It isn't expensive. Love & Megown is selling lots of it.

Six District Governors Greet Guests At Ball Opening Rotary Convention

Five past district governors and Charles F. Uhl of Somerset, Pa., the present governor of the 33d district of Rotary, greeted and welcomed more than 400 members of the Rotary Clubs of western Pennsylvania at the annual governors' ball, which took place Wednesday evening in the ballroom of the Scottish Rite Cathedral, officially opening the conference of the district, which will continue until Friday afternoon.

The past district governors who were present at the reception which preceded the ball are: Stewart McFarland of Pittsburgh, Emmett Bailey of Oil City, George Buchanan of Indiana, Fred C. Stone of Butler and W. Charles Wallace, who now is president of the New Castle Rotarians, the host club.

There was no reception preceding the annual ball. Rotarians from all over western Pennsylvania met in the lobby of the Cathedral, renewing old friendships and making new ones. No formalites were observed.

At about nine o'clock dancing started in the ballroom of the Cathedral and continued until midnight.

Those out-of-town Rotarians who were first to register at the Scottish Rite Cathedral for the conference are: Dr. and Mrs. J. Denny O'Neil, Mr. and Mrs. Cliff Shafer, Mr. and Mrs. Joseph McElvany, all of McKeesport, and Mr. and Mrs. Joseph Vogt and Mr. and Mrs. W. J. Young of East Pittsburgh.

During Wednesday afternoon New Castle Rotarians registered for the conference, 90 out of the 95 members completing their registrations before 10 o'clock in the evening.

Dufford's auction ends tonight, 7:30 to 9:30. Grand prize tonight. Come. 513 S. Mill street.—Adv. 1t.

RAILROAD MEN HOLD BANQUET

Annual Banquet Of Mutual Beneficial Association Held Last Night

Annual banquet of the Mutual Beneficial Association, local No. 55 of the Pennsylvania railroad was held in the banquet room of the Y. M. C. A. on Wednesday evening with about 75 joining in the good time.

After the banquet a program of speeches and several entertainment numbers was given under the direction of E. A. Fenton, supervising agent, who acted as toastmaster.

Harry Yoho, truckman at the New Castle freight house, gave some fine sleight of hand tricks. Joe West gave some accordion selections in a most pleasing manner.

Among the speakers of the evening were E. J. Wilson, division safety agent; J. G. Hartley, division engineer, and Raymond Swenk, superintendent of the local division. E. K. Brandt of Pittsburgh, field organizer of the Mutual Beneficial Association for the central region, gave a talk on the work of the association and the plans soon to be carried out for an increase in membership.

The scheme of decorations was most pleasing. The banquet was in charge of a committee with I. W. Tate, track foreman, as chairman. Other members of the committee were C. H. Comstock, supervisor; C. L. Rose, boiler inspector, and J. P. Carlin, pipe fitter.

Mother Tells How Konjola Relieved Her Two Children

New Medicine Gave Them New Life And Energy; Built Up Entire System

MARGARET & WALTER MAJORS
Seavy Photo

This new Konjola medicine has received the most startling voluntary testimonials ever written in New Castle. Report after report is coming from men and women already benefited, while at the same time, the Konjola Man, at the Love and Megown drug store, 204 East Washington St., New Castle, is personally explaining this new compound to large crowds daily.

The great list of New Castle people who are indorsing this medicine, Mrs. Clara Majors, 1202 Grant ave., this city, is thankful for the relief she has given to my two children and I not only make a public statement about it, but I will also tell friends and neighbors about this wonderful preparation of yours", Mrs. Clara Major.

"The health of my son, Walter, who is five years old, had always been a constant worry to me. He was always weak and frail and did not grow at all like other children. He had no appetite and we would have to force him to eat his meals. His body was broken out with boils and a terrible rash. He took all kinds of medicine but nothing ever helped him in the least. All day long he would have spells and we never could find out what caused them. Finally I decided to give him Konjola after hearing about this wonderful medicine and the relief others had obtained from it. The first few bottles seemed to put new life in him. I noticed a change right away. Now he is like a different boy. His appetite is good and he is always eating. The rash and boils have completely disappeared and his complexion is like a baby's. He never cries like he used to and is a perfect child. Since he started taking this medicine he has steadily gained in weight and strength.

"In the case of my daughter, Margaret, who is only two years old, I had practically the same worries. She was listless and sallow. I thought that as she was growing older, those ailments would wear off, but they only kept getting worse. The food she ate, did not nourish her the way it should and she was greatly underweight. Her body was broken out with blemishes just the same as Walter's. You can imagine the worries and fears I had over the health of my two children. When Konjola helped Walter so much, I decided that it would do no harm to give it to Margaret. It is a blessing that I did, because it helped right from the start. Now she is a lively baby and is getting better every day. Her complexion is just what it should be, all the blemishes are gone and she has lots more color in her face. Her appetite is getting better all the time and the food nourishes her just as Nature intends it to. In fact, her health is so much better I hardly know what to make of it.

"Konjola has been a Godsend in our home and I shall always praise this medicine and recommend it to everyone who suffers because I know what it will do".

The Konjola Man is at the Love and Megown drug store, 204 East Washington St., New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy.

Rotary Is International

That the Rotary Club is an International organization is shown by the above illustration, in which representatives of five countries, all members of the International Board of Directors, are shown. Reading from left to right, the men are as follows: Albert Bouchery of Belgium; I. B. Sutton of Mexico; Arthur H. Sapp of the United States, and president of Rotary International; J. S. Royer of Canada; and Marcel Franck of France. The 33rd district conference of Rotary is in session in New Castle, Thursday and Friday, April 26 and 27.

Rotary Conference Sidelights

New Castle is bedecked in gala array for the Rotarians of the 33rd district. Rotary banners fly from all the street flag poles in the down town section, announcing "Welcome Rotary."

And at The Castleton, decorations for the Rotarians have also been put up. Over the marquise, banners in blue and white and gold have been hung, again welcoming the visiting delegates and their friends.

In the lobby of the hotel, a giant guide has been placed so that no one can possibly go astray. It consists of a mammoth sheet of cardboard, and on the left hand side, the program for the men has been printed, while on the right hand side, the women's program has been placed.

Everyone turned greeter last evening. At the hotels, even if he did not have a badge, a man could not walk the length of the lobby without being stopped and asked which club he belonged to.

On all sides, one could hear expressions of wonder at the magnificence of the Scottish Rite cathedral and The Castleton, where the conference is quartered. "The finest hotel and the finest cathedral in this section of the State," seemed to be the concensus of opinion.

Perhaps the most worried man at the conference is H. B. Richards of the New Castle club, who is in charge of hotel reservations. Every few minutes the phone rang, and some voice inquired why there are two traveling salesmen in the room which he had reserved.

But at that, there is not much confusion. Before he came to New Castle, each delegate was sent a card, on it his hotel assignment, and necessary information about getting to the hotel. This saved endless confusion at the registration desk, and Mr. Richards should be congratulated on the clever way in which he handled he problem.

There is another local man who is quite pleased with the smooth way in which things are running. He is J. Lee McFate, general chairman in charge of the local committees. When he was asked last night how things were going, his Collidgic reply was "fine!"

Six district governors were in attendance at the reception and ball which took place Wednesday evening at the cathedral. This morning two more arrived. They were Anthony W. Smith, Jr., and Edwin C. May. Because of a mix up in reading the railways' time tables, Charles D. Cline, vice president of Rotary International did not arrive in the city last evening until the ball was almost over, so he went to The Castleton instead.

Up at Westminster college, the coeds are preparing to serve tea to the visiting Rotary-Anns, who will inspect the college this afternoon and have tea at the Hillside. An entertainment is also being planned for the ladies.

The way that the transportation committee at the Scottish Rite cathedral is functioning is another thing that deserves merit. As each car comes in, a pin is placed on the owners name. When he takes a guest out, the pin is removed, so that the number of cars at hand can be told with the minimum amount of fuss.

And the Scouts are there in full force, answering questions, and directing the visitors to the various places within the building.

Rotarians rotated on their chairs, rotated their necks, looked in the direction of the west banquet room of the Scottish Rite cathedral, where Rotary-Anns were holding their luncheon at noon today. The point of attraction was a style show, the like of which has not been seen for some time, nor will it be seen for some time to come. Comely high school girls were dressed, not in modern fashion, but in the clothes of their grandmothers and great-grandmothers. Rotarian necks stretched. It was a treat. Finally one maiden, dressed in the fashion of the naughty nineties, was persuaded to come out and give the men a look—see. This she did. Applause. Persuaded again, she got up on a vacant table. Boards creaked. More applause. And the Rotarians' style show was over.

At the banquet this evening an orchestra of some 70 pieces, under the direction of LaVerne Irvine, and composed of the students of the New Castle high school, will play for the 1200 guests who will be in attendance.

The Castleton, where most of the conference is quartered at noon today, reports a turn away. Every room is occupied by Rotarians, and the permanent guests. The overflow has gone to the other hotels of the city. At the luncheon today more than 600 men alone were seated. Which seems to be a record which future conferences of the 33rd district can shoot at.

Local Rotary-Anns Entertain Guests

Luncheon Held At Cathedral For Over 200 Visiting Ladies

About 250 women were present at the luncheon today for the Rotary-Anns and guests, attending the district conference of the Rotary International in the Scottish Rite cathedral.

The visiting ladies were entertained this morning by an automobile ride about the city and a visit to the Shenango Pottery. Nearly 200 enjoyed this trip.

At 2 o'clock this afternoon New Castle Rotary-Anns will entertain their guests by an automobile trip to New Wilmington and a visit to Westminster college with tea at the Hillside. The New Wilmington Rotary-Anns will assist in the entertainment of the guests.

Mrs. J. F. Rentz is chairman of the Rotary-Anns committee. Other members of the committee are Mrs. Rex Patch, Mrs. J. L. McFate, Mrs. Ira Ramsey, Mrs. Frank Orth, Mrs. J. R. Preston, Mrs. Jos. Rice, Mrs. DeLace Cole, Mrs. Frank Burton and Mrs. B. H. Kannenberg.

Program for the lady guests tomorrow include breakfast bridge at The Castleton at 9:45 o'clock, luncheon at 12 o'clock in the crystal ballroom of The Castleton and a play "The Tightwad" at the senior high school presented under the direction of Miss Hartsuff, with music by the high school orchestra.

Name Board To Count Primary Vote

Task of counting the vote cast in the primary of Tuesday will be started promptly at noon on Friday. It is not anticipated that the counting of the vote will take long, owing to the small number of votes cast.

The board of county commissioners today named the persons, who will count the vote. They are William J. Eroe, Jr., John Stanton, Mrs. Jack Griner and Mrs. Nora Long.

Auto busses are appearing in Tangier, Morocco, and now writers will have an additional smell to describe in that city of many odors.

Some people are kept so busy giving advice that they haven't time to attend to their own business.

Community Dinner Plans Are Complete

Judge Florence Allen Of Cleveland To Be Chief Speaker

Plans for the community dinner at the Scottish Rite Cathedral next Monday evening when Judge Florence E. Allen will speak are practically complete. All indications point toward a successful evening. On the program are Sam Lewis, one of our favorite local soloists and Judge J. A. Chambers who will deliver a brief address. A large delegation is expected from Youngstown, smaller ones from Sharon, Erie and Butler to hear Judge Allen.

She is a speaker who appeals to widely varied classes of people; women feel an especial pride in her as an embodiment of the noblest qualities of their sex. Personally and professionally she is a representative of the highest type of American woman. At home and abroad she compels attention and arrests admiration. She is typical of the best that American woman has to lay on the altar of service.

When she ran for her present office, that of judge of the supreme court of Ohio she had little money for campaign expenses and no time to make trips. But each week end she went to some nearby town and spoke on Sunday mornig in the local church. She did not make an appeal for votes. She discussed the subjects of the day and urged the attention of her congregation to them. She appeared to people, discussed matters before them and left the candidacy to them. The League of Women Voters and other associations sent questionnaires to her asking her stand on important issues. She answered them briefly but fully. The answers were already made in her own mind. To trim them, to arrange them so that they would not offend or could be construed in several ways never occurred to her.

Balkan States Rocked By Quake

Renewed Shocks Felt In Bulgaria; Greece Reports Tremors; Damage Is Heavy

(International News Service)

LONDON, April 26.—Earthquakes again rocked the Balkans today.

Several were reported in the vicinity of Athens and Corinth in Greece. Renewed shocks were experienced throughout Bulgaria, the heaviest damage being suffered at Lule Burgas on the Black sea.

Many houses were demolished and many were reported injured in several villages in the vicinity of Lule Burgas. This section had been unaffected by the recent earthquakes until last night.

Thousands of panic-stricken and scantily-clothed peasants are arriving at Sofia daily.

King Boris, who is directing relief operations stamped the recent quakes as the "most terrible in the history of Bulgaria."

"Health Must Be Sought Not Bought" Dr. Appel Warns State's Children

In Political Way Oil Cases Are Flop

By CHARLES P. STEWART
Washington Correspondent for Central Press and New Castle News.

WASHINGTON, April 26.—The unvarnished fact is—

As political result-getters, the "oil cases" have turned out practically a total flop.

They hardly figured in the last national campaign.

There are no signs that the'll figure much in this year's.

They've had good newspaper "play", in the press agents' language, but the public hasn't warmed up to them.

Before the senate investigating committee, they've drawn no crowds recently. In court, they've dragged On election day, the voters appear never to have heard of them.

No popular "appeal!"—seemingly.

* * *

My own theory is that it's been a long time since any but the merest handful of people have had any real idea what the "oil cases" are about.

Consequently nearly everybody's lost track of them.

When Harry Sinclair actually is in the act of being acquitted of something there's a momentary revival of interest, but it's scarcely associated in folks' minds with the original "oil cases".

* * *

And I don't wonder at this decline in interest.

To all intents and purposes, the oil inquiry has been exclusively Senator Tom Walsh's for the last five or six years. He's known more about it than anybody else, and he hasn't liked it when anybody else tried to dip into it—fell out with Senator Nye for instance, when he did.

Walsh is a wonderful lawyer, but a pretty poor publicity man.

What he did to the oil investigation was to involve it in such a technical tangle—such a mixup of jurisprudence, finance, government, geology, ethics and naval strategy—all of which played their part in the Teapot Dome and Elk Hills leases—that only a super-expert can make heads or tails of it.

* * *

It would be nice if political orators, in the next few months, could tell the voters what the "oil cases" really do mean, but it can't be done.

Not so many political orators understand the meaning very well themselves.

The ones who do know can't make it clear to the "man in the street." It's too complicated. It would be like trying to explain an intricate problem in the highest mathematics to a beginner in long division.

Harsh names can be called, of course—and will be—but both sides can do that—indeed, have begun it already.

* * *

To believe that the very juries which have tried the Elk Hills and Teapot Dome cases have had anything but the haziest comprehension of the issues they were asked to decide, is a tremendous strain on the imagination.

They didn't look as if they did, and several of the jurors have since admitted that they didn't.

If not, is it likely that the average individual can?

And the juries, it's to be remembered, only had the simplest part of the puzzle to wrestle with—the basic Fall-Doheny-Sinclair dickers. All the Continental Trading company and campaign fund contribution details come later, plus an infinity of additional complications.

The plot's too devious to be followed except by a master mind like Tom Walsh's, and the bulk of it's bound to be wasted, in consequence.

GARDNER

Mrs. A. H. Robb of Gardner came home on Monday from Farmdale, O., here she went last week to see her father, Mr. McCamey, who has been in failing health for some time.

Mr. and Mrs. William Nelson were pleased to have their son Henry with them for a few days, after being absent all winter, but the young man has a good position at Austin, Potter county and will return there this week.

Dr. R. E. Mercer of Pittsburgh, comes out often to see his sister and husband, Mr. and Mrs. C. B. Anderson of Gardner. On a recent trip he brought a niece of Mrs. Mercer, Miss Katheryn Hacker of New York City.

Mr. and Mrs. Lester Anderson of New Brighton were guests of their parents last Sunday.

Mr. and Mrs. Frank M. Hay and children of Gardner were guests at the home of Mr. and Mrs. Clark at Coaltown last Sunday evening.

Mr. and Mrs. S. G. Hazen of Ellwood City spent last Sunday afternoon with old friends at Gardner.

Thomas Kennedy of the Butler road is very ill at his home. His daughter Mrs. Will Hanna of East New Castle has been suffering with quinsy, but is improving

Section one of the Woman's Mission Circle of the Third U. P. church met on Monday evening with Mrs. W. E. Ferry of East New Castle. There was a good attendance and officers were elected for the coming year. Mrs. H. A. Anderson, leader, Mrs. W. E. Ferry treasurer, a pleasant social time was enjoyed as the ladies lingered over the delicious refreshments served by the hostess.

The high school at East New Castle will continue another month but the lower grades will close next Friday.

Ed. Lutton of Savannah has had a very severe case of flu but is now improving.

Mr. and Mrs. John Kirkwood of Gardner spent last Sunday with friends at Youngstown.

Mrs. Philip Moore of Gardner went to the funeral of her Aunt, Mrs. Mary Francis, at Ellwood City on Wednesday afternoon.

The Sunday school and other services which have been held at the Valley Way school house, have aroused so much interest that the people of the neighborhood are giving the house a complete renovation this week and fresh paint will make the place very inviting.

H. K. Hartsuff of Beaver will preach next Sunday night at the East New Castle Mission. He and his wife are both gifted singers and their music is greatly appreciated.

Mrs. Elizabeth Huey of Pittsburgh is now the guest of her granddaughter Mrs. Ralph Hartman of the Butler road.

Mr. and Mrs. Ed Altman of Butler spent Monday evening at the home of their daughter, Mr. and Mrs. Merle Slater of East New Castle.

Attorney and Mrs. C. W. Fenton of Wilkison Stop, entertained the latter's sister, Mrs. Rhodes, of Pittsburgh over the week-end.

Miss Bertha Alborn of East Brook one of the teachers at East New Castle is ill with grippe.

J. W. Fombelle of East New Castle was ill several days but is now greatly improved.

Mr. and Mrs. James Mason of Valley Way went to Pittsburgh last Monday to the funeral of their brother-in-law Mr. Dilley.

Mrs. H. L. Wood and daughter Ella Jane of Albion, Pa., spent several days with Mrs. E. O. Alexander of Gardner.

Mrs. Albert Van Wegen of Gardner went to her home at Lilyville last Friday and came back Sunday night.

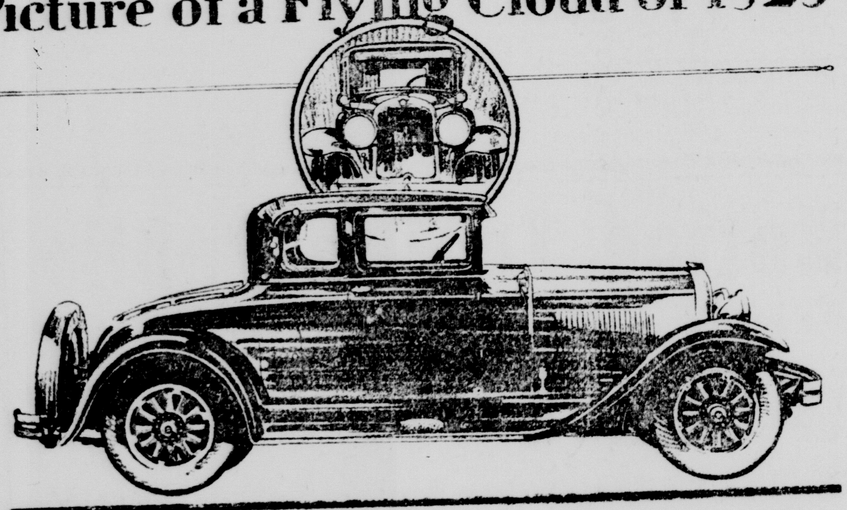
STATE COLLEGE, Pa., April 26.—That hypnosis can be accomplished successfully over the telephone was proven in a psychological demonstration by Joseph Edward Warren Armstrong, IV, a senior at the Pennsylvania State College, in the first practical showing of hypnotism ever accomplished by a student at Penn State.

In the laboratory, Armstrong completely hypnotized one subject over the telephone in the presence of more than 15 witnesses, among whom were Dr. Charles C. Peters and Professors Butt and Zerbe.

A European statesman says people who speak different tongues and scorn one another can't be united in one nation. What about America?

The cheaper qualities of meat and fish are just as nourishing as the most expensive.

Picture of a Flying Cloud of 1929



looking for the right kind of owner

The Flying Cloud Coupe in the picture is afraid that it may be unhappy.

It might get an owner that would not be just the right kind.

Not that this Flying Cloud is conceited. But it knows how good it is. It knows that it can show even the twenty thousand dollar kind a few things about going from here to there in this country.

So it wants an owner that will let it step out once in a while.

There's a figure on the speedometer dial quite a ways above seventy that this Flying Cloud likes to flirt with now and then.

It wants an owner that likes to go places, with smart people, and get there a little bit ahead of the rest.

Now and then this Flying Cloud enjoys loitering down a side road bathed in summer's smiles.

A high hill just makes it chuckle, and it's still looking for a mountain that it can really call a hill.

It doesn't much care whether it's on pavements or in ruts, whether the road is dry or slippery.

In fact, it wants the right kind of owner. One who gets a lot of fun out of traveling and will know it when he drives a car that feels the same way.

Perhaps you're the right kind of owner for this car.

If so, you'll know it the minute you try it out. The more miles you cover, the more sure you'll be that this Reo Flying Cloud of 1929 is your car.

But you'll have to get acquainted to find out.

So we're inviting you to come down today, just to see if you're the kind of owner this Flying Cloud wants.

Coke Production Shows Decrease

(International News Service)
CONNELLSVILLE, Pa., April 26.—Continued decrease in the output of coke reduced the total for the week ending April 21 to 59,460 tons, slightly above the mid-February level the International News Service regional survey today revealed.

A net loss of 1,390 tons from the previous week was recorded. The merchant operators were alone in the downward course, however. They cut production 2,790 tons. At the same time the furnace operators added 1,400 tons to last week's total.

The survey showed that 400 ovens were blown out at furnace plants and 407 at merchant plants.

By interests the production was:—furnace, 27,000 tons; merchants, 31,600 tons. Prices were unchanged at $2.60 to $2.75 for furnace and $3.75 to $4.25 for foundry.

The Diary of a New Yorker

by CLARK KINNAIRD

Exclusive Central Press Dispatch to New Castle News.

NEW YORK, April 26.—For two months a widow, almost penniless and absolutely homeless kept her four children at her side and out of the clutches of institutions which she feared even more than the poverty which she could not dodge.

Then the other morning about 4:30 a policeman summoned by the agent at a subway station on Broadway who discovered the door of the women's room fastened, wrenched open the door and discovered the widow asleep with her children on the floor.

The woman had raided trash cans in the station for furnishings for the den she had chosen for the night. There were newspapers for matresses, newspapers for blankets and she had made a screen of newspapers to protect her brood from the draft that issued from a ventilating shaft. She had made the door fast with a knob.

At the police station where officers served the woman and children with sandwiches and milk she told how she had been a Hagar of the city hiding her children in its wilderness. By day she frequented uncrowded subway stations on the outskirts where the children could play in warmth while she foraged for food. On less chilly days she took the children into the woods to play. Sale bread from the backdoors of bakeries, potatoes and apples from peddlers given to her by market men or discovered in highways frequented by produce trucks furnished the bulk of their food. Sometimes she was able to bake the potatoes in the hot ashes of stoves in subway stations.

In the evening until it was safe for them to barricade themselves in a washroom the family rode the subway trains from one end of the city to another. Their days of wandering began early in the morning.

The children now are in one of the institutions the mother dreaded. She is in a hospital recovering from malnutrition.

A few nights ago I went with Roy L. McCardell who has won more prize contests than any other man in America to witness a midnight special performance of one of the most popular hits in town—"Ten Nights in a Barroom." The revival of this play outgrew a little theater in Greenwich Village and moved up to Broadway.

The piece is played straight with all the fervor and eloquence that undoubtedly attended its first performance in 1858. Few in the audience laughed as the play proceeded. Some sniffed in handkerchiefs. It is possible that a few were led to toss away their pocket flasks and change their minds about going around after the show to one of the speakeasies that crowd Times Square district.

Incidentally a veteran tent company that played "Uncle Tom's Cabin" for 34 years shifted this season to "Ten Nights in a Barroom" and reports that its engagements are bringing in the biggest profits on record.

In Political Way
Oil Cases Are Flop

By CHARLES P. STEWART
Washington Correspondent for Central Press and New Castle News.

WASHINGTON, April 26.—The unvarnished fact is—

As political result-getters, the "oil cases" have turned out practically a total flop.

They hardly figured in the last national campaign.

There are no signs that they'll figure much in this year's.

They've had good newspaper "play", in the press agents' language, but the public hasn't warmed up to them.

Before the senate investigating committee, they've drawn no crowds recently. In court, they've dragged On election day, the voters appear never to have heard of them.

Not popular "appeal!"—seemingly.

* * *

My own theory is that it's been a long time since any but the merest handful of people have had any real idea what the "oil cases" are about.

Consequently nearly everybody's lost track of them.

When Harry Sinclair actually is in the act of being acquitted of something there's a momentary revival of interest, but it's scarcely associated in folks' minds with the original "oil cases".

* * *

And I don't wonder at this decline in interest.

To all intents and purposes, the oil inquiry has been exclusively Senator Tom Walsh's for the last five or six years. He's known more about it than anybody else, and he hasn't liked it when anybody else tried to dip into it—fell out with Senator Nye, for instance, when he did.

Walsh is a wonderful lawyer, but a pretty poor publicity man.

What he did to the oil investigation was to involve it in such a technical tangle—such a mixup of jurisprudence, finance, government, geology, ethics and naval strategy—all of which played their part in the Teapot Dome and Elk Hills leases—that only a super-expert can make heads or tails of it.

* * *

It would be nice if political orators, in the next few months, could tell the voters what the "oil cases" really do mean, but it can't be done.

Not so many political orators understand the meaning very well themselves.

The ones who do know can't make it clear to the "man in the street." It's too complicated. It would be like trying to explain an intricate problem in the highest mathematics to a beginner in long division.

Harsh names can be called, of course—and will be—but both sides can do that—indeed, have begun it already.

* * *

To believe that the very juries which have tried the Elk Hills and Teapot Dome cases have had anything but the haziest comprehension of the issues they were asked to decide, is a tremendous strain on the imagination.

They didn't look as if they did, and several of the jurors have since admitted that they didn't.

If not, is it likely that the average individual can?

And the juries, it's to be remembered, only had the simplest part of the puzzle to wrestle with—the basic Fall-Doheny-Sinclair dickers. All the Continental Trading company and campaign fund contribution details come later, plus an infinity of additional complications.

The plot's too devious to be followed except by a master mind like Tom Walsh's, and the bulk of it's bound to be wasted, in consequence.

Student Displays Hypnotic Powers In Telephone Trial

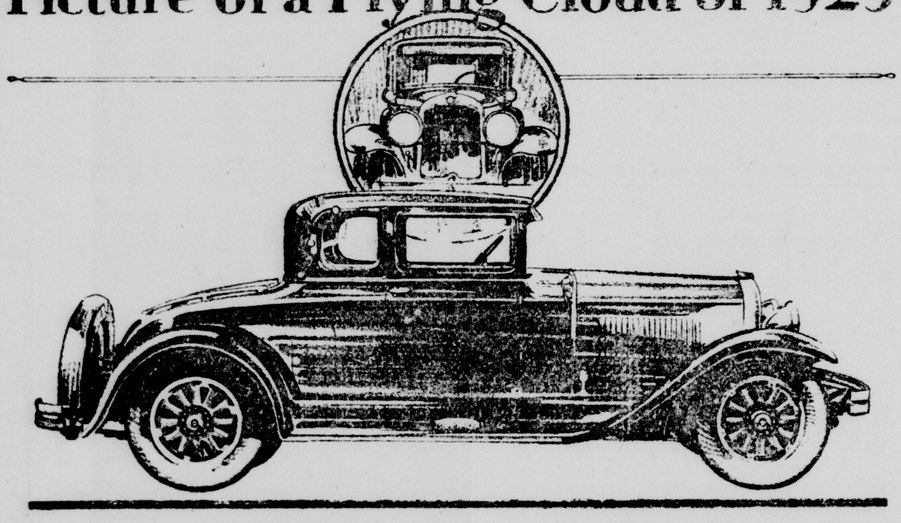
(Special To The News)
STATE COLLEGE, Pa., April 26.—That hypnosis can be accomplished successfully over the telephone was proven in a psychological demonstration by Joseph Edward Warren Armstrong, IV, a senior at the Pennsylvania State College, in the first practical showing of hypnotism ever accomplished by a student at Penn State.

In the laboratory, Armstrong completely hypnotized one subject over the telephone in the presence of more than 15 witnesses, among whom were Dr. Charles C. Peters and Professors Butt and Zerbe.

A European statesman says people who speak different tongues and scorn one another can't be united in one nation. What about America?

The cheaper qualities of meat and fish are just as nourishing as the most expensive.

Picture of a Flying Cloud of 1929



looking for the right kind of owner

The Flying Cloud Coupe in the picture is afraid that it may be unhappy.

It might get an owner that would not be just the right kind.

Not that this Flying Cloud is conceited. But it knows how good it is. It knows that it can show even the twenty thousand dollar kind a few things about going from here to there in this country.

So it wants an owner that will let it step out once in a while.

There's a figure on the speedometer dial quite a ways above seventy that this Flying Cloud likes to flirt with now and then.

It wants an owner that likes to go places, with smart people, and get there a little bit ahead of the rest.

Now and then this Flying Cloud enjoys loitering down a side road bathed in summer's smiles.

A high hill just makes it chuckle, and it's still looking for a mountain that it can really call a hill.

It doesn't much care whether it's on pavements or in ruts, whether the road is dry or slippery.

In fact, it wants the right kind of owner. One who gets a lot of fun out of traveling and will know it when he drives a car that feels the same way.

Perhaps you're the right kind of owner for this car.

If so, you'll know it the minute you try it out. The more miles you cover, the more sure you'll be that this Reo Flying Cloud of 1929 is your car.

But you'll have to get acquainted to find out.

So we're inviting you to come down today, just to see if you're the kind of owner this Flying Cloud wants.

Little Green Capsules Stop Rheumatic Agony

The fame of the little green capsule, because of its canny power to speedily stop the terrible rheumatic pains that make life almost unbearable, is rapidly spreading all over America.

You go about conquering your merciless rheumatic enemy in a different way—a knock-out way. Every hour the first day you take one little green capsule for just ten hours—then relief comes.

The second day, take one every two hours for 14 hours—Then take 4 little green capsules every day until every little twinge and every bit of tenderness is gone and your rheumatic troubles have ceased.

The little green capsule now so much in demand from coast to coast must have a name so it is known in every worthwhile drug store in America as Allenrhu Number 2.

For your own protection insist on Allenrhu Number 2.

McKee's Kut Rate Store or any reputable druggist in America will be glad to supply you.

Coke Production Shows Decrease

(International News Service)
CONNELLSVILLE, Pa., April 26.—Continued decrease in the output of coke reduced the total for the week ending April 21 to 59,460 tons, slightly above the mid-February level the International News Service regional survey today revealed.

A net loss of 1,390 tons from the previous week was recorded. The merchant operators were alone in the downward course, however. They cut production 2,790 tons. At the same time the furnace operators added 1,400 tons to last week's total.

The survey showed that 400 ovens were blown out at furnace plants and 407 at merchant plants.

By interests the production was:—furnace, 27,000 tons; merchants, 31,600 tons. Prices were unchanged at $2.60 to $2.75 for furnace and $3.75 to $4.25 for foundry.

"It Just Happens"

says Edna Wallace Hopper, "that your shoulders, for convenience and custom's sake, are covered. And how fine the texture of their skin!

"Your face must be the harbor for innumerable specks of dust and soot, lashed by the wind—treated harshly day in and day out. So if you thoughtlessly attempt to cleanse it with soap and water, ugly, large pores, seamy roughness result.

Edna Wallace Hopper as she looks today

"Your face is entitled to the best of care. It's even easier than the hit-or-miss method of washing, which places additional tax on an overburdened skin.

"My French liquid cleanser, which I call Facial Youth, goes to the depths of your pores, gently, actually removes the dirt and soothingly undoes the harm of the wind and dust. It has a fresh, clean scent and is by far the best method I know of to protect and cleanse the face. Get Edna Wallace Hopper's Facial Youth at any toilet counter, 75 cents."

The Diary of a New Yorker

by CLARK KINNAIRD

Exclusive Central Press Dispatch to New Castle News.

NEW YORK, April 26.—For two months a widow, almost penniless and absolutely homeless kept her four children at her side and out of the clutches of institutions which she feared even more than the poverty which she could not dodge.

Then the other morning about 4:30 a policeman summoned by the agent at a subway station on Broadway who discovered the door of the women's room fastened, wrenched open the door and discovered the widow asleep with her children on the floor.

The woman had raided trash cans in the station for furnishings for the den she had chosen for the night. There were newspapers for matresses, newspapers for blankets and she had made a screen of newspapers to protect her brood from the draft that issued from a ventilating shaft. She had made the door fast with a knob.

At the police station where officers served the woman and children with sandwiches and milk she told how she had been a Hagar of the city hiding her children in its wilderness. By day she frequented uncrowded subway stations on the outskirts where the children could play in warmth while she foraged for food. On less chilly days she took the children into the woods to play. Sale bread from the backdoors of bakeries, potatoes and apples from peddlers given to her by market men or discovered in highways frequented by produce trucks furnished the bulk of their food. Sometimes she was able to bake the potatoes in the hot ashes of stoves in subway stations.

In the evening until it was safe for them to barricade themselves in a washroom the family rode the subway trains from one end of the city to another. Their days of wandering began early in the morning.

The children now are in one of the institutions the mother dreaded. She is in a hospital recovering from malnutrition.

* * *

A few nights ago I went with Roy L. McCardell who has won more prize contests than any other man in America to witness a midnight special performance of one of the most popular hits in town—"Ten Nights in a Barroom." The revival of this play outgrew a little theater in Greenwich Village and moved up to Broadway.

The piece is played straight with all the fervor and eloquence that undoubtedly attended its first performance in 1858. Few in the audience laughed as the play proceeded. Some sniffed in handkerchiefs. It is possible that a few were led to toss away their pocket flasks and change their minds about going around after the show to one of the speakeasies that crowd Times Square district.

Incidentally a veteran tent company that played "Uncle Tom's Cabin" for 34 years shifted this season to "Ten Nights in a Barroom" and reports that its engagements are bringing in the biggest profits on record.

MADGE BELLAMY IS GRANTED DIVORCE

LOS ANGELES, Cal., April 26 — Madge Bellamy, screen star, was divorced here Wednesday by Logan F. Metcalf, Los Angeles broker, whom she married at Tijuana, Mexico, January 24th, last. The couple separated four days later.

Metcalf was given a decree when expressed the conviction his marriage was "a total failure."

Make Business Trip In Plane

Pittsburgh Auto Men Stop Off In New Castle Wednesday Afternoon

OTHER CITIES IN DISTRICT VISITED

Believed To Be First Business Trip To New Castle In Plane

A speck in the sky grows larger and larger, takes shape like a huge eagle, gives a swoop and a circle, and a large monoplane alights gracefully on the New Castle landing field, and the first commercial trip by airplane was made to New Castle yesterday afternoon, as two representatives of the Buick Motor Company step out to hold a brief conference with their local agency.

What is thought to be the first trip made by airplane to New Castle from a strictly commercial standpoint was that of R. R. McVicker, general manager of the Pittsburgh branch of the Buick automobile, and Edward Haus, manager of the storeroom of the branch.

On arriving at New Castle the men were taken from the field to the office of the Lawrence Automobile Company, local representatives of the firm, where a brief conference was held with the local officials, and returning to their airplane were on their way back to Pittsburgh in a little over an hour after they landed.

The stop at New Castle was one of four stops that these men made during the day. They left Pittsburgh at 8:15 yesterday morning and made stops and held conferences with their agencies in Meadville, Erie and Sharon before they arrived at New Castle about 4:20 in the afternoon at the Wilmington road airport.

The trip was made in a Ryan monoplane of the same type as Colonel Lindbergh's plane that he now often uses. It was piloted by J. Warren Smith, who said that yesterday was one of the roughest days he ever had a plane up. On the trip north to Meadville yesterday morning they bucked a heavy wind all the way, and although on their southern trip they were going with the wind, yet the conditons were very bumpy.

Mr. McVicker said that they consider it quite a thing to be able to make a trip like this and thus so quickly get in the most personal touch with their representatives. It is likely that many business houses will use this method of travel to quickly reach their local representatives, and with two good landing fields at New Castle now it may before long be a common thing for commercial men to use the airplane for calls upon their local representatives.

Commercial Travelers Will Enjoy Pig Roast

Interesting Event Is Scheduled For The City Building Hall Tonight

Members of New Castle Council, No. 408, United Commercial Travelers, their wives and families and special invited guests will this evening in the Sons of Union Veterans hall in the city building enjoy a pig roast.

This interesting social event is the result of the good fortune of Ed McKibben a member, winning the porker in a free drawing at a public sale in Butler county during the past few months. The pig has been fattened for the occasion and will be baked in the ovens of the Orr Baking company.

The Ladies Auxiliary of the local council entering into the spirit of the occasion are putting on the feed and there will be a real feed.

The event is proving a real attraction and places for 125 persons will be arranged this evening. There will also be an interesting program of musical and other numbers which will add to the enjoyment of the occasion.

BICYCLE STOLEN.

Mr. Sergeant of North Mill street, reported to the police Wednesday that some unknown person had stolen his son's bicycle from their garage. It is a Deluxe bicycle.

How One Thin Woman Gained 11 Pounds

Read This Letter

This is from Mrs. W. E. Looney—I just must tell you that McCoy's Tablets are the finest things I have ever tried. I have always been thin and never found anything to do me so much good. I was disappointed in the beginning.

I weighed 104 when I began—now I weigh 115½. I praise them. I can't be without them. My limbs are picking up fine. I am singing their praises to everyone I see. I didn't have any faith in them to start.

Signed (Mrs. W. E. Looney)

Mahoning Orchestra To Play In Concert

Members of the Mahoning school orchestra will be included in the list of local school musicians who are scheduled to perform in one of the largest concerts and exhibitions ever staged in New Castle, to be held on Friday evening, April 27 at the Benjamin Franklin Junior High school.

The Mahoning orchestra, under the direction of Miss Gladys M. Thomas a former Senior High school student, who just recently took charge of the group, has been making surprising forward strides and at the present time is one of the best in the city considering the size of the school it represents.

The youngest saxophone player in the contest and perhaps in the city will be brought by the Mahoning orchestra in the person of Philip McQuire who is only in the second grade at the school. It is said that Philip plays with the ability of a master player.

Frances Amon, another student member of the orchestra who took her first lesson on the drum less than two weeks ago will perform at this time also.

Other students of the orchestra and the instrument they play are as follows:

First violins—Ruth Schnebly, John Sullivan, Dominick Pecano, Thomas Ronan, Kenneth Hutton, Isabelle Shaw, Edward Logue, Virginia Reedy, Leroy Mesner, Carl Rice, Robert Gwin and Wilbert Thompson.

Second violins—Burton Jones, Elizabeth Raph, James Edwards, Alice Goodhart, Ruth Hand, Geraldine Nugent, Frank Hunphrey, Dan Thomas, William Emerick, Tony Fusco, Mary Metzler and Marjorie Fisher.

Cornets—Joseph Eberhart, George Maud, Walter Scott, Evans and Edward Houck.

Clarinets—Nick Caiazza, Paul Cleise and Dante DeThomas.

Saxophone—Philip McQuire.

Horns—Harry Thomas and Rocco Tommolleto.

Drums—Frances Amon.

Pianist—Virgil Wettich.

The annual prize for optimism goes to the headline writer who said: "Agents clean up Chicago; seven arrested."

Make Business Trip In Plane

Pittsburgh Auto Men Stop Off In New Castle Wednesday Afternoon

OTHER CITIES IN DISTRICT VISITED

Believed To Be First Business Trip To New Castle In Plane

A speck in the sky grows larger and larger, takes shape like a huge eagle, gives a swoop and a circle, and a large monoplane alights gracefully on the New Castle landing field, and the first commercial trip by airplane was made to New Castle yesterday afternoon, as two representatives of the Buick Motor Company step out to hold a brief conference with their local agency.

What is thought to be the first trip made by airplane to New Castle from a strictly commercial standpoint was that of R. R. McVicker, general manager of the Pittsburgh branch of the Buick automobile, and Edward Haus, manager of the storeroom of the branch.

On arriving at New Castle the men were taken from the field to the office of the Lawrence Automobile Company, local representatives of the firm, where a brief conference was held with the local officials, and returning to their airplane were on their way back to Pittsburgh in a little over an hour after they landed.

The stop at New Castle was one of four stops that these men made during the day. They left Pittsburgh at 8:15 yesterday morning and made stops and held conferences with their agencies in Meadville, Erie and Sharon before they arrived at New Castle about 4:20 in the afternoon at the Wilmington road airport.

The trip was made in a Ryan monoplane of the same type as Colonel Lindbergh's plane that he now often uses. It was piloted by J. Warren Smith, who said that yesterday was one of the roughest days he ever had a plane up. On the trip north to Meadville yesterday morning they bucked a heavy wind all the way, and although on their southern trip they were going with the wind, yet the conditons were very bumpy.

Mr. McVicker said that they consider it quite a thing to be able to make a trip like this and thus so quickly get in the most personal touch with their representatives. It is likely that many business houses will use this method of travel to quickly reach their local representatives, and with two good landing fields at New Castle now it may before long be a common thing for commercial men to use the airplane for calls upon their local representatives.

Commercial Travelers Will Enjoy Pig Roast

Interesting Event Is Scheduled For The City Building Hall Tonight

Members of New Castle Council, No. 408, United Commercial Travelers, their wives and families and special invited guests will this evening in the Sons of Union Veterans hall in the city building enjoy a pig roast.

This interesting social event is the result of the good fortune of Ed McKibben a member, winning the porker in a free drawing at a public sale in Butler county during the past few months. The pig has been fattened for the occasion and will be baked in the ovens of the Orr Baking company.

The Ladies Auxiliary of the local council entering into the spirit of the occasion are putting on the feed and there will be a real feed.

The event is proving a real attraction and places for 125 persons will be arranged this evening. There will also be an interesting program of musical and other numbers which will add to the enjoyment of the occasion.

BICYCLE STOLEN.

Mr. Sergeant of North Mill street, reported to the police Wednesday that some unknown person had stolen his son's bicycle from their garage. It is a Deluxe bicycle.

How One Thin Woman Gained 11 Pounds

Read This Letter

This is from Mrs. W. E. Looney—I just must tell you that McCoy's Tablets are the finest things I have ever tried. I have always been thin and never found anything to do me so much good. I was disappointed in the beginning.

I weighed 104 when I began—now I weigh 115½. I praise them. I can't be without them. My limbs are picking up fine. I am singing their praises to everyone I see. I didn't have any faith in them to start.

Signed (Mrs. W. E. Looney)

McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 sixty cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your druggist is authorized to return the purchase price.

The name McCoy's Cod Liver Oil Tablets has been shortened—just ask for McCoy's Tablets at all druggists in America.

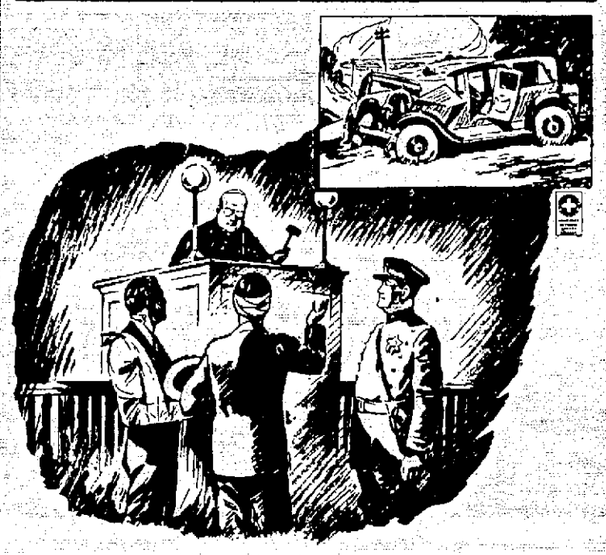
Niles Dentist Is Killed In Crash

(International News Service)

WARREN, O., April 26.—Dr. Hugh Daughterty Conlon, dentist of Niles, O., was almost instantly killed today when the automobile in which he was riding crashed head-on into an abutment here. Dr. Conlon was a native of Sharon, Pa.

Alibis for Auto Accidents Explain but Do Not Excuse



Traffic cases are congesting courts in cities throughout the nation. The annual economic loss, due to automobile accidents, is estimated by statisticians to total hundreds of millions of dollars. Thousands of men and women, too, spend entirely too much time in court because of motor crashes, practically all of which can be prevented, according to safety engineers, who insist that universal courtesy and caution will materially reduce the toll which last year killed considerably more than 24,000 men, women and children.

How To Achieve Beauty

By MME. HELENE RUBINSTEIN
Noted Beauty Expert

A Beauty Inventory for Spring.

There is something stimulating about the blossoming of a new season. These are the days when all the beauty of life is springing to color and freshness and fragrance. There is youth in the air—in the tight green buds that nod impudently on the pliant branches of gallant little saplings.

It is spring! And in the spring a woman's fancy turns—not lightly, I assure you—to thoughts of herself, her skin, her figure, her clothes—and it's a perfectly natural thing to do.

Each season presents certain problems. In the early spring days youth and charm are at premium. The winds of winter and the cold rains of stormy March have all done their worst to your complexion. Even April rains aren't all they're quoted in the eulogies of 2,000 years of poets! Rain water itself is wonderful for the skin—but harness the warmest, most soothing rain to a temperamental April wind, and your face is going to suffer for the alliance. The beginning of spring should impel you to a strict accounting of your profits and losses! Open the season with a beauty inventory! After a winter such as this has been, I'm afraid you aren't going to find much profit on your accounting—but let us not borrow trouble anyway. I am holding up my own mirror even as I write this. I am in the sunlight—the unflattering sunshine of early moon—and my mirror is frank to the point of rudeness!

Bring out your mirror now—and let us go over our faces together, step by step. First, let us examine the skin for texture and elasticity. Run your fingers over your cheeks—nose and chin. How does the flesh feel? Is is smooth, cool and very faintly humid? It should be. You will probably find an area of skin very dry—almost parched looking.

Now let's go to the eyes—red looking? wind-stung? Perhaps, with the first barely perceptible signs of crows-feet—not at all improbable.

And now the chin and contour. Have the muscles drooped? Flesh become a little flabby and relaxed?

It is nothing to be unduly alarmed about if you begin at once to repair the damages and cultivate again the smooth, fresh youthfulness of skin and contour which is so beautiful. You really owe a beauty inventory to yourself—and I'm sure that with the thrilling stimulus of spring calling to you with every breath of fragrant wind—you want to be in lovely harmony. So it is well for us to consider "repairs" and "damages"—to skin, color and contour—how to recognize and how to correct them.

Spring Sales Meeting Held Here Wednesday

New Castle Hardware, General Electric distributors had their spring sales meeting Wednesday evening at the Elks club. Dinner was served to 30 dealers, from Grove City, Greenville, Sharon, Ellwood City and New Castle.

John Whitten unveiled the new apartment house model of the general electric refrigerator.

R. H. Furgeson of the electrical refrigeration department of the General Electric company was present and gave a talk on the development, public acceptance and sales of this product.

There probably is a phrase in the policy of the movie actress who has her legs insured for a million dollars preventing from walking home.

Police Searching For Sedan, Bicycle

Local police today were searching for a Rickenbacher sedan, model 1926, green in color and carrying Pennsylvania license plate number 52,139 which was stolen from Sharon last night.

They also had a request to search for a De Luxe bicycle stolen from a boy named Sergeant, North Mill street. The bike has a 28 inch frame and is blue and white in color.

Skin eruptions successfully treated from within

SKILLED physicians recognize the appearance of pimples, boils and other skin eruptions as being an indication of an abnormal condition of the system.

This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

You owe it to yourself and friends to give S.S.S. a trial. It helps Nature build rich, red blood—those vitalizing elements in the blood that build and sustain the body.

In building rich, red blood cells, S.S.S. improves the processes by which the body is nourished.

"I suffered from impure blood—was weak, and I had lost so much weight, I didn't look natural. I had pimples and was also bothered with a breaking-out that itched terribly. I also had boils one after another. I tried different kinds of remedies, but nothing did me any good until a friend advised me to take S.S.S., which I did. This was some time ago. Now I feel well, and I am getting along fine. S.S.S. stopped the itching and it cured me of boils. I advise all weak and run-down people to give S.S.S. a trial. It clears up the skin and makes you strong and fills you with energy."—Mrs. J. W. Barker, 1337 Walnut Street, Cincinnati, Ohio.

—purely vegetable

When your system is filled with rich, red blood, you don't have that tired, languid feeling when you awake in the morning. Instead, you feel, refreshed, ready to meet the world.

Your appetite is keen—you enjoy work or play—your skin is clear, cheeks naturally rosy.

All this because rich, red blood builds and sustains the body.

All drug stores sell S.S.S. in two sizes. Get the larger size. It is more economical.

a clear skin comes from within

Sabbath school at 11 a. m. on Sabbath, April 29, at the Methodist church. W. H. Todd, supt.

The Women's Missionary society of the Reformed Presbyterian church met at the home of Mrs. P. D. McCracken on Thursday, April 19, for an all day meeting. Quite a goodly number reported to roll call and quilting and sewing engaged the attention of the ladies until noon. After a most delicious dinner served by the hostess, the meeting was turned over to the leader of devotional exercises for the day, Mrs. Mary Munnel, subject being "Christ and the Chosen People." A very interesting paper on the Jews' need of Christianity was read by Mrs. McCracken. Mission study conducted by Mrs. Vance Wilson. At the business session delegates to attend the missionary convention to be held in Beaver Falls in May were appointed and work was planned for the coming year. The meeting then adjourned to meet with Mrs. Belle Kennedy in May.

Mrs. Anna Bauder, who has been ill for some time, is slowly improving.

Tommy Thompson, who is ill at his home, is not improving very rapidly.

Mr. and Mrs. Charles Maratta of Pittsburgh visited friends in Rose Point.

Mrs. J. W. McClymonds and Mrs. Audley McClymonds spent Wednesday with friends in Butler.

A goodly crowd attended a party given in honor of Mrs. P. D. McCracken's birthday on Tuesday evening, April 24, at the parsonage. The party was in the nature of a surprise and games and music were joyed by a lively crowd. A beautiful birthday cake decorated with candles was presented to the honor guest. Refreshments were served by the ladies.

Princeton won the ball game played between Princeton and Harlansburg on Thursday evening, April 19, the score being Princeton 8, Harlansburg 5.

The junior class of the Princeton high school will present the play "A Fortunate Calamity" in the I. O. O. F. hall, Princeton, on Friday evening, April 27.

The cast is as follows:

Mrs. Marian Merkle, a proud mother—Beryl Stickle.

Alta, her daughter, whose desire is to become rich—Grace Updegraph.

Ruth, another daughter, just a plain girl—Ruth Kelland.

Kate Van Tyler, a good natured cook—Adaline McFarland.

Dinah Johnsing, a servant—Rose Munnel.

Rastus, an honest coon—Dale Curry.

Joe Brown, a revenue officer—Harold McConnell.

Bernard Gullion, a jovial young man—Raymond Myers.

Albert Campbell, who plays a crooked game—William Braden.

Many New England Concerns Now Have Research Bureaus

(International News Service)

BOSTON, April 26.—Improved control of sales activities, avoidance of excess stocks, help in sales direction, and assistance in instruction and stimulation of salesmen are among the advantages to be gained from the application of research to selling problems. The idea is set forth by representative New England firms in "The Use of Research in Sales Analysis," the first of a series of reports on the uses of research in business in New England, according to an announcement by the New England council.

The survey was undertaken for the purpose of determining to what extent research was used among the New England business firms.

McFate Tells How Rotary Idea Came Into Being

How the Rotary club came into being was explained by J. Lee McFate, chairman of public relations for the 33rd district conference of the organization, which will take place in New Castle Thursday and Friday, April 26 and 27 with headquarters at the Scottish Rite Cathedral.

"The original Rotary club", asserts Mr. McFate, "was started in Chicago, February 23, 1905 by Paul P. Harris, a lawyer, who found himself a stranger in the city. Mr. Harris decided to found a club wherein the members might not only become acquainted with one another, but also devise means of making them proficient in service to their fellow men and the community in general. Into this club he decided to invite no other lawyers, but on the contrary surround himself with men each of whom was engaged in a different form of service to the public.

"The new club at first did not meet at luncheon, but at the offices or places of business of the various members. This suggested the name: Rotary Club. Today Rotary stands for better business practices and loftier ideals in business and professional intercourse, together with the development of international understanding and peace.

"A little more than three years after the organization of the first Rotory Club in Chicago the second Rotary Club was started at San Francisco. Others followed shortly, first on the Pacific coast and then in New York and Boston.

"In 1910 the first 16 clubs united themselves into an association for the purpose of extending the principles and practices of Rotary to all commercial centers of the world. Shortly afterwards clubs were organized in Canada and England, the work of extension going on until now there are more than 2,700 clubs located in 44 countries. Meetings are conducted in many different languages, but all are alike in ideals and principles. In all clubs weekly meetings are held and good fellowship prevails."

Skin eruptions successfully treated from within

SKILLED physicians recognize the appearance of pimples, boils and other skin eruptions as being an indication of an abnormal condition of the system.

This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

You owe it to yourself and friends to give S.S.S. a trial. It helps Nature build rich, red blood—those vitalizing elements in the blood that build and sustain the body.

In building rich, red blood cells, S.S.S. improves the processes by which the body is nourished.

"I suffered from impure blood—was weak, and I had lost so much weight, I didn't look natural. I had pimples and was also bothered with a breaking-out that itched terribly. I also had boils one after another. I tried different kinds of remedies, but nothing did me any good until a friend advised me to take S.S.S., which I did. This was some time ago. Now I feel well, and I am getting along fine. S.S.S. stopped the itching and it cured me of boils. I advise all weak and run-down people to give S.S.S. a trial. It clears up the skin and makes you strong and fills you with energy."—Mrs. J. W. Barker, 1337 Walnut Street, Cincinnati, Ohio.

—purely vegetable

When your system is filled with rich, red blood, you don't have that tired, languid feeling when you awake in the morning. Instead, you feel, refreshed, ready to meet the world.

Your appetite is keen—you enjoy work or play—your skin is clear, cheeks naturally rosy.

All this because rich, red blood builds and sustains the body.

All drug stores sell S.S.S. in two sizes. Get the larger size. It is more economical.

McFate Tells How Rotary Idea Came Into Being

How the Rotary club came into being was explained by J. Lee McFate, chairman of public relations for the 33rd district conference of the organization, which will take place in New Castle Thursday and Friday, April 26 and 27 with headquarters at the Scottish Rite Cathedral.

"The original Rotary club", asserts Mr. McFate, "was started in Chicago, February 23, 1905 by Paul P. Harris, a lawyer, who found himself a stranger in the city. Mr. Harris decided to found a club wherein the members might not only become acquainted with one another, but also devise means of making them proficient in service to their fellow men and the community in general. Into this club he decided to invite no other lawyers, but on the contrary surround himself with men each of whom was engaged in a different form of service to the public.

"The new club at first did not meet at luncheon, but at the offices or places of business of the various members. This suggested the name: Rotary Club. Today Rotary stands for better business practices and loftier ideals in business and professional intercourse, together with the development of international understanding and peace.

"A little more than three years after the organization of the first Rotary Club in Chicago the second Rotary Club was started at San Francisco. Others followed shortly, first on the Pacific coast and then in New York and Boston.

"In 1910 the first 16 clubs united themselves into an association for the purpose of extending the principles and practices of Rotary to all commercial centers of the world. Shortly afterwards clubs were organized in Canada and England, the work of extension going on until now there are more than 2,700 clubs located in 44 countries. Meetings are conducted in many different languages, but all are alike in ideals and principles. In all clubs weekly meetings are held and good fellowship prevails."

Call Meeting To Form Civic Music Association; Plan Will Be Presented

In order that concerts can be brought to New Castle on an economic and popular basis, and because it is thought that a new way of presenting concerts will reach a far greater number of people without the necessity of guarantors, a meeting of the citizens has been called for Tuesday evening, May 1, at eight o'clock in the Scottish Rite Cathedral, preliminary to forming a civic music association, according to Herbert Pearrs, manager of the Scottish Rite Cathedral.

Although the new organization is not designed to take the place of the Educational Arts Society, yet it is felt by some of the leading members of the community that a newer form of presenting musical concerts would be advisable in New Castle.

"The history of the Civic Music Association movement is rather short, but filled with success all over the United States," declares Mr. Pearrs. "Six years ago the movement was started at Battle Creek, Mich. At the present time more than 130 cities of the United States are using this method to bring to their communities the best in music each year.

Plan Outlined

"Briefly, the idea is this: If the idea is acceptable to the citizens, we plan to put on a campaign in the near future, selling memberships in the association. These will cost five dollars each and will admit the member to each concert during the season. After the campaign no memberships will be sold and no single admissions to any concert will be sold.

"With the money we have raised in this manner we will buy our talent. This will mean that we can get the best artists, and at the same time be sure that there is no deficit at the end of the season.

"In all of the cities where the idea has been tried it has always met with success. All proclaim it as the best method toward securing concerts for their cities.

"All of the civic organizations in the city are unanimous in their praise of the movement. The Educational Arts Society, the Paul Brown Patterson Festival Choral Society, the Wednesday Morning Music Club and The Music Club, all are enthusiastically for it. And I might add that the resources of the Scottish Rite Cathedral Association are firmly behind it.

"And another thing: A membership card in the organization will admit the member to a concert in any other city which has a civic music association, providing, of course, that their capacity is not entirely sold out.

"Popular music is familiar music, and we want to have the people of New Castle familiar with the greatest music and the greatest artists. There are too many people who regard a concert as a mystical performance which requires a special knowledge and a trained ear to make it comprehensible. This is a mistake. Technical skill is necessary for an artist, but not for the audience.

"The sponsors of the Civic Music Association believe that high-minded citizens desire good music and believe in its sound moral influence on the community. For this reason a plan of presenting civic concerts in our city each season, given by great singing artists, pianists and orchestras, should meet with instant favor.

"No profit can be derived, nor no loss sustained under this plan. The more members secured during the drive means the more and greater concerts that can be presented, as all of the money is expended for this purpose.

"In all cities where the plan has been installed memberships always continue through the succeeding years. This way the Civic Music Association insures the city of concerts each season without the selling of tickets.

"Each year there is a convention of delegates from the Civic Music Associations of the United States which meets at Chicago. There they hear a two-day program of concerts and discuss the artists and their own associations. In this way the best talent can be assured.

"During the week many people have been interviewed by J. L. MacGriff, who represents the Civic Music Associations of the United States. Those leaders in the community who heartily endorse the plan include: Murray Wells, president of the Educational Arts Society and the Festival Chorus; David S. Pyle, Mrs. Grace Phillips Johnson, Mr. and Mrs. H. L. Gordon, D. O. Davies, Dr. Loyal Wilson, Robert McKinney, Mrs. John Nothdurft, Dr. Mildred Rogers, Emilie Salomon, Robert Meermans, Robert C. Love, Mrs. W. P. Felch, Harry Urmson, Russell Urmson, Dr. H. E. Zerner, Judge William Porter, James M. Smith, Dr. W. L. Campbell, Dr. E. M. Parelette, P. J. Flaherty, LaVerne Irvine, Frank Burton and C. C. Green.

"But it is necessary that every citizen of New Castle interested be present at the meeting Tuesday evening, when the plan will be presented in detail. To have this go over, we must have the co-operation of everyone."

Missionaries Say Cannibals Slain, Eaten By Foes

Missionaries Describe Tales Of Cannibalism On Island Of Papau

(International News Service)

LONDON, April 26.—The harrowing details of native massacres on the Island of Papau in which 500 Papuans were killed and then eaten by their cannibalistic foes were described by passengers arriving at Sidney, Australia, aboard a missionary steamer from the island in a dispatch received today from the Australian city by the Central News.

The massacres occurred at intervals since Christmas during the temporary absence of government officials. All 500 victims were eaten immediately after the massacres.

The wholesale atrocities are believed to have been committed in reprisal for the murder of nine Goro spies by members of another tribe.

As soon as the Goros ascertained that the government officials were absent all their warriors mustered in war canoes and preparations were made for the most serious inter-tribal warfare on the island in years.

GRANGE NEWS

The executive committee of the Lawrence County Pomona Grange met at the Farm Bureau office on the evening of April 20, to complete plans for the summer work.

A combined picnic including granges of Lawrence and Beaver counties will be held some time in June at Darlington Lake.

A meeting of grangers was held at the Y. M. C. A. on Saturday evening, April 21.

Mr. and Mrs. David F. Kyle attended grange at Plaingrove, Tuesday evening.

On Tuesday evening, April 24, the degree team of the Worth Grange of Butler county conferred the third and fourth degrees on a class of fifteen at the Plaingrove grange hall. The work was put on in a very efficient manner.

The Liberty Grange is organizing a new degree team for the first and second degrees. The grange also has an efficient team for the third and fourth degrees.

On Tuesday, April 24, the grange from North Lima, Ohio, presented a play at the Westfield Grange, a large audience being present.

At the Mahoning Valley Grange the schools of the township put on a pageant Tuesday evening, under the direction of the music teacher of the school. The program represented springtime.

On Wednesday, May 2, there will be a banquet held in the Y. W. C. A. at Butler which will include a number of grange officers of different counties. State Master E. B. Dirsett will be among the speakers.

Five Pittsburgh Election Officers Under Indictment

Attorney Describes Election Fraud Worst In History Of City

(International News Service)

PITTSBURGH, April 26.—Characterized by Attorney A. M. Imbrie, of the bar association committee as one of the worst of the cases arising out of alleged frauds in the primary elections here last September, five election officials of the twenty-second district of the Eighth Ward today were under indictment by the grand jury.

Those indicted are: H. W. Samuels, judge; John J. Foley and W. P. Conley, inspectors, and Joseph L. Berringer and Robert H. McKeown, clerks.

As in the remainder of the long list of prosecutions closed or now pending, the defendants were indicted on five counts: Conspiracy to make a false count and false return, wilfully performing their duties as election officials in such a way as to defeat the aims of the election laws, negligently performing their duties and wilful fraud.

The indictment was among the last returned by the April grand jury which adjourned after considering 1,022 cases during the three weeks and two days it had been in session.

Chamber Of Commerce Secretary Delayed

James W. Cole, newly elected secretary of the New Castle Chamber of Commerce, according to a letter received by D. S. Pyle, president and other officers of the Chamber of Commerce, will not be able to get here the first of May, providing it is agreeable with the officers and members of the local organization.

The cause of the delay is the arrival of a small son in the Cole family and Mr. Cole's desire to remain in Huntington, Indiana, until such time as Mrs. Cole will be able to leave the hospital.

He suggests that he can be here May 3 or May 5, if it is agreeable here. Favorable action on the part of the local organization is indicated.

K Company Will Meet Friday Night

A special meeting of K Company, Sons of Union Veterans, and all members of Oscar L. Jackson Camp, Sons of Union Veterans, has been called for Friday evening at 8 o'clock in the small hall in the City Building.

It is important that every member of the Sons of Union Veterans and the company be in attendance, as plans are to be made at that time for the part that the organization will take in the Memorial Day exercises.

It is the desire that the company especially be prepared to turn out in force on Memorial Day and have as many new members as possible in the company for that occasion.

Call Meeting To Form Civic Music Association; Plan Will Be Presented

In order that concerts can be brought to New Castle on an economic and popular basis, and because it is thought that a new way of presenting concerts will reach a far greater number of people without the necessity of guarantors, a meeting of the citizens has been called for Tuesday evening, May 1, at eight o'clock in the Scottish Rite Cathedral, preliminary to forming a civic music association, according to Herbert Pearrs, manager of the Scottish Rite Cathedral.

Although the new organization is not designed to take the place of the Educational Arts Society, yet it is felt by some of the leading members of the community that a newer form of presenting musical concerts would be advisable in New Castle.

"The history of the Civic Music Association movement is rather short, but filled with success all over the United States," declares Mr. Pearrs. "Six years ago the movement was started at Battle Creek, Mich. At the present time more than 130 cities of the United States are using this method to bring to their communities the best in music each year.

Plan Outlined

"Briefly, the idea is this: If the idea is acceptable to the citizens, we plan to put on a campaign in the near future, selling memberships in the association. These will cost five dollars each and will admit the member to each concert during the season. After the campaign no memberships will be sold and no single admissions to any concert will be sold.

"With the money we have raised in this manner we will buy our talent. This will mean that we can get the best artists, and at the same time be sure that there is no deficit at the end of the season.

"In all of the cities where the idea has been tried it has always met with success. All proclaim it as the best method toward securing concerts for their cities.

"All of the civic organizations in the city are unanimous in their praise of the movement. The Educational Arts Society, the Paul Brown Patterson Festival Choral Society, the Wednesday Morning Music Club and The Music Club, all are enthusiastically for it. And I might add that the resources of the Scottish Rite Cathedral Association are firmly behind it.

"And another thing: A membership card in the organization will admit the member to a concert in any other city which has a civic music association, providing, of course, that their capacity is not entirely sold out.

"Popular music is familiar music, and we want to have the people of New Castle familiar with the greatest music and the greatest artists. There are too many people who regard a concert as a mystical performance which requires a special knowledge and a trained ear to make it comprehensible. This is a mistake. Technical skill is necessary for an artist, but not for the audience.

"The sponsors of the Civic Music Association believe that high-minded citizens desire good music and believe in its sound moral influence on the community. For this reason a plan of presenting civic concerts in our city each season, given by great singing artists, pianists and orchestras, should meet with instant favor.

"No profit can be derived, nor no loss sustained under this plan. The more members secured during the drive means the more and greater concerts that can be presented, as all of the money is expended for this purpose.

"In all cities where the plan has been installed memberships always continue through the succeeding years. This way the Civic Music Association insures the city of concerts each season without the selling of tickets.

"Each year there is a convention of delegates from the Civic Music Associations of the United States which meets at Chicago. There they hear a two-day program of concerts and discuss the artists and their own associations. In this way the best talent can be assured.

"During the week many people have been interviewed by J. L. MacGriff, who represents the Civic Music Associations of the United States. Those leaders in the community who heartily endorse the plan include: Murray Wells, president of the Educational Arts Society and the Festival Chorus; David S. Pyle, Mrs. Grace Phillips Johnson, Mr. and Mrs. H. L. Gordon, D. O. Davies, Dr. Loyal Wilson, Robert McKinney, Mrs. John Nothdurft, Dr. Mildred Rogers, Emilie Salomon, Robert Meermans, Robert C. Love, Mrs. W. P. Felch, Harry Urmson, Russell Urmson, Dr. H. E. Zerner, Judge William Porter, James M. Smith, Dr. W. L. Campbell, Dr. E. M. Parelette, P. J. Flaherty, LaVerne Irvine, Frank Burton and C. C. Green.

"But it is nnecessary that every citizen of New Castle interested be present at the meeting Tuesday evening, when the plan will be presented in detail. To have this go over, we must have the co-operation of everyone."

Missionaries Say Cannibals Slain, Eaten By Foes

Missionaries Describe Tales Of Cannibalism On Island Of Papau

(International News Service)

LONDON, April 26.—The harrowing details of native massacres on the Island of Papau in which 500 Papuans were killed and then eaten by their cannibalistic foes were described by passengers arriving at Sidney, Australia, aboard a missionary steamer from the island in a dispatch received today from the Australian city by the Central News.

The massacres occurred at intervals since Christmas during the temporary absence of government officials. All 500 victims were eaten immediately after the massacres.

The wholesale atrocities are believed to have been committed in reprisal for the murder of nine Goro spies by members of another tribe.

As soon as the Goros ascertained that the government officials were absent all their warriors mustered in war canoes and preparations were made for the most serious inter-tribal warfare on the island in years.

GRANGE NEWS

The executive committee of the Lawrence County Pomona Grange met at the Farm Bureau office on the evening of April 20, to complete plans for the summer work.

A combined picnic including granges of Lawrence and Beaver counties will be held some time in June at Darlington Lake.

A meeting of grangers was held at the Y. M. C. A. on Saturday evening, April 21.

Mr. and Mrs. David F. Kyle attended grange at Plaingrove, Tuesday evening.

On Tuesday evening, April 24, the degree team of the Worth Grange of Butler county conferred the third and fourth degrees on a class of fifteen at the Plaingrove grange hall. The work was put on in a very efficient manner.

The Liberty Grange is organizing a new degree team for the first and second degrees. The grange also has an efficient team for the third and fourth degrees.

On Tuesday, April 24, the grange from North Lima, Ohio, presented a play at the Westfield Grange, a large audience being present.

At the Mahoning Valley Grange the schools of the township put on a pageant Tuesday evening, under the direction of the music teacher of the school. The program represented springtime.

On Wednesday, May 2, there will be a banquet held in the Y. W. C. A. at Butler which will include a number of grange officers of different counties. State Master E. B. Dirsett will be among the speakers.

Five Pittsburgh Election Officers Under Indictment

Attorney Describes Election Fraud Worst In History Of City

(International News Service)

PITTSBURGH, April 26.—Characterized by Attorney A. M. Imbrie, of the bar association committee as one of the worst of the cases arising out of alleged frauds in the primary elections here last September, five election officials of the twenty-second district of the Eighth Ward today were under indictment by the grand jury.

Those indicted are: H. W. Samuels, judge; John J. Foley and W. P. Conley, inspectors, and Joseph L. Berringer and Robert H. McKeown, clerks.

As in the remainder of the long list of prosecutions closed or now pending, the defendants were indicted on five counts: Conspiracy to make a false count and false return, willfully performing their duties as election officials in such a way as to defeat the aims of the election laws, negligently performing their duties and wilful fraud.

The indictment was among the last returned by the April grand jury which adjourned after considering 1,022 cases during the three weeks and two days it had been in session.

Chamber Of Commerce Secretary Delayed

James W. Cole, newly elected secretary of the New Castle Chamber of Commerce, according to a letter received by D. S. Pyle, president and other officers of the Chamber of Commerce, will not be able to get here the first of May, providing it is agreeable with the officers and members of the local organization.

The cause of the delay is the arrival of a small son in the Cole family and Mr. Cole's desire to remain in Huntington, Indiana, until such time as Mrs. Cole will be able to leave the hospital.

He suggests that he can be here May 3 or May 5, if it is agreeable here. Favorable action on the part of the local organization is indicated.

K Company Will Meet Friday Night

A special meeting of K Company, Sons of Union Veterans, and all members of Oscar L. Jackson Camp, Sons of Union Veterans, has been called for Friday evening at 8 o'clock in the small hall in the City Building.

It is important that every member of the Sons of Union Veterans and the company be in attendance, as plans are to be made at that time for the part that the organization will take in the Memorial Day exercises.

It is the desire that the company especially be prepared to turn out in force on Memorial Day and have as many new members as possible in the company for that occasion.

Poultry Retains Second Place In Farm Enterprises

Final Report Shows 118,000,000 Dozens Of Eggs In Year

HARRISBURG, April 26.—Farm flocks, numbering 19,000,000 chickens, laid approximately 118,000,000 dozen eggs last year, says the Pennsylvania Department of Agriculture in pointing out that poultry, a neglected sideline 75 years ago, is now the State's second leading specialized farm enterprise.

"With chickens on more than nine of every ten farms at present, with mammoth commercial incubators hatching chicks by the millions every week during the late winter and early spring, and with eggs being produced at the rate of almost 2700 every minute, it seems hardly possible that previous to 1850, so little attention was given to chicken raising on the farm," the department state. "Poultry was not regarded as important enough to have any special housing accommodations. The chickens roosted in trees, in sheds on implements or under a hastily constructed lean-to. The reason for this neglect was the lack of a market for the product. Most of the cities were still relatively small and the townspeople had their own flocks in the backyard.

"Even though one of the most recent of farm enterprises, chickens were brought to America by the early settlers. Captain John Smith writing in 1609 refers to the hens, hogs, goats and sheep which he brought from Europe to be used as food on the voyage and after landing. Because of the lack of refrigeration on the boats of the early days it was customary to bring live fowls and other animals along to slaughter and eat enroute as required for food.

First Chicken Thieves

"No sooner had the white settlers started to raise poultry in this country than the age-long crime of chicken stealing started. The first chicken thieves however, were the Indians, who being accustomed to hunting wild turkeys and other wild American fowls, took a particular liking to the white man's tame birds.

"Previous to 1800, it appears that a product very much in demand from poultry was the feathers. The earlier newspapers make frequent mention of buyers or sellers of feathers for pillows and beds, and little or no mention of dealings in eggs and dressed poultry.

"Not until the rapid growth in city population and the abandonment of backyard poultry raising in these cities did farmers find an opportunity to turn their neglected flocks into a profitable sideline, and later into an important specialized enterprise.

Incubator Was Boon

"The home incubator which came into use after 1875 to replace the fickle hen as an egg-hatcher was a great boon to the then developing poultry industry.

"Attention was also being given at about this time to the development of better breeds of chickens for both egg and meat production. As a result of the breeders' skill, America is now credited with the development of the Plymouth Rock, the Wyandotte and the Rhode Island Red breeds.

"The next great discovery was that baby chicks, when properly packaged, could be shipped long distances by rail without ill effect. This started the commercial baby chick business which has resulted today in hatcheries of a million-egg capacity.

"Then came a rapid increase in both number and size of flocks throughout Pennsylvania. Today there are more than 18,000,000 chickens on farms, three times as many as in 1880, when the first poultry census was taken. These birds, by laying 114,000,000 dozen eggs each year, are doing their best to supply the demand for eggs within the Commonwealth but still they fall short by at least 50,000,000 dozen.

"So great has the enterprise become that Pennsylvania flock owners join with poultrymen throughout the country during the period from May 1 to 7 in the celebration of National Egg Week. This week is designed as a nation-wide reminder that the hen must now be considered along with the dairy cow as an essential in farm prosperity, and that the egg ranks with flour as the very foundation of the cooking art."

Rotary Ladies Are Afternoon Guests

New Wilmington Rotary Ladies Entertain Visitors To District Convention

(Special To The News)

NEW WILMINGTON, April 26. — Almost all of the society women of New Wilmington aided this afternoon in the reception which was accorded to the Rotary-Anns, attending the Rotary convention in New Castle, in the Hillside parlors here from 2:30 to 4:30. This entertainment and tea was a part of the program arranged for the delegate ladies which included an automobile trip and a tour of the college town and Westminster college.

The women of the little town who formed the executive committee for the giant reception given to the Rotary-Anns this afternoon were: Mrs. W. Charles Wallace, Mrs. R. S. Smyser, Mrs. E. B. Russell, and Mrs. A. A. McDonald.

The ladies who presided at the tea table in the course of the afternoon were: Mrs. W. W. Campbell, Mrs. H T. Getty, Mrs. T. R. Jones, Mrs. W. McLaughry, Mrs. T. C. Hogue, Mrs. R. J. Neale, Mrs. W. E. McElwee, and Mrs. F. Williamson.

In addition fourteen college coeds, daughters of Rotarians, assisted at the tea. These girls were: Miss Phyllis Coley, Miss Margaret McFate, Miss Carol Clark, Miss Norah French, Miss Catherine McClure, Miss Mary Sowerby, Miss Helen Walker, Miss Elizabeth Weingartner, Miss Edith Rounds, Miss Muriel Irons, Miss Margaret Adams, Miss Eleanor Hunter, Miss Theda Hartwell, and Miss Margaret Patterson.

About 300 guests who attended the Rotary-Ann Tea, evinced real pleasure and showed an interest in both the college and the college town. Tasteful decorations in the Hillside reception rooms added to the success of the event.

Announcement was made here today by Jack Hulme of the prize, exact time, and judges of the Kite-flying contest which is to be held for the New Wilmington "kids" Saturday afternoon. The contest is to be held at Anderson's field and it will begin promptly at 1:30.

The prize that is offered for the winner of the Kite-flying tournament is a very valuable multiple-bladed pocket knife. There will be four judges of the tournament working under the supervision of Jack Hulme, the sponsor of the contest. These four judges will be the patrol leaders of the four patrols in the local scout troop.

It has not yet been estimated how many entrants will try for the Kite-flying championship of the town, but it is feared that there may be an overflow group and that the tournament will have to be run in two parts.

Howard Lee, senior patrol leader of the New Wilmington Boy Scout troop recently joined the Lawrence County Scout Band, which meets at the Elks club in New Castle every Wednesday evening.

Scout Lee will play a cornet in this musical company.

The date of the junior play, "Cousins," to be given by the members of the Junior class of the local high school has been set for May 18.

HICKORY HEIGHTS CLOSING POSTPONED

The Hickory Heights school has closed for a week or more owing to a number of cases of scarlet fever, developing among the children last week. This will throw their last day of school which was set for May 11, further away.

HARLANSBURG ROAD NOTES

Miss Isabelle West, a student nurse at the Shenango Valley hospital was on the sick list a few days recently but is back on duty again.

Mrs. Geo. Cather and son, Billy have returned from visiting relatives at Franklin.

Mrs. J. I. Baker is visiting with her daughter Mrs. Frank Hilligoss of Akron, O., at this writing.

Wm. Kildoo of State road, has left for a new position in Angola, Ind. His sister and brother-in-law, Mr. and Mrs. Wm. Wimer live at that place.

Mr. and Mrs. Russell McConnell and family visited with the former's brother, Cal McConnell and family of New Castle, one evening recently.

Billy Ritenour is able to be back at school after a week's illness with sinus trouble.

Bobby Baker is around again, after being on the sick list the past week.

Kenneth and Genevieve Double are back at school again after being quarantined for mumps.

SICK HEADACHE

Be suspicious of persistent sick headaches, dizzy spells or floating specks before the eyes. They usually indicate a poisoned condition of the system which leads to high blood pressure. Due to our abnormal habits of living we place too great a strain upon the vital organs, especially the liver.

The liver becoming weak or sluggish fails to cleanse the blood of the poisons formed in food waste. The whole system becomes toxic then, affecting stomach, kidneys, heart, blood pressure and blood vessels.

The liver occasionally needs a little help, and there's nothing better for this, as medical men now know, than a little ox gall. Ox gall is a remarkable natural stimulant for the human liver, promoting its normal active functioning, so essential to real health. Dioxol tablets are genuine ox gall in dainty and tasteless form, each tablet representing 10 drops of pure ox gall. To be sure of getting the genuine ox gall, be sure of getting Dioxol. They cost less than 2c each at good druggists, and a few tell.

Free Test Take this ad to the druggist named below and he will give you a free sample of Dioxol tablets. Try them yourself. See the splendid, quick results. One trial of Dioxol and you will want a full package!

Pennsylvania Voters Favor Hoover-Smith, Primary Vote Shows

Thousands Of Voters Take Trouble To Write Hoover's Name On Ballot

By C. B. YORKE
International News Service Staff Correspondent

HARRISBURG, April 26.—Political leaders today interpreted Pennsylvania's primary election as showing marked preference among the voters for secretary of Commerce Herbert Hoover and Governor Al Smith as the presidential nominees of the two major parties.

This opinion was based on the fact that thousands of voters went to the trouble of writing Hoover's name as their choice for the Republican nomination. The Republican delegation to the national convention, however, will go to Kansas City uninstructed.

Other thousands of voters, in voting for Democratic delegates at large wrote in Smith's name on the ballots, political leaders said. Out of the eight delegates at large to be designated, six are said to favor Smith while two are anti-Smith, according to returns from all but a few scattered districts.

The anti-Smith delegates at large who placed among the first eight Democratic candidates were John A. McSparran and Norris Hoover. Both men had the support of Vance C. McCormick, Harrisburg publisher and former Democratic national chairman.

The Smith candidates selected on the basis of incomplete returns were Gertrude S. Ely, Anna Ewing Cort, William D. Bergey, Hester M. Fye, John A. Riley and Clinton W. Clader. The Republican delegates at large were unopposed.

To Clear Skin Of Pimples

Do It Quickly And At Small Cost—It's Easy This Way.

Why should anyone allow pimples, blackheads and other blemishes to mar the beauty of their skin when they can be so easily gotten rid of with Peterson's Ointment.

All you have to do is to rub the Ointment thoroughly and regularly into the skin for a few days till it is soft, clear and perfect.

Emma Lillian Baier of St. Louis writes:—"I was very pleased with your sample, and I advise every family to have a box in their medicine cabinet. It has cleared my skin wonderfully and I appreciate your sending me a sample. I am going to buy a large box and always have it ready for use. It sure is a wonderful salve. I wouldn't be without it."

And Edward King of Pittsburgh, Pa., writes: "Had pimples all over my face for over a year, but Peterson's did the work." 35 cents a box at all drug stores.

Poultry Retains Second Place In Farm Enterprises

Final Report Shows 118,000,000 Dozens Of Eggs In Year

HARRISBURG, April 26.—Farm flocks, numbering 19,000,000 chickens, laid approximately 118,000,000 dozen eggs last year, says the Pennsylvania Department of Agriculture in pointing out that poultry, a neglected sideline 75 years ago, is now the State's second leading specialized farm enterprise.

"With chickens on more than nine of every ten farms at present, with mammoth commercial incubators hatching chicks by the millions every week during the late winter and early spring, and with eggs being produced at the rate of almost 2700 every minute, it seems hardly possible that previous to 1850, so little attention was given to chicken raising on the farm," the department state. "Poultry was not regarded as important enough to have any special housing accommodations. The chickens roosted in trees, in sheds on implements or under a hastily constructed lean-to. The reason for this neglect was the lack of a market for the product. Most of the cities were still relatively small and the townspeople had their own flocks in the backyard.

"Even though one of the most recent of farm enterprises, chickens were brought to America by the early settlers. Captain John Smith writing in 1609 refers to the hens, hogs, goats and sheep which he brought from Europe to be used as food on the voyage and after landing. Because of the lack of refrigeration on the boats of the early days it was customary to bring live fowls and other animals along to slaughter and eat enroute as required for food.

First Chicken Thieves

"No sooner had the white settlers started to raise poultry in this country than the age-long crime of chicken stealing started. The first chicken thieves however, were the Indians, who being accustomed to hunting wild turkeys and other wild American fowls, took a particular liking to the white man's tame birds.

"Previous to 1800, it appears that a product very much in demand from poultry was the feathers. The earlier newspapers make frequent mention of buyers or sellers of feathers for pillows and beds, and little or no mention of dealings in eggs and dressed poultry.

"Not until the rapid growth in city population and the abandonment of backyard poultry raising in these cities did farmers find an opportunity to turn their neglected flocks into a profitable sideline, and later into an important specialized enterprise.

Incubator Was Boon

"The home incubator which came into use after 1875 to replace the fickle hen as an egg-hatcher was a great boon to the then developing poultry industry.

"Attention was also being given at about this time to the development of better breeds of chickens for both egg and meat production. As a result of the breeders' skill, America is now credited with the development of the Plymouth Rock, the Wyandotte and the Rhode Island Red breeds.

"The next great discovery was that baby chicks, when properly packaged, could be shipped long distances by rail without ill effect. This started the commercial baby chick business which has resulted today in hatcheries of a million-egg capacity.

"Then came a rapid increase in both number and size of flocks throughout Pennsylvania. Today there are more than 18,000,000 chickens on farms, three times as many as in 1880, when the first poultry census was taken. These birds, by laying 114,000,000 dozen eggs each year, are doing their best to supply the demand for eggs within the Commonwealth but still they fall short by at least 50,000,000 dozen.

"So great has the enterprise become that Pennsylvania flock owners join with poultrymen throughout the country during the period from May 1 to 7 in the celebration of National Egg Week. This week is designed as a nation-wide reminder that the hen must now be considered along with the dairy cow as an essential in farm prosperity, and that the egg ranks with flour as the very foundation of the cooking art."

Expectant Mothers

Relieved of Much Unnecessary Suffering

Doctor's Discovery Praised

HOW to *avoid* suffering is one of the most important things in the world for you to know, right now, mother-to-be! Use the discovery of an eminent physician.

Mrs. John S. Herr, Manheim, Pa., writes: "Mother's Friend did wonders for me. I can almost say my baby was born without pain."

Tonight! Apply Mother's Friend to the abdomen, back and hips. It relieves tension and soothes the nerves.

Do this each night and you will be amazed how effectively Mother's Friend aids the muscles and tissues to expand more easily during expectancy.

Start using tonight—*the sooner the better* and write for *free* booklet on "Things to Know Before Baby Comes" (sent in plain envelope). Mother's Friend is sold by all drug stores—*everywhere*.

Duchess Takes Up Aviation

(International News Service)

LONDON, April 26.—At the age of 62 the Duchess of Bedford, wife of the 11th Duke of Bedford, is learning to fly.

The duchess thinks flying is the most exhilirating of all sports, and has recently acquired a small airplane, which Captain Barnard, a famous civilian pilot, is teaching her to fly.

She uses the front lawn of her husband's magnificent residence, Woburn Abbey, as a taking-off ground.

"For me," the duchess says, "flying has been the thrill of a lifetime. There is none of the dust and dirt of ordinary traveling when you by air."

Dealing with the banana republics is hard on dignity. You know what happens when you step on a banana.

Churches Will Aid Boy's Week Service

To Co-operate In Special Service On Sunday, April 29, Says Round

That all of the churches of New Castle will co-operate in the special Boys' Week service, to take place some time Sunday, April 29, was the statement made this morning by Louis B. Round, chairman of a committee of the Lawrence County Council, Boy Scouts of America, who are sponsoring the Boys' Week program.

It is requested by the committee that the fathers of the boys come to church with them on this day. A special effort will be made to reach the parents of the boys.

Tuesday, May 1, a May Day parade will be held by the children of New Castle, headed by the various Boy Scout troops and bands, to originate in front of the American Legion home, and to take place about 4:30 in the afternoon. Saturday, May 5, another parade is being planned, in which the children will exhibit their pets.

OLD FOLKS!

Why Not Feel Younger And Watch The Years Drop Off

Don't give up—don't become one of those always ailing, inactive old people.

Start tomorrow morning to practice the simple little Kruschen habit of inner cleanliness wherein lies the secret of youth and vigor.

It's the easiest thing you ever heard of.

Just drop two tablets of Kruschen Salts into your morning cup of coffee—you can't taste them—but what a change this little habit makes in the way you feel.

The body responds to the action of Kruschen Salts like a withered plant does to fresh cool water.

Clogged up eliminating organs start to function naturally and regularly—impurities that have been poisoning your system are carried off and pure vigorous blood sent pulsing through the veins, giving new life and vitality to millions of tiny body cells.

Bear in mind that Kruschen is a combination of six mineral salts and these six salts are vitally necessary to vigorous, healthy life.

File Petition For Airline Charter

(International News Service)

PITTSBURGH, April 26. — Scheduled passenger and express service by air between Pittsburgh, Harrisburg and Philadephia was in prospect with the filing here Wednesday of a request for a certificate of public convenience to operate an exclusive air service between the three principal Pennsylvania cities.

The petition was filed at a hearing before the Public Service Commission by C. Bedell Monro, son of William L. Monro, president of the American Window Glass company of Pittsburgh.

If granted the charter, the Pittsburgh and Eastern airlines will be formed backed by sufficient capital to provide ample equipment, Clarence Coombs, former government pilot and Monroe, testified.

TODAY'S RECIPES.

Hidden Oysters—Four long crusty rolls, one pint oysters, two tablespoons butter, half teaspoon salt, a little bit of pepper, half cup milk, one tablespoon flour. Cut the top lengthwise from each roll and pull out the soft part leaving a crusty case. Melt butter in sauce pan add oysters and shake over fire until edges of oysters crinkle. Add salt and pepper and divide among the cases. Add milk to butter in which oysters were cooked and thicken with flour stirred smooth with a little cold milk. Bring to boiling point, stirring constantly. Pour about 2 tablespoons of sauce over each portion of oysters and put on the upper crust. Brush with melted butter and put in a hot oven until cases are very hot.

Butterscotch Tarts—One cup brown sugar, one tablespoon butter, two tablespoons water, one cup milk, two tablespoons cornstarch, one egg, half teaspoon vanilla, four tablespoons confectionery sugar. Heat sugar butter and water together until sugar is dissolved and brown. Mix milk cornstarch and beaten egg yolk and add to sugar mixture, cook over hot water until thick, cool and add vanilla, pour into cooked tart shells and cover with meringue made of beaten egg white and confectionery sugar and brown in hot oven.

BODY OF MAN FOUND DEAD IS UNCLAIMED

BUTLER, Pa., April 26.—The body of Harry Miller, aged 75, who was found in an abandoned store room at Ivywood last Saturday morning, lies unclaimed at the Dengler funeral home on West Jefferson street.

Efforts to locate relatives of the dead man have proved futile. A sister whom he had not seen for forty years is believed to be living in Sewickley, Allegheny county, but no trace can be found of her.

A small sum of money was found on his person. Coroner William F. Pohl who investigated the case gave a verdict of death due to heart disease.

SIXTH FAMILY DEATH WITHIN FIVE MONTHS

JOHNSTOWN, Pa., April 26.—Jacob W. Jacoby, 48, indentified with two of Johnstown's oldest families, expired of pneumonia making the sixth death in his family within the last five months. He leaves a wife and five children.

BODY OF MAN FOUND DEAD IS UNCLAIMED

BUTLER, Pa., April 26.—The body of Harry Miller, aged 75, who was found in an abandoned store room at Ivywood last Saturday morning, lies unclaimed at the Dengler funeral home on West Jefferson street.

Efforts to locate relatives of the dead man have proved futile. A sister whom he had not seen for forty years is believed to be living in Sewickley, Allegheny county, but no trace can be found of her.

A small sum of money was found on his person. Coroner William F. Pohl who investigated the case gave a verdict of death due to heart disease.

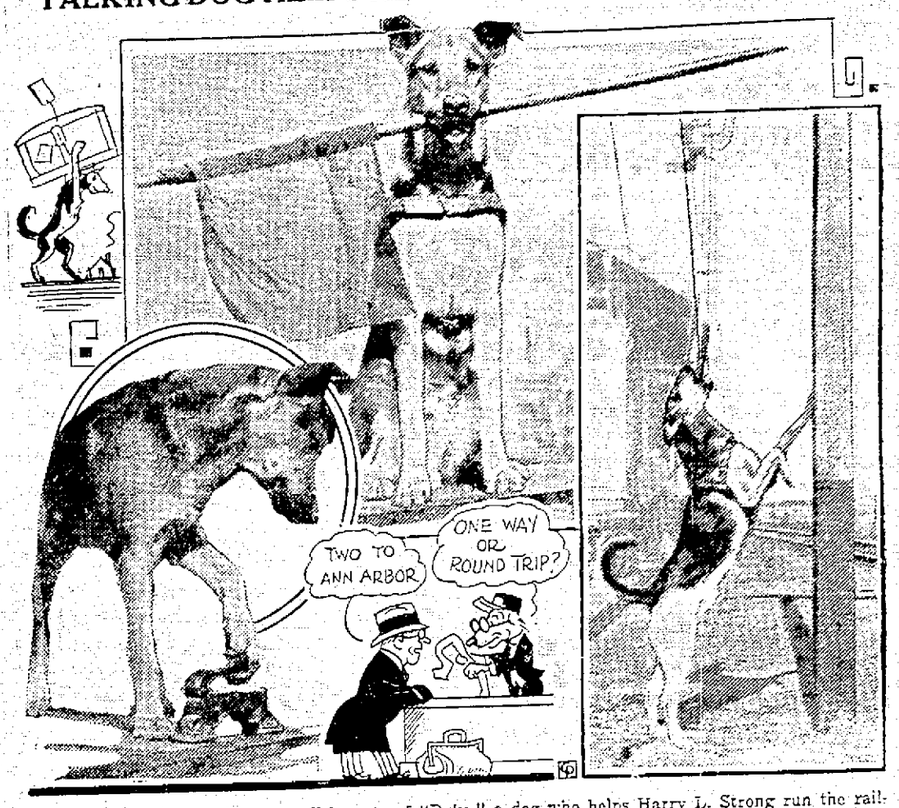
TALKING DOG HELPS AS RAILROAD STATION AGENT



Not the least among the accomplishments of "Duke," a dog who helps Harry L. Strong run the railroad station at Azalia, Mich., is his ability to talk. The words "yes," "no" and "hello" are in his vocabulary and he knows when to use each of them correctly. In addition he understands some of the Morse code of telegraphy, unlocks doors, stamps tickets, sets the semaphore to halt fast trains, flags slow freights with a red flag held in his mouth and acts as "red cap" in his spare time by carrying luggage for passengers. He is shown above at a few of his tricks.

Missionary Body Enjoys "African" Meeting Wednesday

Mrs. Moorhead And Mrs. Porter To Represent Society At Presbytery Soon

ELLWOOD CITY, April 26.—Members of the Women's Missionary society of the First Presbyterian church were well represented at the regular monthly meeting of that body which took place Wednesday evening in the church at the conclusion of the prayer service.

The topic for the evening was "Africa and Negroes in America" and Mrs. Joseph Moorhead and her division presented a splendid program grouped around that subject.

The collegiate quartet comprising Tom Moorhead, Dave Jones, Hubert Slocum and John Streeter accompanied by Margaret Leibendorfer at the piano sang several pleasing negro spirituals.

Miss Gertrude Zeigler and Miss Janet Gimmel sang a duet accompanied by Miss Ruth Haines at the piano.

Mrs. Hansen favored with a clever reading and interesting papers were read by Mrs. William Cochrane and Mrs. Grace Benford.

At the business session the members decided to send Mrs. Joseph Moorhead and Mrs. E. C. Porter to Sharon next Tuesday and Wednesday to attend the Women's Presbytery meeting. Other members of the society plan to attend the meetings and Mrs. A. M. Stevenson is in charge of the transportation.

Church Receives New Members In Formal Reception

ELLWOOD CITY, April 26.—Two hundred old and new members of the Trinity Lutheran church attended the annual reception conducted Wednesday in honor of the new members received this year.

Clarence Hollerman gave an interesting and appropriate address of welcome and Prof. Frank Attinger responded on behalf of the new members. Two pleasing duet numbers were rendered by Mrs. Thelma Schenck and Miss Mary Blocher.

Rev. Baker gave a brief address, stressing the need of church life and again welcoming the new members.

The balance of the evening was spent informally with pep singing led by P. W. Blocher and a delicious luncheon served by the ladies of the church.

Police On Trail Of Thieves Here

Three Homes Broken Into On Tuesday, With Entry To All Through Cellars

ELLWOOD CITY, April 26.—Taking advantage of primary election day, petty thieves entered the homes of George Meyer of Fountain avenue, J. C. Wardman of Crescent avenue, and W. M. Smiley in attempts to loot the places.

They were most successful at the Moyer home, for a diamond ring, a diamond bar-pin and a watch were missing when Mrs. Moyer returned late in the afternoon.

The house presented a confused clutter of clothing and furniture, as though the thieves were in a hurry.

All the homes were entered by means of an unlocked basement window.

Mr. and Mrs. Wardman checked further prowling through their home by returning before the marauders could gain access to the upper floor. At the Smiley home $23 in money was taken, but nothing else had been missed so far. Police are on the trail of the burglars, and are following up several clues.

The police department warns the local citizens to carefully lock their homes before leaving for the afternoon or evening.

"I Sleep Fine And Feel Like Different Man"

Another New Castle Citizen Finds Way to Health By Using Famous Ten Herbs

"After using Ten Herbs, I sleep fine and feel like a different man," was the statement of Mr. Harry Reiber, 1724 East Washington Street, New Castle, to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30

MR. HARRY REIBER

East Washington Street, this city, where he is daily demonstrating this celebrated herbal medicine.

"I used to have a very bad stomach", continued Mr. Reiber, who is a pipe-fitter. "The gas on my stomach was very distressing, and I had to be careful what I ate. I had pains in my back. My skin broke out in spots, and I was troubled with neuralgia. There were pains in my neck, and at times I had dizzy spells, as my liver was disordered. My nerves were unstrung, and I did not sleep well. I was troubled with constipation all the time. Riding in an automobile gave me pains all through my body. I even had my teeth extracted, but that did not help my condition.

"A friend advised me to try Ten Herbs, and the third bottle convinced me of the merits of your medicine. I can eat three good meals a day, and sometimes it seems as though I cannot get enough to eat, my appetite is so good. I never have any more gas on my stomach, and my bowels are regular. The pains are gone from my neck and back, and my kidneys are working properly. I do not have any more dizzy spells, as my liver is in good condition. Automobile riding does not even tire me now. I gladly endorse Ten Herbs to the public."

Everyone should take Ten Herbs in the spring. Its wonderful herbal ingredients purify and enrich the blood by cleansing the entire system, toning up the stomach and kidneys, and regulating the liver and bowels. Ten Herbs prevents spring lassitude, as it seems to impart new life and vigor over the whole body. It has helped many others in this section and why not you?

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine. Free sample given.

Believe Marathon Dancers Will Set Endurance Record

Nine Couples Remain In Pittsburgh Contest Of Marathon Dancers

(International News Service)

PITTSBURGH, April 26.—With all indications pointing to the present record being shattered, the national championship marathon dancing contest had ceased to be a dance today. It had simmered down to a group of nine bleary couples fighting doggedly to keep on their feet between rest periods.

As the time passed the 60-hour mark and neared the record of 61 hours and 45 minutes, it was believed by experienced spectators that several contestants could at best last but a few more hours. The field is expected to narrow down to two or three couples by tonight.

Even the spectators seemed to have caught much of the spirit of fatigue in the air. The dancers are tired, the management is tired and has ceased trying to answer the innumerable telephone calls, the spectators are tired, only the phonograph continues on unperturbed by the passing hours.

Walls Complete On New Building

Masonry Work On New "Old Main Memorial" Is About Finished

(Special To The News)

NEW WILMINGTON, Pa., April 26.—Masonry work on the walls of Old Main Memorial, Westminster's new main building, is about completed. Already some of the steel girders for roof support have been placed into position, and the whole building operation is the scene of much activity.

The chapel wing stone work is completed with the exception of the gable point above the arched doorway which faces the north. Dormer windows, which will break the roof contour in true Gothic style, have been completed.

On the main wing of the building, all that remains for the masons to do is to complete the stone work on the Memorial Tower, which is now about one-third as high as it will be when completed. Bricklayers have considerable work to do in both the chapel wing and the main section of the structure. A large crew has been on the job for the last two weeks.

With good weather, workmen should have the whole building under roof by the second week in May. Then with constant work all summer it should be possible to have the new building ready for occupancy in September.

Missionary Body Enjoys "African" Meeting Wednesday

Mrs. Moorhead And Mrs. Porter To Represent Society At Presbytery Soon

ELLWOOD CITY, April 26.—Members of the Women's Missionary society of the First Presbyterian church were well represented at the regular monthly meeting of that body which took place Wednesday evening in the church at the conclusion of the prayer service.

The topic for the evening was "Africa and Negroes in America" and Mrs. Joseph Moorhead and her division presented a splendid program grouped around that subject.

The collegiate quartet comprising Tom Moorhead, Dave Jones, Hubert Slocum and John Streeter accompanied by Margaret Leibendorfer at the piano sang several pleasing negro spirituals.

Miss Gertrude Zeigler and Miss Janet Gimmel sang a duet accompanied by Miss Ruth Haines at the piano.

Mrs. Hansen favored with a clever reading and interesting papers were read by Mrs. William Goehring and Mrs. Grace Benford.

At the business session the members decided to send Mrs. Joseph Moorhead and Mrs. E. C. Porter to Sharon next Tuesday and Wednesday to attend the Women's Presbytery meeting. Other members of the society plan to attend the meetings and Mrs. A. M. Stevenson is in charge of the transportation.

Church Receives New Members In Formal Reception

ELLWOOD CITY, April 26.—Two hundred old and new members of the Trinity Lutheran church attended the annual reception conducted Wednesday in honor of the new members received this year.

Clarence Hollerman gave an interesting and appropriate address of welcome and Prof. Frank Attinger responded on behalf of the new members. Two pleasing duet numbers were rendered by Mrs. Thelma Schenck and Miss Mary Blocher.

Rev. Baker gave a brief address, stressing the need of church life and again welcoming the new members.

The balance of the evening was spent informally with pep singing led by P. W. Blocher and a delicious luncheon served by the ladies of the church.

Police On Trail Of Thieves Here

Three Homes Broken Into On Tuesday, With Entry To All Through Cellars

ELLWOOD CITY, April 26.—Taking advantage of primary election day, petty thieves entered the homes of George Moyer of Fountain avenue, J. C. Wardman of Crescent avenue, and W. M. Smiley in attempts to loot the places.

They were most successful at the Moyer home, for a diamond ring, a diamond bar-pin and a watch were missing when Mrs. Moyer returned late in the afternoon.

The house presented a confused clutter of clothing and furniture, as though the thieves were in a hurry.

All the homes were entered by means of an unlocked basement window.

Mr. and Mrs. Wardman checked further prowling through their home, by returning before the marauders could gain access to the upper floor. At the Smiley home $23 in money was taken, but nothing else had been missed so far. Police are on the trail of the burglars, and are following up several clues.

The police department warns the local citizens to carefully lock their homes before leaving for the afternoon or evening.

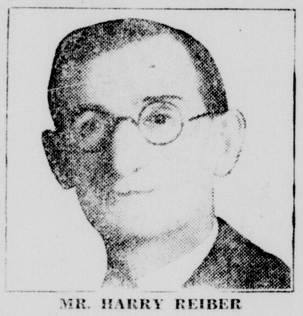
"I Sleep Fine And Feel Like Different Man"

Another New Castle Citizen Finds Way to Health By Using Famous Ten Herbs

"After using Ten Herbs, I sleep fine and feel like a different man," was the statement of Mr. Harry Reiber, 1724 East Washington Street, New Castle, to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30



MR. HARRY REIBER

East Washington Street, this city, where he is daily demonstrating this celebrated herbal medicine.

"I used to have a very bad stomach", continued Mr. Reiber, who is a pipe-fitter. "The gas on my stomach was very distressing, and I had to be careful what I ate. I had pains in my back. My skin broke out in spots, and I was troubled with neuralgia. There were pains in my neck, and at times I had dizzy spells, as my liver was disordered. My nerves were unstrung, and I did not sleep well. I was troubled with constipation all the time. Riding in an automobile gave me pains all through my body. I even had my teeth extracted, but that did not help my condition.

"A friend advised me to try Ten Herbs, and the third bottle convinced me of the merits of your medicine. I can eat three good meals a day, and sometimes it seems as though I cannot get enough to eat, my appetite is so good. I never have any more gas on my stomach, and my bowels are regular. The pains are gone from my neck and back, and my kidneys are working properly. I do not have any more dizzy spells, as my liver is in good condition. Automobile riding does not even tire me now. I gladly endorse Ten Herbs to the public."

Everyone should take Ten Herbs in the spring. Its wonderful herbal ingredients purify and enrich the blood by cleansing the entire system, toning up the stomach and kidneys, and regulating the liver and bowels. Ten Herbs prevents spring lassitude, as it seems to impart new life and vigor over the whole body. It has helped many others in this section and why not you?

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine. Free sample given.

Believe Marathon Dancers Will Set Endurance Record

Nine Couples Remain In Pittsburgh Contest Of Marathon Dancers

(International News Service)

PITTSBURGH, April 26.—With all indications pointing to the present record being shattered, the national championship marathon dancing contest had ceased to be a dance today. It had simmered down to a group of nine bleary couples fighting doggedly to keep on their feet between rest periods.

As the time passed the 60-hour mark and neared the record of 61 hours and 45 minutes, it was believed by experienced spectators that several contestants could at best last out a few more hours. The field is expected to narrow down to two or three couples by tonight.

Even the spectators seemed to have caught much of the spirit of fatigue in the air. The dancers are tired, the management is tired and has ceased trying to answer the innumerable telephone calls, the spectators are tired, only the phonograph continues on unperturbed by the passing hours.

Walls Complete On New Building

Masonry Work On New "Old Main Memorial" Is About Finished

(Special To The News)

NEW WILMINGTON, Pa., April 26.—Masonry work on the walls of Old Main Memorial, Westminster's new main building, is about completed. Already some of the steel girders for roof support have been placed into position, and the whole building operation is the scene of much activity.

The chapel wing stone work is completed with the exception of the gable point above the arched doorway which faces the north. Dormer windows, which will break the roof contour in true Gothic style, have been completed.

On the main wing of the building, all that remains for the masons to do is to complete the stone work on the Memorial Tower, which is now about one-third as high as it will be when completed. Bricklayers have considerable work to do in both the chapel wing and the main section of the structure. A large crew has been on the job for the last two weeks.

With good weather, workmen should have the whole building under roof by the second week in May. Then with constant work all summer it should be possible to have the new building ready for occupancy in September.

Twenty Million Flood Damage In Southern States

Devastating Flood In Georgia, Alabama And Florida Does Heavy Damage

ESTIMATE 5,000 MADE HOMELESS

(International News Service)

ATLANTA, April 26.—Flood waters sweeping south Georgia, south Alabama and northwest Florida, in a devastating race to the sea, have caused damage to rich farmlands and railroad and private property estimated at more than $20,000,000.

In addition, 5,000 are homeless. Forced to evacuate their homes when the raging rivers, swelled by eight inches of rain last Sunday, swept through the towns in the lowlands.

The situation was improving in south Georgia today, and the high waters of the Ocmulgee and Oconee rivers were gradually receding. The Flint river also was falling and train service has been resumed. Highways in south Georgia were still impassable.

South Alabama and northwest Florida reported the greatest damage to crops and railroad and private property. The residents of the town of Caryville, Fla., fled to higher ground at Bonifay, when 12 feet of water from the Choctawhatchie river inundated the town. The town of Westville, across the river from Caryville, was also flooded.

Five Recaptured Prisoners Given Prison Sentences

(International News Service)

CLARION, Pa., April 26.—Five persons recaptured after a break from the Clarion county jail recently, today were sentenced to serve one to two years in the penitentiary on robbery charges.

They are—Edward Kilduff, John Bankoski, Frank Bankoski, Robert Nimimo and Duane Drummond. Kilduff, who also escaped from the Reynoldsville jail, must complete his old sentence of two and one half years in the penitentiary and five years in the workhouse, Judge Frank Harvey ruled.

County Will Soon Set Tax Millage

Tax millage for county purposes will be set within the next week or ten days, it was stated by members of the board of county commissioners.

Owing to the fact that all the assessment valuations are not as yet complete, it was impossible at this time, members of the board, stated just what the tax millage would be, but it was conceded that there would be some increase in the county taxes, because of the numerous improvements contemplated, if the money is available.

The county valuations for tax purposes will be slightly higher, it was stated, in spite of the fact that horses and cattle are no longer assessable and that this valuation, which was included in former years, will not be available this year.

Thirty-Five Of Tanker Crew Are Reported Safe

Oil Tanker Takes Fire And Crew Forced To Flee In Lifeboats

(International News Service)

NEW YORK, April 26.—Thirty five officers and crew of the oil tanker Overbrook forced to abandon their vessel 150 miles off the East Florida coast and take to the life boats when the vessel caught fire are safe aboard the Standard Oil tanker Frederick W. Weller, Captain Hulings, of the Overbrook, reported today, in a radiogram to the tanker's owners, the Gladstone Transportation company, here.

The blaze which forced the abandonment of the tanker after radio SOS calls had been sent out, started in the pump room, Captain Hulings reported.

The tanker was bound from Texas City, Texas, to this port with 80,000 barrels of oil. It was built in 1918 at Chester, Penna.

Captain Hulings radio message did not say whether or not the tanker could be salvaged.

HEALTH OFFICER ISSUES WARNING

Measles Are Dangerous; "Take No Chances" Says Dr. W. L. Steen

"Measles claim more lives than diphtheria and scarlet fever combined" said Dr. W. L. Steen, health officer today in discussing the mild epidemic that is prevalent in New Castle though as yet he reported no deaths had been reported.

Dr. Steen made the foregoing statement for the express purpose of warning parents that they should not take any chances with children who have measles, and especially so should they be between the ages of 1 and 3.

He stated that patients are apt to catch cold and generally pneumonia sets in which proves fatal.

The health officer expects the measles to appear in all sections of the city before the wave subsides.

Senate Reopens Boulder Issue

Two-Year Fight Over Boulder Dam Bill Taken Up Again In Senate

MAY BE DITCHED FOR TAX REDUCTION

(International News Service)

WASHINGTON, April 25.—The two-year-old fight to enact the Swing-Johnson bill for constructing a huge dam in the Colorado river at Boulder Canyon was reopened in the Senate today.

The Boulder bill became the "unfinished business" of the Senate, a parliamentary position it will hold until enacted or displaced by a vote of the Senate. The measure, however, faced a desperate filibuster by the two Arizona senators and there was much doubt among senatorial leaders whether it would be enacted at this session.

The bill probably will be displaced temporarily early next week to permit debate upon the tax reduction bill which the Senate finance committee is about to report. The tax fight likely will consume two weeks of debate, as the Democrats intend battling for a $300,000,000 reduction, while the administration ranks hold out for a $210,000,000 slash. The tax row will postpone action on the Boulder dam bill until well into May and with congressional leaders anxious to adjourn by May 20 or June 1 at the least, a well organized filibuster could defeat it in the Senate at this session.

High Praise For Kegarise Airport

Smith Brings Visitors Here In Plane From Bridgeville

High praise for the Kegarise airport was sounded today by J. Warren chief pilot of the Meyer Aircraft corporation, Bridgeville, Pa., who carried several visitors to this city on Wednesday in a Ryan monoplane, sister ship to the plane used by Colonel Lindbergh. In fact Pilot Smith likes the field so well that he has stated that he plans to make a lot of stops while flying in this direction.

Smith said that while enroute to New Castle he could see the Kegarise hangar for a distance of five miles and said the field is an ideal location and the slope is excellent for a good getaway. In fact in making the return trip Smith got away within a distance of 50 feet.

Ralph Kegarise today stated that he invites the flyers of the country to take advantage of the Kegarise field and they are welcome to land there at any time.

While in this city Mr. Hughes and Mr. Oursler were guests of Superintendent Robert Tully of the Carnegie plant here.

Farm Relief Is Debated In House

Debate Effect Of Farm Relief Measure On Presidential Campaign

(International News Service)

WASHINGTON, April 26.—The long awaited fight over farm relief in the house got under way today with rival leaders debating the effect of the McNary-Haugen bill upon the 1928 presidential campaign as well as upon the American farmer.

The political controversy was precipitated into the spotlight by the Ohio primary victory of Secretary Hoover. The primary results of a half dozen other states were also drawn into the discussion.

Rep. Dickinson (R) of Iowa, leader of the "farm bloc" predicted that the bill would pass the house by a majority twice that of last year as a result of political pressure back home. His statement was immediately challenged by Rep. Fort (R) of New Jersey and other opponents of the $400,000,000 bill for the handling of the agricultural surplus.

Nellie Ross May Be Running Mate For Al Smith

Former Woman Governor Of Wyoming May Be Vice President Candidate

(International News Service)

ATLANTIC CITY, N. J., April 26.—Nellie Taylor Ross, former governor of Wyoming, may run on the Democratic ticket for vice president with Governor Al Smith of New York, according to an announcement made here by E. V. Robinson of Cody, Wyo. Robinson, president of a large cattle ranch near Cody, said that this report is given wide circulation in the Rocky Mountain section and further west.

"It is thought that Mrs. Ross will attract the women's vote and that her stand on prohibition will win over the dry Democratic votes," he said.

Number Of Actions Filed In Court

A number of actions which will come up before the Lawrence county court were filed in the office of the prothonotary today.

The petition of the defendant in the case of the Commonwealth versus Steve Vuksan for a writ of certiorari was granted today by the court.

This gives Vuksan the right to appeal from the decision of Alderman William E. Marshall in the case in which he was charged with reckless driving by C. C. McDermott, member of the state highway patrol, and for which he was assessed a fine of $25 and costs. One of the reasons given for securing the writ was that the defendant claims that he is not guilty.

A summons in trespass and a statement of claim have been filed in the case of Frank Natale versus Harry Wolfe.

A writ of replevin was filed Wednesday in the case of Scholnick, Incorporated, against Evangelos Zerkadas, proprietor of the Penn Sandwich shop. Under the action taken the prosecutor is attempting to secure the return of goods and fixtures valued at $300.

Large Gas Well Is Drilled In

(International News Service)

SISTERSVILLE W. Va. April 26—Experts estimated today that the gas well drilled in at Porters Falls, Wetzel county, Tuesday night, will make at least 400 barrels and 4,000,000 cubic feet of gas.

A thousand barrel tank was filled in two hours shortly after the well was drilled. Sistersville business men back of the enterprise say the well is the largest drilled in this region in recent years.

Still, if creation is yet in process and evolution is a part of it, man may yet attain to the image of his creator.

Variety Night Program Tuesday

Educational Arts Society Program At Cathedral Next Tuesday

The Variety Night program to be sponsored by the Educational Art society in the Scottish Rite auditorium on Tuesday night of next week is going to be one of the highlights of the season's series. The program is one of variety and opens at 8 o'clock with two popular film comedies. Following this James Woodside, distinguished baritone of New York city will offer a group of songs of a semi-classic and popular nature. Following that Gaylord Yost, celebrated violin virtuoso, will play a group of violin numbers and following this the Yost string quartet of which Musical America says, "It has proven itself to be classed with the leading organizations of its kind," will be heard in a number of string quartet numbers.

The personnel of this group is: Gaylord Yost, first violin; Roy Shumaker, second violin; Carl Rosenberg, viola; Alfred Armocida, cello. Earl Truxell will act as accompanist for the evening. The evening will close with a group of character studies of great literary men by the famous Sydney Landon. Landon is a great artist in impersonating literary characters.

After his appearance in Elmira, N. Y., where Mark Twain lived for so many years an old man from the audience came up to Mr. Landon and said: "We here knew him (Mark Twain) so well that it was hard to believe that Mark wasn't back, but we knew it was not when you failed to do the one last thing that he always did, pass around the cigars. That was one of his favorite customs. Mr. Landon has promised to give New Castle an impersonation of Mark Twain, Bill Nye and of that melancholic character, Edgar Allen Poe. The nature of this particular program is creating a great deal of interest.

Final Contest At Plaingrove Friday

Final in the series of literary contests between Plaingrove and Bessemer High Schools, will be held Friday evening at Plaingrove.

At the close of the literary contests in which all of the high schools of the county participated, Plaingrove and Bessemer were tied for first place honors in the Class A schools. As the post-season series is being held to determine the championship, it should be a most interesting occurence. In the post-season contests, Bessemer had three points and Plaingrove two. The contest Friday evening will determine which one of the two schools won the Class A championship.

CONSUMPTION IS CATARRH DANGER

Disease May Progress Down Throat To Lungs. World's Tonic Helps Him.

Probably the most dangerous thing about catarrh is the possibility of the disease leading on to consumption. Catarrh for instance, begins in the nasal passages. Gradually it spreads and soon it attacks the throat. The poisonous acrid discharges continue to spread the catarrh and in the order named, the trachea or windpipe, bronchial tubes and lastly the substance of the lungs are attacked. The victim is then standing on the very stepping-stone to consumption.

Symptoms of this condition are tightness in chest, soreness in chest, difficult breathing, darting, sharp or dull, heavy pains or a prickly distressing sensation accompanied with more or less cough or expectoration.

Catarrh is such a dangerous enemy to health, and life that men and women should start combating it, as quickly as they realize they have it.

World's Tonic is a systemic treatment made especially for catarrh sufferers and is needed by thousands of people. It almost immediately relieves the dripping of the poisonous discharges from the nose, pains in head, inflammation of the nose and throat and the like. World's Tonic also combats catarrh within the system at its very source and is designed to rid the system entirely of catarrh. Get it at Paisley's, McKee's Kut Rate Store, Smith's, Eckerd's of New Castle, Inc. or any other reliable druggist. (255)

After his appearance in Elmira, N. Y., where Mark Twain lived for so many years an old man from the audience came up to Mr. Landon and said: "We here knew him (Mark Twain) so well that it was hard to believe that Mark wasn't back, but we knew it was not when you failed to do the one last thing that he always did, pass around the cigars. That was one of his favorite customs. Mr. Landon has promised to give New Castle an impersonation of Mark Twain, Bill Nye and of that meloncholic character, Edgar Allen Poe. The nature of this particular program is creating a great deal of interest.

Final Contest At Plaingrove Friday

Final in the series of literary contests between Plaingrove and Bessemer High Schools, will be held Friday evening at Plaingrove.

At the close of the literary contests in which all of the high schools of the county participated, Plaingrove and Bessemer were tied for first place honors in the Class A schools. As the post-season series is being held to determine the championship, it should be a most interesting occurence. In the post-season contests, Bessemer had three points and Plaingrove two. The contest Friday evening will determine which one of the two schools won the Class A championship.

RESERVE OFFICERS TO MEET ON MAY 2

The final dinner of the Officers Reserve association will be held in the Elks club on Wednesday evening May 2 at 5:30. Secretary P. J. Dempsey is endeavoring to get out a full attendance of all members from Lawrence, Butler and Beaver counties. The speaker will be announced later.

CONSUMPTION IS CATARRH DANGER

Disease May Progress Down Throat To Lungs. World's Tonic Helps Him.

Probably the most dangerous thing about catarrh is the possibility of the disease leading on to consumption. Catarrh for instance, begins in the nasal passages. Gradually it spreads and soon it attacks the throat. The poisonous acrid discharges continue to spread the catarrh and in the order named, the trachea or windpipe, bronchial tubes and lastly the substance of the lungs are attacked. The victim is then standing on the very stepping-stone to consumption.

Symptoms of this condition are tightness in chest, soreness in chest, difficult breathing, darting, sharp or dull, heavy pains or a prickly distressing sensation accompanied with more or less cough or expectoration.

Catarrh is such a dangerous enemy to health, and life that men and women should start combating it, as quickly as they realize they have it.

World's Tonic is a systemic treatment made especially for catarrh sufferers and is needed by thousands of people. It almost immediately relieves the dripping of the poisonous discharges from the nose, pains in head, inflammation of the nose and throat and the like. World's Tonic also combats catarrh within the system at its very source and is designed to rid the system entirely of catarrh. Get it at Paisley's, McKee's Kut Rate Store, Smith's, Eckerd's of New Castle, Inc. or any other reliable druggist. (255)

DUE TO THE SEVERITY OF THE WINTER ON THE GREAT PLAINS, THE INDIANS ALWAYS CEASED FIGHTING IN THE FALL AND, MOVING SOUTHWARD TO MORE SHELTERED WINTER QUARTERS, KEPT THE PEACE UNTIL SPRING.

Senior A's Take Lead In Carnival Of High Athletics

Biting Cold Day Fails To Hamper High School Athletes In Track Meet

MEET WILL BE RESUMED TODAY

It was biting cold at Ben Franklin high field on Wednesday afternoon for the New Castle High School Track and Field Carnival was continued. Five events were staged and at the end of the second day of the meet the Senior A's had the lead by 15 points.

The day was more fit for fire-side stories than track and after staging five events the officials decided to continue the meet another day.

The mile relay race will be staged this afternoon. The meet will not be decided perhaps until the early part of next week, due to the fact that the hurdles are not yet complete.

Competition in the meet is very keen as seen by the fact that but four and one-half points separate the leaders. The Junior B's led the meet for the first day but the Senior A's took the lead away from the Juniors. The events staged yesterday were the 220 yard dash, javelin throw, half-mile, broad-jump and pole vault.

Paul Reider was awarded first place in the 220-yard dash when Walter Smith cut too quickly at the turn in the track and although Smith finished quite aways ahead of Reider the judges would not allow his race.

Arthur Craft was the winner of the javelin throw with a heave of 156 feet 10 inches. Arthur Meek raced home ahead of a large field in the half-mile, in the time of 2:16. Tommy Harper was the best broad jumper with a leap of 19 feet. Haid and Johnson tied for first place in the pole vault at 9 feet 3 inches.

Following is the standing of the teams for the two-day competitions: Senior A's, 45; Senior B's, 41½; Junior A's, 9 1-4; Junior B's, 39 1-4; Soph A's, 19½; Soph B's, 10½.

Base Ball League Is Being Formed By College Boys

(Special To The News)

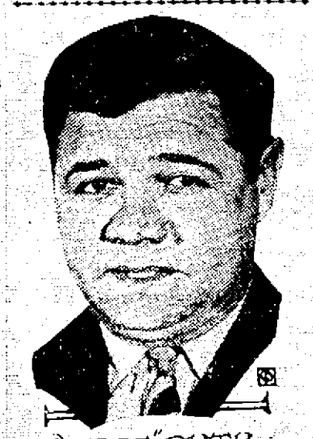
NEW WILMINGTON, Pa., April 26.—An inter-fraternity baseball league is in the process of organization at Westminster under direction of Jack Hulme, director of the gymnasium and varsity swimming coach.

To date two fraternities, Kappa Phi Lambda and Delta Phi Sigma have signed up with the league, and the other three men's organizations are expected to join within the next few days.

If present plans go through, a regular schedule of games will be played in league fashion and the winner determined on a percentage basis. Expenses of the league, for equipment and outfits, will be pooled among the fraternity groups.

Last year, while no official league was organized the various organizations had teams which played in a series of games, providing pleasant diversion for spring evenings.

Personalities In Sport



"BABE" RUTH

George Herman Ruth, New York Yankees' outfielder, was born at Baltimore, Md., on February 7, 1894.

Ruth played with providence and Baltimore in 1914, and was sold to the Boston Red Sox on July 8 of that year. The reported sale price was $2,900.

The Babe stuck with the Sox until 1919, when his new major league record of 29 home runs caused the New York Yankees to buy him for $125,000, a record price.

The next year Ruth broke his record by hitting 54 home runs, and again in 1921 set a new mark of 59. This latest record stood until the 1927 season when he hit 60 homers.

In his career in the majors Ruth has hit 417 home runs.

He bats and throws left handed, stands six feet two and weighs 210 pounds.

The papers state
Naught but the deeds of Cohen, 2 b.

However, picking the hot ones off the infield grass appealed to Andy a bit more than excavating tummies and separating a pair of back-firing tonsils from their unconscious owner.

It was a great day for germs when Andy parked his scalpel and test tube, picked up a piece of hickory and batted himself onto the New York Giants' roster.

Andrew decided to become a ball player when he read of Babe Ruth making $70,000 a year. It is a notorious fact that Mr. Ruth doesn't know the difference between a tonsilectomy and a fractured clavicle.

The first thing Andy did after hitting the National league was to operate on the pitchers' curves without the use of an anesthetic.

Dempsey Victor In Damage Suit

Wild Mob Of Admirers Cheer Dempsey As He Leaves Courthouse

KEARNS ASSERTS HE WILL APPEAL

(International News Service)

NEW YORK, April 26.—Victorious in the $500,000 suit brought by Jack Kearns, his former manager, Jack Dempsey was the center of an impromptu celebration held outside the Federal courthouse on Park Row early today. The one-time king of the heavyweights, grinning from ear to ear, was surrounded and cheered to the echo by a milling mob of admirers who were waiting outside the building to learn the verdict.

"I never felt so relieved in my life," the Manassa Mauler said happily. "That certainly is a load off my mind."

Dempsey has been harried for years by Kearns' lawsuits. He had to take all kinds of precautions to prevent "Perfumery Jack" from attaching his purse for the Tunney fight in Philadelphia. Kearns had attached an expensive automobile owned by Dempsey and had worried Dempsey in countless other matters.

Find Claims Voided

The jury deliberated the case for about three and one-half hours. Jack originally sued Dempsey for $701,026.60 which he alleged Jack owed him under contract as his share of the fighter's earnings. An item of $166,666 was chipped off the suit Monday by Judge Knox.

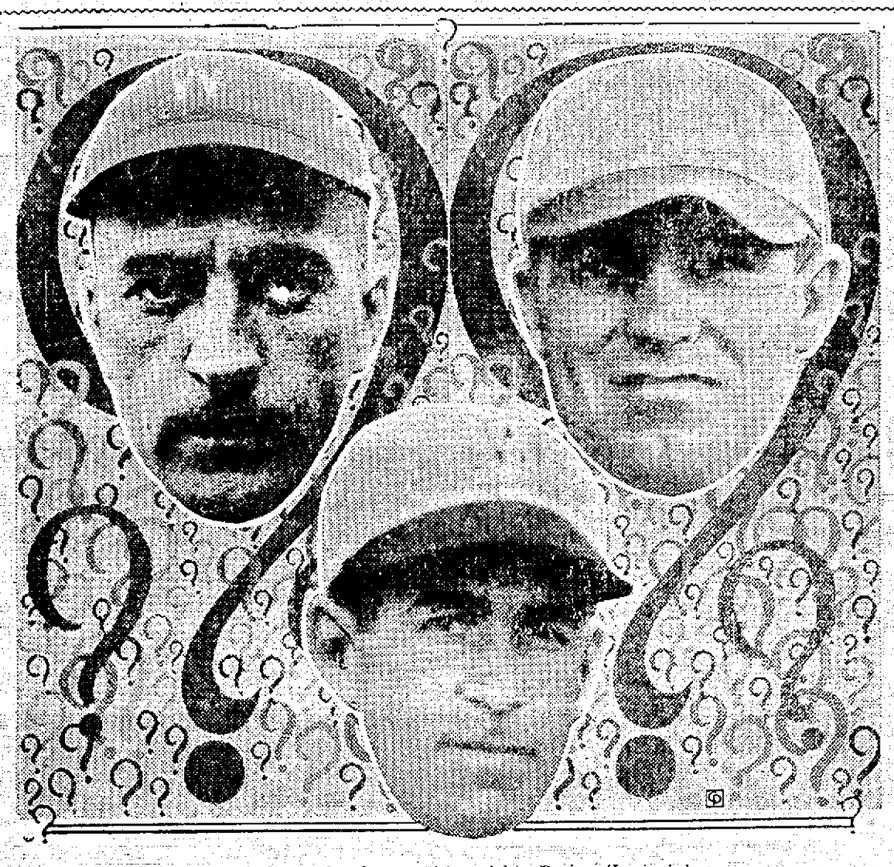
The jury found that Kearns' claims were voided by the settlement which he made with Dempsey in Los Angeles in 1925. They decided that the Saratoga contract which the pair agreed to in 1923, the subject of the dispute, was legal but was abrogated by the later agreement.

Kearns announced he would appeal. He said also that a similar suit he has pending would be pressed in a Philadelphia court.

It is estimated that the long legal fight, which extended over a period of nearly two years, has cost Dempsey close to $100,000 and Kearns at least half that sum.

Who Will It Be—George Or Joe?

All Washington (Including Bucky Harris) Would Like To Know



Joe Judge, left; George Sisler, right; Bucky Harris, below.

By BILL RITT
Staff Writer for Central Press and New Castle News

Bucky Harris, known to the trade as the boy manager of the Washington world champions several years ago, occupies a rather hot seat at the present moment.

Manager Harris has two topnotch first basemen of considerable note and equal ability, and the league rules allow him to use but one at a time. Hence Harris always has an excellent bit of baseball machinery and an important bat idle, no matter who holds down the initial sack for the Senators.

It is more than probable that Clark Griffith and Harris had in mind the trading of Joe Judge, for many years the Senators' first base star, when they dug down in the club's jeans and forked over $25,000 for George Sisler, the St. Louis star.

That was last December. Spring came and the season opened, but Judge still belonged to the Senators. If they wanted to trade him there was nothing in the air about it.

Judge, a surprise to many Washington followers, started the season at first for the Senators and Sisler decorated the bench. Joe opened the baseball campaign in wonderful form, smacking out four hits in four times up.

That start wasn't a flash in the pan. Joe kept up the good work in the games immediately following. It's a pretty sure shot that he is to be the first string guardian of first base for the Senators, at least for some time, unless he is injured.

That's fine; but what's to become of Sisler?

* * *

Griffith and Harris are too smart to pay $25,000 for a bench warmer. And, anyway, George Sisler hasn't any business being on the bench. Since his sinus trouble was corrected Sisler has played good ball. He was a great star before that, however.

There is only one way out of the hitch. Either Judge or Sisler must be traded or sold. And it is a cinch the Senators cannot drive a hard bargain in the matter.

On past performances, and especially on their 1927 records, Sisler would look to be the best player of the two. But Judge cannot be dropped at this stage—not the way he is playing ball. Washington fans seldom howl, but when they do——

Cleveland could use either boy handily and would undoubtedly grab the chance to get one of them, but there seems to be a line drawn in the American league against aiding the rejuvenated Indians. The American league learned its lesson when the Yanks were builded up from nothing to the supreme seat in the loop.

None of the other clubs seem anxious to land either of the Senators. Connie Mack bid for George, but now that Joe Hauser has returned the Athletics are not in the market.

It's one of the queerest situations an American league club has ever gotten into. However, the Senators may yet prove the wisdom of their buy. Should Judge suffer one of his perennial injuries the club has the finest substitute in the world to fall back upon.

Boxing Commission Seeks Explanation From Tex Rickard

Boxing Solons Want Rickard To Explain "Fixing" Of Officials

May Rule Madison Square Garden Off Turf For Brief Period

BY DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, April 26.—Either tomorrow or at the next regular meeting on Tuesday, Tex Rickard will be haled before the indignant state athletic commission and asked to explain the double bone, or compound fracture, committed by himself and Jack Dempsey in connection with the allegation that referees and judges could be appointed for important fights at the whim of the promoter. Rickard's bone consisted of putting an idea like that on paper; Dempsey's of introducing it as part of the evidence in the Jack Kearns suit.

The nature of Rickard's explanation was forecast by the excuse he offered in an interview today. He declared, in effect, that he merely was spoofing about the entire matter; that he realized Dempsey was prey to many misgivings in the early days of 1926 and that he took this means of re-assuring the then champion. Perish the thought, said he, and that he would seriously intimate for a moment that the state athletic commission could be pushed around to suit his convenience to say nothing of his desires.

Fails to Comment.

Just whether Chairman James A. Farley will care for this explanation was a matter of some doubt today. He declined to comment on the matter in any way but left the inference that any action that seemed necessary to his colleagues, William Muldoon and George E. Brower, would find him lining up behind the decision exactly 101 per cent, Fahrenheit.

Brower probably will turn up absent, as customary, but the betting is that Muldoon will not like the explanation. In fact, the last man who caught William liking anything swooned in astonishment, and thereafter had to be treated very tenderly and, I might add, very often.

The tip is that Farley will leave the disposal of the case strictly in Muldoon's hands, voting as he votes in the event that Mr. Brower makes a vote necessary by stepping out of character long enough to make an appearance at the meeting. Muldoon also is hiding out from interviewers in order to avoid committing himself in advance.

However, the word is that Rickard's Madison Square Garden club may be ruled off the turf for a period of two or three weeks or, to be more practical, two or three shows. The Sharkey-Delaney match on Monday hardly could be disturbed at this late hour and the May 4 date for Ted Morgan and Cannonball Martin already has been placed back on the calendar, while the night of May 11 has been especially set aside for the commission's own show, arranged for the benefit of a local hospital. These conditions make a proposed penalizing of Rickard rather difficult at this particular time, unless the boys care to go well into the future in order to toss out certain programs Rickard has arranged. One of these would be the Mandell-McLarnin lightweight championship and this fight was too hard to close in the first place to be kicked around recklessly now.

Yes, the boys really want to do something to Rickard. But will they do it?

"A good vocabulary is a business asset." Not for a banker. All he seems to need is the word "no".

Base Ball League Is Being Formed By College Boys

(Special To The News)

NEW WILMINGTON, Pa., April 26.—An inter-fraternity baseball league is in the process of organization at Westminster under direction of Jack Hulme, director of the gymnasium and varsity swimming coach.

To date two fraternities, Kappa Phi Lambda and Delta Phi Sigma have signed up with the league, and the other three men's organizations are expected to join within the next few days.

If present plans go through, a regular schedule of games will be played in league fashion and the winner determined on a percentage basis. Expenses of the league, for equipment and outfits, will be pooled among the fraternity groups.

Last year, while no official league was organized the various organizations had teams which played in a series of games, providing pleasant diversion for spring evenings.

Personalities In Sport

"BABE" RUTH

George Herman Ruth, New York Yankees' outfielder, was born at Baltimore, Md., on February 7, 1894.

Ruth played with providence and Baltimore in 1914, and was sold to the Boston Red Sox on July 8 of that year. The reported sale price was $2,900.

The Babe stuck with the Sox until 1919, when his new major league record of 29 home runs caused the New York Yankees to buy him for $125,000, a record price.

The next year Ruth broke his record by hitting 54 home runs, and again in 1921 set a new mark of 59. This latest record stood until the 1927 season when he hit 60 homers.

In his career in the majors Ruth has hit 417 home runs.

He bats and throws left handed, stands six feet two and weighs 210 pounds.

Sport Ritticisms

By BILL RITT

Andy Cohen, well known New York bat and ball artist, once hoped to carve his way to fame. He wanted to become a surgeon.

Mamma and Pop once yearned to see

But here of late
The papers state
Naught but the deeds of Cohen, 2 b.

However, picking the hot ones off the infield grass appealed to Andy a bit more than excavating tummies and separating a pair of back-firing tonsils from their unconscious owner.

It was a great day for germs when Andy parked his scalpel and test tube, picked up a piece of hickory and batted himself onto the New York Giants' roster.

Andrew decided to become a ball player when he read of Babe Ruth making $70,000 a year. It is a notorious fact that Mr. Ruth doesn't know the difference between a tonsilectomy and a fractured clavicle.

The first thing Andy did after hitting the National league was to operate on the pitchers' curves without the use of an anesthetic.

Chi-Cubs Turned Back By Grimes

Allows Them Only Six Hits And Pirates Win, 10 To 0

CHICAGO, April 26.—Burleigh Grimes mowed down the Cubs yesterday afternoon at Wrigley Field, allowing only six hits, and the Pirates won, 10 to 0. The Pirates used their willows freely against Root for seven hits, and after he departed in the seventh Weinert and Welch were treated likewise. The Pirates scored in the first, second, seventh and ninth.

Dempsey Victor In Damage Suit

Wild Mob Of Admirers Cheer Dempsey As He Leaves Courthouse

KEARNS ASSERTS HE WILL APPEAL

(International News Service)

NEW YORK, April 26.—Victorious in the $500,000 suit brought by Jack Kearns, his former manager, Jack Dempsey was the center of an impromptu celebration held outside the Federal courthouse on Park Row early today. The one-time king of the heavyweights, grinning from ear to ear, was surrounded and cheered to the echo by a milling mob of admirers who were waiting outside the building to learn the verdict.

"I never felt so relieved in my life," the Manassa Mauler said happily. "That certainly is a load off my mind."

Dempsey has been harried for years by Kearns' lawsuits. He had to take all kinds of precautions to prevent "Perfumery Jack" from attaching his purse for the Tunney fight in Philadelphia. Kearns had attached an expensive automobile owned by Dempsey and had worried Dempsey in countless other matters.

Find Claims Voided

The jury deliberated the case for about three and one-half hours. Jack originally sued Dempsey for $701,026.60 which he alleged Jack owed him under contract as his share of the fighter's earnings. An item of $166,666 was chipped off the suit Monday by Judge Knox.

The jury found that Kearns' claims were voided by the settlement which he made with Dempsey in Los Angeles in 1925. They decided that the Saratoga contract which the pair agreed to in 1923, the subject of the dispute, was legal but was abrogated by the later agreement.

Kearns announced he would appeal. He said also that a similar suit he has pending would be pressed in a Philadelphia court.

It is estimated that the long legal fight, which extended over a period of nearly two years, has cost Dempsey close to $100,000 and Kearns at least half that sum.

Who Will It Be—George Or Joe?

All Washington (Including Bucky Harris) Would Like To Know

Joe Judge left; George Sisler, right; Bucky Harris, below.

By BILL RITT
Staff Writer for Central Press and New Castle News

Bucky Harris, known to the trade as the boy manager of the Washington world champions several years ago, occupies a rather hot seat at the present moment.

Manager Harris has two topnotch first basemen of considerable note and equal ability, and the league rules allow him to use but one at a time. Hence Harris always has an excellent bit of baseball machinery and an important bat idle, no matter who holds down the initial sack for the Senators.

It is more than probable that Clark Griffith and Harris had in mind the trading of Joe Judge, for many years the Senators' first base star, when they dug down in the club's jeans and forked over $25,000 for George Sisler, the St. Louis star.

That was last December. Spring came and the season opened, but Judge still belonged to the Senators. If they wanted to trade him there was nothing in the air about it.

Judge, a surprise to many Washington followers, started the season at first for the Senators and Sisler decorated the bench. Joe opened the baseball campaign in wonderful form, smacking out four hits in four times up.

That start wasn't a flash in the pan. Joe kept up the good work in the games immediately following. It's a pretty sure shot that he is to be the first string guardian of first base for the Senators, at least for some time, unless he is injured.

That's fine; but what's to become of Sisler?

* * *

Griffith and Harris are too smart to pay $25,000 for a bench warmer. And, anyway, George Sisler hasn't any business being on the bench. Since his sinus trouble was corrected Sisler has played good ball. He was a great star before that, however.

There is only one way out of the hitch. Either Judge or Sisler must be traded or sold. And it is a cinch the Senators cannot drive a hard bargain in the matter.

On past performances, and especially on their 1927 records, Sisler would look to be the best player of the two. But Judge cannot be dropped at this stage—not the way he is playing ball. Washington fans seldom howl, but when they do—

Cleveland could use either boy handily and would undoubtedly grab the chance to get one of them, but there seems to be a line drawn in the American league against aiding the rejuvenated Indians. The American league learned its lesson when the Yanks were builded up from nothing to the supreme seat in the loop.

None of the other clubs seem anxious to land either of the Senators. Connie Mack bid for George, but now that Joe Hauser has returned the Athletics are not in the market.

It's one of the queerest situations an American league club has ever gotten into. However, the Senators may yet prove the wisdom of their buy. Should Judge suffer one of his perennial injuries, the club has the finest substitute in the world to fall back upon.

Boxing Commission Seeks Explanation From Tex Rickard

Boxing Solons Want Rickard To Explain "Fixing" Of Officials

May Rule Madison Square Garden Off Turf For Brief Period

BY DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, April 26.—Either tomorrow or at the next regular meeting on Tuesday, Tex Rickard will be haled before the indignant state athletic commission and asked to explain the double bone, or compound fracture, committed by himself and Jack Dempsey in connection with the allegation that referees and judges could be appointed for important fights at the whim of the promoter. Rickard's bone consisted of putting an idea like that on paper; Dempsey's of introducing it as part of the evidence in the Jack Kearns suit.

The nature of Rickard's explanation was forecast by the excuse he offered in an interview today. He declared, in effect, that he merely was spoofing about the entire matter; that he realized Dempsey was prey to many misgivings in the early days of 1926 and that he took this means of re-assuring the then champion. Perish the thought, said he, and that he would seriously intimate for a moment that the state athletic commission could be pushed around to suit his convenience to say nothing of his desires.

Fails to Comment.

Just whether Chairman James A. Farley will care for this explanation was a matter of some doubt today. He declined to comment on the matter in any way but left the inference that any action that seemed necessary to his colleagues, William Muldoon and George E. Brower, would find him lining up behind the decision exactly 101 per cent, Fahrenheit.

Brower probably will turn up absent, as customary, but the betting is that Muldoon will not like the explanation. In fact, the last man who caught William liking anything swooned in astonishment, and thereafter had to be treated very tenderly and, I might add, very often.

The tip is that Farley will leave the disposal of the case strictly in Muldoon's hands, voting as he votes in the event that Mr. Brower makes a vote necessary by stepping out of character long enough to make an appearance at the meeting. Muldoon also is hiding out from interviewers in order to avoid committing himself in advance.

However, the word is that Rickard's Madison Square Garden club may be ruled off the turf for a period of two or three weeks or, to be more practical, two or three shows. The Sharkey-Delaney match on Monday hardly could be disturbed at this late hour and the May 4 date for Tod Morgan and Cannonball Martin already has been placed back on the calendar, while the night of May 11 has been especially set aside for the commission's own show, arranged for the benefit of a local hospital. These conditions make a proposed penalizing of Rickard rather difficult at this particular time, unless the boys care to go well into the future in order to toss out certain programs Rickard has arranged. One of these would be the Mandell-McLarnin lightweight championship and this fight was too hard to close in the first place to be kicked around recklessly now.

Yes, the boys really want to do something to Rickard. But will they do it?

"A good vocabulary is a business asset." Not for a banker. All he seems to need is the word "no".

Wins Championship Of League By Winning From Johnson Bronze

ARRANGING FOR BOWLERS' BANQUET

Baltimore & Ohio captured the championship of the Industrial Duckpin league last night by winning from the Johnson Bronze.

The Shenango Pottery landed second place by defeating the Riecks and a third game on the alleys resulted in Shenango Pottery No. 2 winning from Grasselli Powder.

The B. & O. championship team is composed of Hockman, Dibbley, Robinson, Collingwood, Sewald, Gee and Thompson.

Arrangements for a banquet are to be made by a committee consisting of John McCoy, Selby, Donovan and Hockman. The banquet will be held at the Elks club in about two weeks.

Athletes Are Gathering For Penn Carnival

Every Train Into Philadelphia Carries Athletes To Annual Penn Relays

CHARLIE PADDOCK TO RACE SATURDAY

(International News Service)

PHILADELPHIA, April 26.—Every train today passing the West Philadelphia station left representatives of the 3,000 athletes who will compete in the 34th annual University of Pennsylvania relay carnival at Franklin Field tomorrow and Saturday. The real influx of athletes was tardy in starting. Donald Foote, Baltimore detective and Jack MacIntosh, Monthmouth college, entrants in the Decathlon Olympic tryouts, being the only arrivals yesterday.

The Decathlon events hold the spotlight of interest with, still some doubt whether Fait Elkins, national champion, will be able to compete. Thirty-one stars, including Whitey Lloyd, of Navy, Vernon Kennedy, Central Missouri State Teachers College, Virgil Elliott, Bethany College, Tom Churchill, Oklahoma, Dan Kinsey, Chicago and Barney Berlinger, Penn's sensational freshman, all outstanding among the all-around athletes of the country, will compete.

The entry list is the largest in the history of the carnival making it necessary for the program to run from 10 a. m. to 6 p. m. both days.

Charlie Paddock, Olympic sprint star, will arrive Saturday when he competes in a special 175-yard event. Folwell Scutt, of Penn, is one of the latest entrants in this event which has served to heighten the interest in the contest.

Three Prominent Schuylkill County Men Are Arrested

Republican County Chairman, State Senator And County Controller Held

(International News Service)

POTTSVILLE, Pa., April 26.—District Attorney C. A. Snyder of Schuylkill county has sworn out warrants for the arrest of Paul W. Houk, Republican county chairman and chairman of the workmen's compensation board, State Senator Robert D. Heaton and County Controller W. R. Adamson, charging them with violating election laws, it was made known here today.

It was alleged that last fall the defendants conspired to give money to William Morgan, Democratic candidate for county controller, in an effort to have him withdraw from the race, leaving Adamson without opposition.

Attorneys for the defendants claimed the charges were not legal. Defense counsel also charged that the issuance of the warrants was a conspiracy against Houck who defeated Snyder and his running mate, J. R. Hornung for nomination as national delegate in the primary election on Tuesday.

A hearing on the charges will be held tonight.

Ty Cobb will carry one regret with him when he steps out of his baseball uniform for the last time.

And he will enter one or two businesses.

"I am sorry that I accepted the management of the Detroit Tigers when I did," Ty now says.

"I had always said that I did not want to try my hand at the managerial game until my playing days were over. I wanted to center my efforts on the playing end as long as I felt that I was able to produce tiptop ball, and then try the other. I felt that I would be more effective as a manager after my playing days—when I did not have to carry both ends.

"As it was, I was thrust into the management of the Tigers.

"I have no reason to be ashamed of my showing there, but I am sure it did shorten my playing days.

"What will I do when I leave baseball?

"Well, I will have to do something. At my age I can't sit back and await death. There is one thing I must do. That is to protect the money I have made in baseball. I cannot start over again, you know.

"There are two games I like, and feel that I know.

"One is baseball, of course, and the other is the brokerage business.

"If I invest in baseball it will be in a minor league club, not in a major league club."

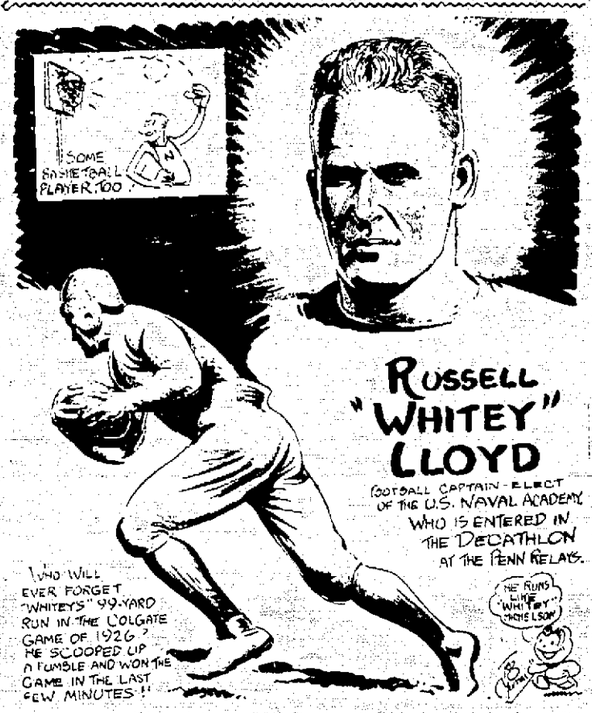
An All-Around Middy — By Feg Murray



"Whitey" Lloyd, who has thrilled thousands with his exploits on the gridiron and the basketball courts, will attempt to add a new chapter to his career next Friday and Saturday by competing in the decathlon test at the Penn Relays on Franklin Field, Philadelphia.

To star at football and basketball would seem enough for any one mortal—but no, "Whitey" must go out on the track, and instead of doing one event becomes proficient at ten of them. The decathlon consists of the 100-meters run, broad jump, 16-pound shot-put, high-jump, 400-meters run, 100-meters high hurdles, discus throw, pole-vault, javelin-throw, and 1500-meters run. So you see what "Whitey" is up against when he faces the field for the initial test on Friday.

Earl Thomson, present United States Naval Academy track and field coach, and holder of the world's record of 14 2-5 seconds in the 120-high hurdles, believes that Lloyd will give the other decathlon contenders some keen competition. Thomson has competed in the gruelling ten-event test himself, and knows what it is all about.

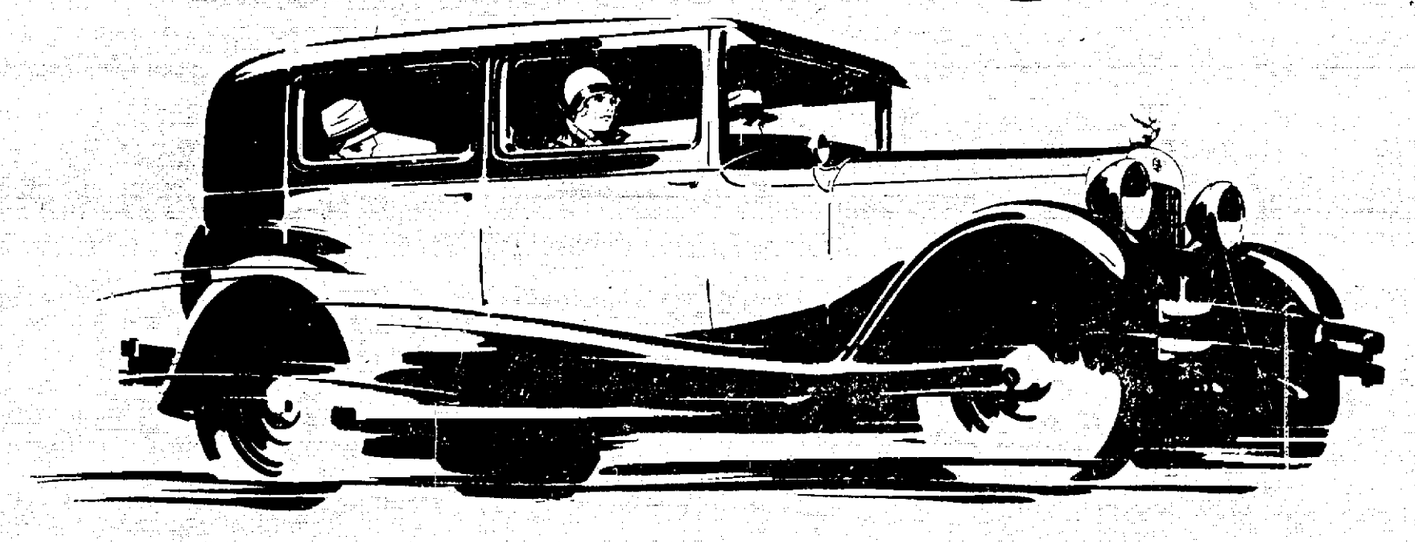
Football fans who saw the Navy-Michigan and Navy-Army games last year were shown plenty of Lloyd's gridiron capabilities, but it was in the Colgate game of 1926 that he outdid Frank Merriwell at his best. With Colgate leading and only a minute or so to play, "Whitey" grabbed a fumble on his one-yard line and ran ninety-nine yards to a glorious victory!

Feg Murray Says—

"The assault and the grand salute may well be said to go hand in hand." From "The Art of Fencing," by Senac.

And the Cuban Presidential Salute, given by a ball player to an umpire, often leads to an assault.

World's greatest Value and Outselling all sixes



THE world's largest sale of 6-cylinder cars became an Essex achievement solely because of merit.

All 6-cylinder sales records are swept aside in the enthusiastic reception everywhere accorded the New Essex Super-Six. Many communities report 100%, 200%, even 300% greater sales than for the corresponding period of last year, which was the former all-time Essex record.

The ideal transportation achieved in the Greatest Essex Super-Six was long foreshadowed in the series of individual superiorities by which Essex towered above the field. Its vivid brilliance of performance reveals in a single ride a smoothness and quiet, a road-skimming ease and soaring exhilaration that is actually like flying.

Greater in power, more versatile in all performance, large, roomier and more beautifully appointed, the New Essex Super-Six gloriously earns its richer reward in even greater popularity than its predecessor.

The exclusive, high-compression Super-Six motor that turns waste heat to power, develops the greatest power per cubic inch of piston displacement of any stock motor we know in the world.

In all ways the New Essex Super-Six is engineered to the lowest operation and maintenance costs. And increasing thousands of owners rolling up thousands of miles of service prove that these qualities which delight you on your first ride are just at lasting as they are brilliant.

Athletics Show Better Baseball

From Tail-End To Tie For Third Place Is Advance Made By Athletics

REDS AND CARDS PLAY LONG GAME

By LES CONKLIN
International News Service Staff Correspondent

NEW YORK, April 26.—Somebody has been feeding peanuts to those white elephants in Philadelphia again. A bad last in the American League race a week ago, the Athletics today are tied with St. Louis and Washington for third place.

Like the little gal in the nursery rhyme, Connie Mack's antiques are world beaters when they are good, but when they are bad they are terrible. Just now they are obeying the commands of Ringmaster Mack with amazing docility, having won their last four games after losing that many at the start. They have lost only one more game than the league-leading Yankees.

Grandpa Ty Cobb was the whole works for the A's again yesterday. His double was converted into a run that gave Lefty Grove a 3 to 2 decision over Morris, Red Sox recruit.

With Pipgras on the mound, the Yankees kayoed Firpo Marberry, slammed out 15 hits and plastered Washington, 12 to 4. The Yanks now have a clear title to first place, despite Cleveland's 7 to 3 victory over the St. Louis Browns.

Another Solo Dash

While the American League race is gradually resolving itself into another solo dash by New York, six clubs are in the thick of the National League fight. New York and Brooklyn, piling up victories at the expense of the weaker Boston and Philadelphia outfits, are forging ahead at present, while the four evenly matched western clubs are cutting each other's throats.

Pinch Hitter Henline's triple in the ninth against the Phillies, his former mates, resulted in a 3 to 2 triumph for Brooklyn. The Robins advanced to within a few points of the league-leading Giants, whose game with Boston was postponed because of wet grounds. The Giants have been rained or frozen out of playing six games.

Red Lucas outlasted three St. Louis pitchers as Cincinnati won from the Cardinals, 5 to 4. In 17 innings, the longest National League game of the season. Picinich's double decided the issue.

Burleigh Grimes of the Pirates whitewashed the Cubs, 10 to 0. Charley Root, Chicago's mound ace of last year, who has been a total bust this season, was knocked out of the box and Wilson and English made five errors between them.

Earl Whitehill's southpaw magic was too much for the White Sox, who lost to Detroit by a 3 to 2 score.

Farmers Ask State Police To Protect Flocks And Herds

Property To The Value Of $1,000 Stolen During Past Few Months

MERCER, Pa., April 26.—A demand to the state police officials to assign two members of the state police to Mercer county was made today by Mercer county farmers as a protest against the depredations that have been made against the flocks and herds of the farmers during the past few months.

It is reported by the county farm agent that during the past few months property of the farmers to the value of $1,000 has been stolen. The list of thefts include chickens, hogs, sheep and calves.

The farmers are highly indignant at the conditions and are determined not to take no from the state police but insist that they be given protection. It is said that the thieves come from Ohio and steal the animals and then take them to Ohio where they are disposed of and it is thought that the state police are the ones to cope with them.

Athletes Are Gathering For Penn Carnival

Every Train Into Philadelphia Carries Athletes To Annual Penn Relays

CHARLIE PADDOCK TO RACE SATURDAY

(International News Service)

PHILADELPHIA, April 26.—Every train today passing the West Philadelphia station left representatives of the 3,000 athletes who will compete in the 34th annual University of Pennsylvania relay carnival at Franklin Field tomorrow and Saturday. The real influx of athletes was tardy in starting. Donald Foote, Baltimore detective and Jack MacIntosh, Monthmouth college, entrants in the Decathlon Olympic tryouts, being the only arrivals yesterday.

The Decathlon events hold the spotlight of interest with still some doubt whether Fait Elkins, national champion, will be able to compete. Thirty-one stars, including Whitey Lloyd, of Navy, Vernon Kennedy, Central Missouri State Teachers College, Virgil Elliott, Bethany College, Tom Churchill, Oklahoma, Dan Kinsey, Chicago and Barney Berlinger, Penn's sensational freshman, all outstanding among the all-around athletes of the country, will compete.

The entry list is the largest in the history of the carnival making it necessary for the program to run from 10 a. m. to 6 p. m. both days.

Charlie Paddock, Olympic sprint star, will arrive Saturday when he competes in a special 175-yard event. Folwell Scutt, of Penn, is one of the latest entrants in this event which has served to heighten the interest in the contest.

Three Prominent Schuylkill County Men Are Arrested

Republican County Chairman, State Senator And County Controller Held

(International News Service)

POTTSVILLE, Pa., April 26.—District Attorney C. A. Snyder of Schuylkill county has sworn out warrants for the arrest of Paul W. Houk, Republican county chairman and chairman of the workmen's compensation board, State Senator Robert D. Heaton and County Controller W. R. Adamson, charging them with violating election laws, it was made known here today.

It was alleged that last fall the defendants conspired to give money to William Morgan, Democratic candidate for county controller, in an effort to have him withdraw from the race, leaving Adamson without opposition.

Attorneys for the defendants claimed the charges were not legal. Defense counsel also charged that the issuance of the warrants was a conspiracy against Houck who defeated Snyder and his running mate, J. R. Hornung for nomination as national delegate in the primary election on Tuesday.

A hearing on the charges will be held tonight.

Ty Cobb will carry one regret with him when he steps out of his baseball uniform for the last time.

And he will enter one or two businesses.

"I am sorry that I accepted the management of the Detroit Tigers when I did," Ty now says.

"I had always said that I did not want to try my hand at the managerial game until my playing days were over. I wanted to center my efforts on the playing end as long as I felt that I was able to produce tiptop ball, and then try the other. I felt that I would be more effective as a manager after my playing days—when I did not have to carry both ends.

"As it was, I was thrust into the management of the Tigers.

"I have no reason to be ashamed of my showing there, but I am sure it did shorten my playing days.

"What will I do when I leave baseball?

"Well, I will have to do something. At my age I can't sit back and await death. There is one thing I must do. That is to protect the money I have made in baseball. I cannot start over again, you know.

"There are two games I like, and feel that I know.

"One is baseball, of course, and the other is the brokerage business.

"If I invest in baseball it will be in a minor league club, not in a major league club."

Diamond Notes

The Robert's club of Sharon would like to schedule baseball games in New Castle and Lawrence county. The Robert's are a fast Class B team. For games write to Mike Manila, 477 Vine street, Sharon, Pa.

The Boro A. C. will stage a practice session tonight and Friday at the Boro grounds. The team is asked to meet for an important session at 8 o'clock on Friday night at the Boro school house. The following players are asked to report: H. Duncan, Sumner, Leckwent, Baker, Vincent, Kirkwood, Hiller, Gondi, K. Ovis, C. Duncan, G. Duncan, J. Shoaff Dunkerly, Walker and any others wishing to tryout for the team. On Saturday afternoon the Boro team will play the South Hill Cubs in a practice game. The game will be played at the South Hill field.

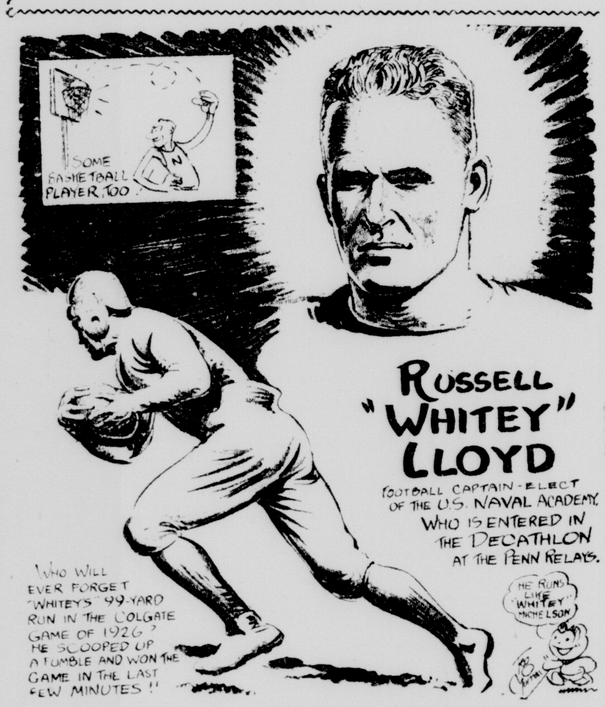
An All-Around Middy

By Feg Murray



"Whitey" Lloyd, who has thrilled thousands with his exploits on the gridiron and the basketball courts, will attempt to add a new chapter to his career next Friday and Saturday by competing in the decathlon test at the Penn Relays on Franklin Field, Philadelphia.

To star at football and basketball would seem enough for any one mortal—but no, "Whitey" must go out on the track, and instead of doing one event becomes proficient at ten of them. The decathlon consists of the 100-meters run, broad jump, 16-pound shot-put, high-jump, 400-meters run, 100-meters high hurdles, discus throw, pole-vault, javelin-throw, and 1500-meters run. So you see what "Whitey" is up against when he faces the field for the initial test on Friday.

Earl Thomson, present United States Naval Academy track and field coach and holder of the world's record of 14 2-5 seconds in the 120-high hurdles, believes that Lloyd will give the other decathlon contenders some keen competition. Thomson has competed in the gruelling ten-event test himself, and knows what it is all about.

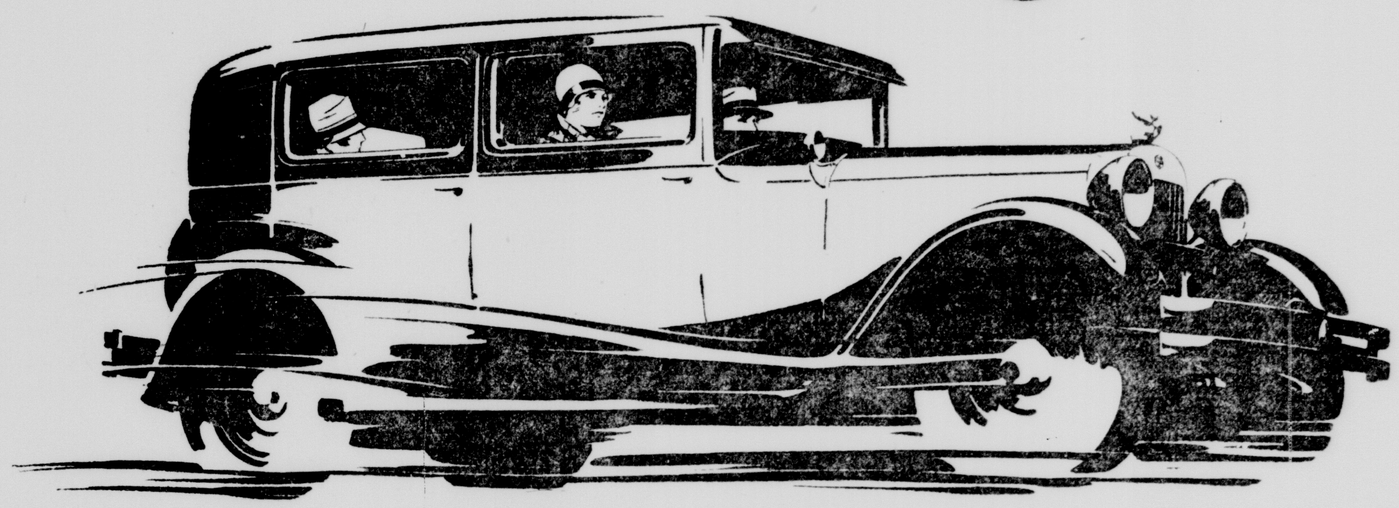
Football fans who saw the Navy-Michigan and Navy-Army games last year were shown plenty of Lloyd's gridiorn capabilities, but it was in the Colgate game of 1926 that he outdid Frank Merriwell at his best. With Colgate leading and only a minute or so to play, "Whitey" grabbed a fumble on his one-yard line and ran ninety-nine yards to a glorious victory!

Feg Murray Says—

"The assault and the grand salute may well be said to go hand in hand." From "The Art of Fencing," by Senac.

And the Cuban Presidential Salute, given by a ball player to an umpire, often leads to an assault.

World's greatest Value and Outselling all sixes



THE world's largest sale of 6-cylinder cars became an Essex achievement solely because of merit.

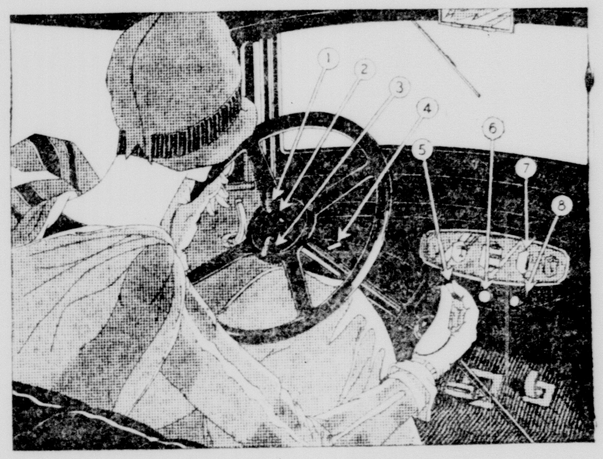
All 6-cylinder sales records are swept aside in the enthusiastic reception everywhere accorded the New Essex Super-Six. Many communities report 100%, 200%, even 300% greater sales than for the corresponding period of last year, which was the former all-time Essex record.

The ideal transportation achieved in the Greatest Essex Super-Six was long foreshadowed in the series of individual superiorities by which Essex towered above the field. Its vivid brilliance of performance reveals in a single ride a smoothness and quiet, a road-skimming ease and soaring exhilaration that is actually like flying.

Greater in power, more versatile in all performance, large, roomier and more beautifully appointed, the New Essex Super-Six gloriously earns its richer reward in even greater popularity than its predecessor.

The exclusive, high-compression Super-Six motor that turns waste heat to power, develops the greatest power per cubic inch of piston displacement of any stock motor we know in the world.

In all ways the New Essex Super-Six is engineered to the lowest operation and maintenance costs. And increasing thousands of owners rolling up thousands of miles of service prove that these qualities which delight you on your first ride are just at lasting as they are brilliant.



Simple, Compact and Convenient

1. Light control - 2. Horn button - 3. Throttle
4. Radiator shutter control - 5. Starter - 6. Electro-lock
7. Gasoline gauge - 8. Choke

The beautiful Essex instrument board is of ebony finish, grouping under indirect light, motometer, gasoline gauge, oil gauge, speedometer and ammeter. Restful seating position with convenience, and operation ease of all controls, insures easiest driving you ever know.

Athletics Show Better Baseball

From Tail-End To Tie For Third Place Is Advance Made By Athletics

REDS AND CARDS PLAY LONG GAME

By LES CONKLIN
International News Service Staff Correspondent

NEW YORK, April 26.—Somebody has been feeding peanuts to those white elephants in Philadelphia again. A bad last in the American League race a week ago, the Athletics today are tied with St. Louis and Washington for third place.

Like the little gal in the nursery rhyme, Connie Mack's antiques are world beaters when they are good, but when they are bad they are terrible. Just now they are obeying the commands of Ringmaster Mack with amazing docility, having won their last four games after losing that many at the start. They have lost only one more game than the league-leading Yankees.

Grandpa Ty Cobb was the whole works for the A's again yesterday. His double was converted into a run that gave Lefty Grove a 3 to 2 decision over Morris, Red Sox recruit.

With Pipgras on the mound, the Yankees kayoed Firpo Marberry, slammed out 15 hits and plastered Washington, 12 to 4. The Yanks now have a clear title to first place, despite Cleveland's 7 to 3 victory over the St. Louis Browns.

Another Solo Dash

While the American League race is gradually resolving itself into another solo dash by New York, six clubs are in the thick of the National League fight. New York and Brooklyn, piling up victories at the expense of the weaker Boston and Philadelphia outfits, are forging ahead at present, while the four evenly matched western clubs are cutting each other's throats.

Pinch Hitter Henline's triple in the ninth against the Phillies, his former mates, resulted in a 3 to 2 triumph for Brooklyn. The Robins advanced to within a few points of the league-leading Giants, whose game with Boston was postponed because of wet grounds. The Giants have been rained or frozen out of playing six games.

Red Lucas outlasted three St. Louis pitchers as Cincinnati won from the Cardinals, 5 to 4. In 17 innings, the longest National League game of the season. Picinich's double decided the issue.

Burleigh Grimes of the Pirates whitewashed the Cubs, 10 to 0. Charley Root, Chicago's mound ace of last year, who has been a total bust this season, was knocked out of the box and Wilson and English made five errors between them.

Earl Whitehill's southpaw magic was too much for the White Sox, who lost to Detroit by a 3 to 2 score.

What is a used car bargain? Is it a used car of uncertain age and mechanical condition, sold at a so-called "marked down" price? Or is it a good car, sold by a reliable dealer, for a price that he knows is fair? We know automobiles. That's our business! And we know what they're worth when we take them in trade on new Buicks. We always give our used car customers a square deal—both in the price and in the condition of the car. Our reputation is too valuable to risk by anything short of absolute fairness and honesty.

What is a used car bargain? Is it a used car of uncertain age and mechanical condition, sold at a so-called "marked down" price? Or is it a good car, sold by a reliable dealer, for a price that he knows is fair? We know automobiles. That's our business! And we know what they're worth when we take them in trade on new Buicks. We always give our used car customers a square deal—both in the price and in the condition of the car. Our reputation is too valuable to risk by anything short of absolute fairness and honesty.

N. Y. STOCKS

(International News Service)

NEW YORK, April 26.—The American railroad stocks were the center of speculative interest in the early trading in the stock market today.

Wabash, Lehigh Valley, Western Maryland, Pere Marquette and other "merger rails" moved upward 2 to 8 points in the first half-hour to accompaniment of reports that L. F. Loree, head of the Delaware and Hudson system and projector of the "fifth trunk line," had emerged victor in a skillfully fought battle with his opponents among the transportation heads.

Erie and Nickel Plate were strong favorites in the early trading, with prices up a point, and New York Central led a new advance in the investment rails. New York and Harlem was quoted at 485 bid and 510 asked, compared with yesterday's close at 475.

Atlantic Refining and the low priced Standard Oils led the petroleum stocks into a slightly higher level of prices. Call money was unchanged.

TO TEST IMPROVED PLANE ON BIRD-LIKE FLIGHT

George White, of Stony Brook, L. I., former army aviation instructor, and Hamilton Wright, Jr., of Oradell, N. J., have departed for St. Augustine, Fla., to make flight attempts with a motorless, wing-flapping, foot-propelled ornithopter on St. Augustine beach. White has been conducting experiments on bird-like flights for years. He is shown above in a plane in which he attempted flights in Florida last fall. His latest is said to have many improvements. Inset is a closeup of the experimenter.

Marathon Dancers Set New Record In Ballroom Dancing

Nine Couples Still Dancing In Pittsburgh Contest; Time 61 Hours, 54 Minutes

(International News Service)

PITTSBURGH, April 26.—Established records for ball room dancing tumbled here shortly before noon today when the nine couples of surviving contestants in the national dance marathon were still in the running 61 hours and 54 minutes after Mayor "Bossy" Gillis of Newburyport, Mass., started them off.

The couples, with scores of others, began their grind at 9 p. m., Monday.

Pitt Professor Makes Address

Senor F. A. DeVitis, social professor of modern languages in charge of Spanish at the University of Pittsburgh, delivered a most interesting illustrated lecture on Spain before the students of the Senior High school Thursday.

Senor DeVitis, who is very prominent in the Spanish world, used slides to make his talk more entertaining. He talked to the students about Spanish architecture and told them of the customs carried out by the Spanish people, as well as other interesting stories relative to his native land.

Postoffice Thug Is Apprehended In Altoona, Pa.

(International News Service)

ALTOONA, Pa., April 26.—An attempt to cash a money order at the Clearfield postoffice today resulted in the arrest of Homer J. Conway on charges of robbing the postoffice at Bigler, Clearfield county, March 29.

Conway was said to have admitted stealing money orders and cash from the postoffice when questioned by Inspector H. S. MacMinn of Altoona, who made the arrest.

Charge Young Girl Threw Newly Born Baby Into River

(International News Service)

SHARON, Pa., April 26.—Charged with having thrown a newly born baby girl into the Shenango river, where the body was found along the bank last week, Mary Gutta, 17, alleged mother of the child, and Anna Lucas, 30, her friend, were arrested here today. The hearing was set for tonight.

Although denying the drowning, Miss Gutta was said by police to have admitted giving birth to a baby several weeks ago. The child was born dead, she told authorities and she and Miss Lucas burned the body.

Internal Revenue Officer Is Held For Embezzlement

(International News Service)

ALTOONA, Pa., April 26.—Charged with embezzlement in connection with a check for $466 tendered him while serving as division chief of the internal revenue department, Altoona district, Harry C. Burger, 65, of East Freedom, was held in $1,000 bail today for federal court. The hearing was before United States Commissioner Walter R. Bartram.

Senate Hearings On Coal Strike Are About Over

"Almost Impossible To Enact Coal Legislation At This Session", Says Gooding

FEW OPERATORS YET TO BE HEARD

(International News Service)

WASHINGTON, April 25.—The end of the senate's coal investigation, now two months old, is in sight.

Senator Gooding, R., of Idaho, acting chairman, announced hearings would be concluded after hearing Pennsylvania operators who are called for next week.

A sub-committee then will begin to draft remedial coal legislation.

Coal Bill Impossible.

"It will be impossible, however," Gooding said, "to pass a coal bill at this session."

Testifying today, H. E. Willard, secretary of the United States Coal Company of Cleveland, Ohio, criticised the "dictatorial" policy of the United Mine Workers. John L. Lewis, president of the union, replied with a charge that operators have evicted thousands of miners and "they are now living in chicken coops."

"The policy of the United Mine Workers has been to instill in the minds of the rank and file of their organization that the operator was his worst enemy," Willard said.

"From 1902 until the present date our company has never had a year that our mines have not been closed in utter violation of the printed contract with this organization. Contracts entered into year by year with consumers have been interrupted by local strikes. This is not alone the experience of our company but the experience of all so far as I have been enabled to observe.

WALTER JOHNSON LEAVES HOSPITAL

(International News Service)

WASHINGTON, April 26.—Recovered from the effects of influenza, Walter Johnson was discharged from Emergency hospital today and left immediately for Newark where he will resume active management of the Bears of the International league.

Johnson was stricken ill in the south. He was confined to the hospital for three weeks.

His family accompanied him to Newark.

N. Y. STOCKS

(International News Service)

NEW YORK, April 26.—The American railroad stocks were the center of speculative interest in the early trading in the stock market today.

Wabash, Lehigh Valley, Western Maryland, Fere Marquette and other "merger rails" moved upward 2 to 8 points in the first half-hour to accompaniment of reports that L. F. Loree, head of the Delaware and Hudson system and projector of the "fifth trunk line," had emerged victor in a skilfully fought battle with his opponents among the transportation heads.

Erie and Nickel Plate were strong favorites in the early trading, with prices up a point, and New York Central led a new advance in the investment rails. New York and Harlem was quoted at 495 bid and 510 asked, compared with yesterday's close at 475.

Atlantic Refining and the low priced Standard Oils led the petroleum stocks into a slightly higher level of prices. Call money was unchanged.

TO TEST IMPROVED PLANE ON BIRD-LIKE FLIGHT

George White, of Stony Brook, L. I., former army aviation instructor, and Hamilton Wright, Jr., of Oradell, N. J., have departed for St. Augustine, Fla., to make flight attempts with a motorless, wing-flapping, foot-propelled ornithopter on St. Augustine beach. White has been conducting experiments on bird-like flights for years. He is shown above in a plane in which he attempted flights in Florida last fall. His latest is said to have many improvements. Inset is a closeup of the experimenter.

Marathon Dancers Set New Record In Ballroom Dancing

Nine Couples Still Dancing In Pittsburgh Contest; Time 61 Hours, 54 Minutes

(International News Service)

PITTSBURGH, April 26.—Established records for ball room dancing tumbled here shortly before noon today when the nine couples of surviving contestants in the national dance marathon were still in the running 61 hours and 54 minutes after Mayor "Bossy" Gillis of Newburyport, Mass., started them off.

The couples, with scores of others, began their grind at 9 p. m., Monday.

Pitt Professor Makes Address

Senor F. A. DeVitis, social professor of modern languages in charge of Spanish at the University of Pittsburgh, delivered a most interesting illustrated lecture on Spain before the students of the Senior High school Thursday.

Senor DeVitis, who is very prominent in the Spanish world, used slides to make his talk more entertaining. He talked to the students about Spanish architecture and told them of the customs carried out by the Spanish people, as well as other interesting stories relative to his native land.

Postoffice Thug Is Apprehended In Altoona, Pa.

(International News Service)

ALTOONA, Pa., April 26.—An attempt to cash a money order at the Clearfield postoffice today resulted in the arrest of Homer J. Conway on charges of robbing the postoffice at Bigler, Clearfield county, March 29.

Conway was said to have admitted stealing money orders and cash from the postoffice when questioned by Inspector H. S. MacMinn of Altoona, who made the arrest.

Charge Young Girl Threw Newly Born Baby Into River

(International News Service)

SHARON, Pa., April 26.—Charged with having thrown a newly born baby girl into the Shenango river, where the body was found along the bank last week, Mary Gutta, 17, alleged mother of the child, and Anna Lucas, 30, her friend, were arrested here today. The hearing was set for tonight.

Although denying the drowning, Miss Gutta was said by police to have admitted giving birth to a baby several weeks ago. The child was born dead, she told authorities and she and Miss Lucas burned the body.

Burger, 65, of East Freedom, was held in $1,000 bail today for federal court. The hearing was before United States Commissioner Walter R. Bartram.

Senate Hearings On Coal Strike Are About Over

"Almost Impossible To Enact Coal Legislation At This Session", Says Gooding

FEW OPERATORS YET TO BE HEARD

(International News Service)

WASHINGTON, April 25.—The end of the senate's coal investigation, now two months old, is in sight.

Senator Gooding, R., of Idaho, acting chairman, announced hearings would be concluded after hearing Pennsylvania operators who are called for next week.

A sub-committee then will begin to draft remedial coal legislation.

Coal Bill Impossible.

"It will be impossible, however," Gooding said, "to pass a coal bill at this session."

Testifying today, H. E. Willard, secretary of the United States Coal Company of Cleveland, Ohio, criticised the "dictatorial" policy of the United Mine Workers. John L. Lewis, president of the union, replied with a charge that operators have evicted thousands of miners and "they are now living in chicken coops."

"The policy of the United Mine Workers has been to instill in the minds of the rank and file of their organization that the operator was his worst enemy," Willard said.

"From 1902 until the present date our company has never had a year that our mines have not been closed in utter violation of the printed contract with this organization. Contracts entered into year by year with consumers have been interrupted by local strikes. This is not alone the experience of our company but the experience of all so far as I have been enabled to observe.

WASHINGTON, April 26.—Recovered from the effects of influenza, Walter Johnson was discharged from Emergency hospital today and left immediately for Newark where he will resume active management of the Bears of the International league.

Johnson was stricken ill in the south. He was confined to the hospital for three weeks.

His family accompanied him to Newark.

Perjury Charge Against Stewart Is Being Framed

Senate Public Lands Committee Thinks Stewart Subject To Perjury

DEFIED COMMITTEE IN BOND DEALING

(International News Service)

WASHINGTON, April 26.—The question of citing the senatorial testimony of Col. Robert W. Stewart, multimillionaire head of the Standard Oil of Indiana, to the federal district attorney here for a decision as to whether he shall be prosecuted for perjury, will be determined to day by the senate public land committee.

The question arose when Stewart came before the committee Tuesday and admitted receiving $759,500 of the Continental Trading company's $3,080,000 Liberty Bond "slush fund." On two previous appearances before the same committee, Stewart denied having anything to do with the distribution of Continental bonds, denied receiving any of them and denied handling any of them. He then defied the committee by refusing to tell what he knew about the Continental bonds.

On his recent appearance, Stewart said the bonds were turned over to him by Henry Smith Osler, president of the Continental. He said he "declined to accept them," although he carried them from New York to Chicago and there deposited them in a "trust fund" he created for that purpose. The bonds were thus held for six years in deep secrecy and only last week turned over to the Sinclair Crude Oil Purchasing company, in which Stewart's parent concern holds a half interest.

Titusville School Teacher Battle Is Heated Controversy

(International News Service)

TITUSVILLE, Pa., April 26.—Although refusing to rescind its action dropping 12 non-resident teachers as demanded by more than 800 citizens here, members of the school board indicated that Miss Alice Davidson, instructor for more than 50 years, will be retained.

Members of the faction opposing the board's action, headed by Rev. Dr. Samuel Semple, pastor of the Presbyterian church, asserted that they will continue their efforts to have several other teachers kept on the payroll.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Flags out in the streets, crowds of strangers around The Castleton, hand shaking, laughter, and that story about the traveling salesman. Reminiscences of the fifth hole at Oakmont, or the last time the Pirates won a ball game. Business men, professional men, old men and young men. All interested in the Rotary convention.

It's a wonderful organization is Rotary, Sinclair Lewis to the contrary notwithstanding. "He profits most who serves best" is the organization slogan, but it's a personal thing with most Rotarians.

Look them over, the Rotarians of any city and you will find that when a helping hand is needed, when workers are needed for a drive, when money is needed for civic enterprises, when it is necessary to find some one to do a piece of work that is hard and thankless and laborious, you'll usually find a Rotarian mixed up in it.

They are wonderful citizens, these Rotarians. A credit to any city, any state, any country. Their creed is not hard to understand. They believe in God, in home and in country and any man or any organization of men that has such a foundation for a club or for a life is not going to be far from the goal when the Referee waves him off the lot.

The early summer paving program of city council seems under way, and some of those mud streets that bogged you down in the winter will soon be boulevards.

These bowling competitions are beginning to assume the flavor of national events. The tin mill teams here stage inter-city matches each year with the Pittsburgh teams of the American Sheet & Tin Plate company and on Saturday afternoon the bowling team of the National Radiator company goes to Johnstown to play a championship match with the General Office team.

A monoplane flew over the city yesterday, causing some comment among the well known citizenry. Insofar as I know, it was a plane bearing automobile men who visited the Lawrence Automobile company here. It was an experiment in fast transportation for the auto officials.

The fact that it has been impossible to reach the German fliers on Greenely island, due to ice in the Straits of Belle Isle, bears out the statement of Pat J. Dempsey some time ago when it was announced that the Canadian steamer Montcalm was going to their rescue. Mr. Dempsey, who is a native of Newfoundland said that he believed it would be impossible at this time of year to get to them and this fact was borne out.

Ask Governor Small Appoint Senator To Represent Illinois

Governor Small Tells Association That Frank Smith Was Given Appointment

(International News Service)

CHICAGO, April 26.—In view of the senate's refusal to accept Frank L. Smith, Illinois will have to struggle along with only one United States senator until after the November elections.

This was the gist of a letter made public today, from Gov. Len Small to James D. Cunningham, president of the Illinois Manufacturers' Association.

The association, through its president, had asked Gov. Small to appoint someone to fill the vacancy from Illinois in the United States senate the governor's reply, in part, follows:

"When Senator Smith resigned to become a candidate in the April primary, I appointed him to fill this vacancy, which appointment holds good until a successor has been elected and qualified.

"Therefore, there is no vacancy in the office of United States senator from Illinois, and I understand that Senator Smith, is ready and willing to go to Washington and perform his duties as senator at any time."

Seek Improvement Of West Pittsburg Road By County

Commissioners of Lawrence county were in conference this morning with road supervisors and other representatives of the Taylor and North Beaver township districts, relative to the improvement of a road from Route 77 to West Pittsburg.

The representatives of the two districts to be benefitted by such an improvement, urged the need of the road and the benefit that it would be to that part of the county and also to the public in general.

It was not insisted that the improvement be made a once or at any specified time, but it was urged that the people in that district would appreciate it, if the commissioners found it possible to include this in their improvement program.

MEETS TONIGHT

The Bugle and Drum corps of troop 15 of the First Christian church will meet this evening for rehearsal at seven o'clock. All members are urged to be present and bring their instruments. This practice is very important as plans and final arrangements must be made for the coming monster parade for boys' week.

The troop meeting will follow immediately after the practice. It is expected that this meeting will start at the usual time, 7:30 o'clock.

KIWANIS TROOP

The meeting of troop 37 of the Kiwanis opened in the usual routine. The color ceremony was held. Tests were passed by Bud Gordon, Joe Wilson, Herb Shaw, James Sotus and Sydney Blackford.

The membership drive which was held by the troop proved a great success with nine new prospects at the meeting. This troop is planning on holding a bakesale in the grocery store of Sterling & Maxwell, 1926 Highland avenue, Saturday morning, April 28.

After all business of the troop had been discussed, the meeting was adjourned.

Scribe—Godfrey Moore.

Pittston Miners Stage Walkout As Difference Arises

(International News Service)

WILKES-BARRE, Pa., April 26.—After several months of industrial warfare and bloodshed had ended with a decision to return to their posts, 1,000 miners at the No. 6 colliery of the Pennsylvania Coal company reported today only to return to their homes because of new difficulties.

Union spokesmen declared that the company had refused to recognize Frank McGarry, head of local 1703, as check weighman of the miners. Company officials denied that they refused to allow McGarry to work in the position.

Perjury Charge Against Stewart Is Being Framed

Senate Public Lands Committee Thinks Stewart Subject To Perjury

DEFIED COMMITTEE IN BOND DEALING

(International News Service)

WASHINGTON, April 26.—The question of citing the senatorial testimony of Col. Robert W. Stewart, multimillionaire head of the Standard Oil of Indiana, to the federal district attorney here for a decision as to whether he shall be prosecuted for perjury, will be determined to day by the senate public land committee.

The question arose when Stewart came before the committee Tuesday and admitted receiving $759,500 of the Continental Trading company's $3,080,000 Liberty Bond "slush fund." On two previous appearances before the same committee, Stewart denied having anything to do with the distribution of Continental bonds, denied receiving any of them and denied handling any of them. He then defied the committee by refusing to tell what he knew about the Continental bonds.

On his recent appearance, Stewart said the bonds were turned over to him by Henry Smith Osler, president of the Continental. He said he "declined to accept them," although he carried them from New York to Chicago and there deposited them in a "trust fund" he created for that purpose. The bonds were thus held for six years in deep secrecy and only last week turned over to the Sinclair Crude Oil Purchasing company, in which Stewart's parent concern holds a half interest.

Titusville School Teacher Battle Is Heated Controversy

(International News Service)

TITUSVILLE, Pa., April 26. — Although refusing to rescind its action dropping 12 non-resident teachers as demanded by more than 800 citizens here, members of the school board indicated that Miss Alice Davidson, instructor for more than 50 years, will be retained.

Members of the faction opposing the board's action, headed by Rev. Dr. Samuel Semple, pastor of the Presbyterian church, asserted that they will continue their efforts to have several other teachers kept on the payroll.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Flags out in the streets, crowds of strangers around The Castleton, hand shaking, laughter, and that story about the traveling salesman. Reminiscences of the fifth hole at Oakmont, or the last time the Pirates won a ball game. Business men, professional men, old men and young men. All interested in the Rotary convention.

It's a wonderful organization is Rotary, Sinclair Lewis to the contrary notwithstanding. "He profits most who serves best" is the organization slogan, but it's a personal thing with most Rotarians.

Look them over, the Rotarians of any city and you will find that when a helping hand is needed, when workers are needed for a drive, when money is needed for civic enterprises, when it is necessary to find some one to do a piece of work that is hard and thankless and laborious, you'll usually find a Rotarian mixed up in it.

They are wonderful citizens, these Rotarians. A credit to any city, any state, any country. Their creed is not hard to understand. They believe in God, in home and in country and any man or any organization of men that has such a foundation for a club or for a life is not going to be far from the goal when the Referee waves him off the lot.

The early summer paving program of city council seems under way, and some of those mud streets that bogged you down in the winter will soon be boulevards.

These bowling competitions are beginning to assume the flavor of national events. The tin mill teams here stage inter-city matches each year with the Pittsburgh teams of the American Sheet & Tin Plate company and on Saturday afternoon the bowling team of the National Radiator company goes to Johnstown to play a championship match with the General Office team.

A monoplane flew over the city yesterday, causing some comment among the well known citizenry. Insofar as I know, it was a plane bearing automobile men who visited the Lawrence Automobile company here. It was an experiment in fast transportation for the auto officials.

The fact that it has been impossible to reach the German fliers on Greenely island, due to ice in the Straits of Belle Isle, bears out the statement of Pat J. Dempsey some time ago when it was announced that the Canadian steamer Montcalm was going to their rescue. Mr. Dempsey, who is a native of Newfoundland said that he believed it would be impossible at this time of year to get to them and this fact was borne out.

Ask Governor Small Appoint Senator To Represent Illinois

Governor Small Tells Association That Frank Smith Was Given Appointment

(International News Service)

CHICAGO, April 26.—In view of the senate's refusal to accept Frank L. Smith, Illinois will have to struggle along with only one United States senator until after the November elections.

This was the gist of a letter made public today, from Gov. Len Small to James D. Cunningham, president of the Illinois Manufacturers' Association.

The association, through its president, had asked Gov. Small to appoint someone to fill the vacancy from Illinois in the United States senate the governor's reply, in part, follows:

"When Senator Smith resigned to become a candidate in the April primary, I appointed him to fill this vacancy, which appointment holds good until a successor has been elected and qualified.

"Therefore, there is no vacancy in the office of United States senator from Illinois, and I understand that Senator Smith, is ready and willing to go to Washington and perform his duties as senator at any time."

YOU WILL HEAR

a wonderful speaker when you hear Judge Allen at the Cathedral, April 30, at 6:30.

Seek Improvement Of West Pittsburg Road By County

Commissioners of Lawrence county were in conference this morning with road supervisors and other representatives of the Taylor and North Beaver township districts, relative to the improvement of a road from Route 77 to West Pittsburg.

The representatives of the two districts to be benefitted by such an improvement, urged the need of the road and the benefit that it would be to that part of the county and also to the public in general.

It was not insisted that the improvement be made a once or at any specified time, but it was urged that the people in that district would appreciate it, if the commissioners found it possible to include this in their improvement program.
